A Water Spout.
Five or six miles west of town was visited by a water spout and destructive wind about six o'clock this morning which did great damage. Trees were blown down, and had their limbs twisted off, and all kinds of grain was laid flat on the ground. The water fell in sheets and covered the ground to the depth of several inches, and tore down the hills and gullies with a rush that carried great quantities of soil with it. The roar of the storm above the noise of the wind is said to have been frightful. So far as we have been able to learn no fatalities occurred.

EXCURSION TO WASHINGTON.

Attractions of the National Educational Association.
The meeting of the national education association at Washington, July 7 to 12, promises to be one of more than ordinary interest. The general meetings are to be divided and will offer a choice of program. The quality of the program of the general and the special meetings alike has never been surpassed. As to the city itself, it is a place every American should visit and study. As congress will probably be in session, there could be no more favorable time than while it is the center of the great preparations now in progress for the war with Spain. Even if congress should adjourn, there would remain the attraction of the work of the departments which will not relax during the continuance of the war. In addition to the many places of interest in Washington, arrangements have been made for railroad and boat excursions to all points of interest in the east center.
Parties going from Nebraska will take the most convenient route to Chicago, arriving there the morning of July 5. From there the party will go together on a special train over the Pennsylvania route, arriving in Washington the afternoon of July 6. Arrangements have been made for meals for the regular excursion party between Chicago and Washington at 50 cents each. Those not wishing meals can avail themselves of the lunch counters. Those desiring sleeping car arrangements should write the member of the committee of the initial route. Those who desire to join the party whether teachers or not should inform the committee in order to insure arrangements for their accommodation.
S. W. Crabtree, Lincoln, manager, Superintendent J. T. Morey, Kearney, U. P. system; Superintendent A. A. Reed, Crete, Burlington system; President W. H. Clemmons, Fremont, E. E. & M. V.; Superintendent Miles Marsh, Pawnee City, Rock Island system.

On the Death of Mrs. Grace Patterson.

In the morning of her usefulness; at the threshold of life's greatest and holiest mission, she was taken as "a flower that falleth away." Surely God's ways are not our ways, and we humbly bow in the presence of His all-wise providence, knowing that He cannot err. But with eyes blinded with tears we see only the desolate heart-ache, broken hearted husband and son, and grief-stricken friends.
To us her life here was so beautiful and loving; it was like the lily whose fragrance blessed those who inhale its perfume; so holy in its influence; so tender, delicate and pure, that even the angels envied her for their own. And could we ask for her to exchange for this life of sorrow and pain; the joys of honor at life, which are just unfolding to her vision? Surely not. But rather let us gaze up the broken bread in the beam, in the church, the bible class, P. E. O. society, the Womans Club, were by her child-like simplicity and grace of manner, she won all hearts, and with them was a guardian of love and precious memory.

Garfield Park.

The NEWS is informed that people are ruining the park trees and walks by turning cows and horses into it. It is a shameful waste of money to fix up a park and then allow its use as a cow pasture. The chief of police should make some arrests and put a stop at once to the destruction of city property.

Strayed or Stolen.

Monday night the bay horse with white star in forehead belonging to Louis Olson was either stolen from his premises in the Third ward, or else strayed away. Any information leading to the recovery of the horse will be gladly received at the NEWS office, or corner of Fourth and Main streets.

SPAIN HASN'T HAD ENOUGH.

The War Must Go On—Sanctiago has not yet Surrendered—More Victories.

Two more ships are expected today from Sanctiago with seriously wounded soldiers on board.

Had hoped to be up this morning, but as everything is quiet I will remain still. General Wheeler is feeble, but remains with his command. General Young leaves for Key West today. General Hawkins slightly wounded in foot. All others well."
Death of Mrs. Chapman Wright.
Mrs. Chapman Wright entered into rest last evening at 8:45 o'clock, after a lingering illness. The courage and fortitude displayed by her in her severe illness was a beautiful example of Christian living. Her long residence in Plattsmouth has endeared her to many friends who ministered to her, and attended her in her last moments.
Mrs. Wright was born in Huron county, New York, August 31, 1818, and has resided in this city since 1867. Funeral will take place from her late residence Friday at two o'clock. Friends may call on Thursday from ten a. m. until six p. m., after which time the casket will not be opened.
