

TRIBUTE TO THE DEAD.

A. O. U. W. and D. of H. Lodges Decorate the Graves.

Rev. Homer McKay speaks tender words in memory of the comrades who are dead.

The members of the A. O. U. W. and D. of H. lodges observed floral day yesterday in a fitting manner.

Rev. Homer McKay was the speaker of the day, and his discourse at the cemetery in memory of the dead comrades who were resting peacefully beneath them, was very touching and appropriate to the occasion.

The lodges paid loving tribute to the memory of the dead by strewing the graves with beautiful flowers and other tokens of esteem.

The Turner quartet was composed of Messrs. Fred Ebling, Nick Lehndorf, Joe Draucker, Al Jahring, Henry Sitzman, Henry Zimmer, Joe Dreege and Jack Koch.

A Serious Runaway.

About 2:30 o'clock this afternoon Mrs. Fred Spangler was driving along Third, near Pearl street, on her way to town, when the horse became frightened at some object and started out at a lively rate toward Main street.

The buggy was badly demolished, and portions of it were scattered all the way up Main street. The horse, after feeling itself for quite a distance before it was finally captured.

Salien Chautauqua.

The most elaborate chautauqua program—for the Salien chautauqua, August 5 to 13, inclusive, 1899—over published in the west is ready for distribution. Write for one. It contains such fine attractions as Gen. John B. Gordon of Georgia; Dr. Robert McHenry, of Chicago; Col. George W. Bain, of Kentucky; Dr. James Hedy, of Ohio; Prof. F. R. Robinson, of New York; Chas. T. Griffin, of Massachusetts; Dr. E. L. Eaton, of Iowa; Dr. J. W. Hancher, of New York, etc.

The celebrated Apollo Male quartette, of Columbus, O., is engaged for the entire season; Knoll and McNeil, of Erie, Pa., the world renowned concertists, will be present three days, and the Edison Projectoscope Co., of New York, showing the American War-Graph, the only genuine Edison moving pictures, illustrated songs, picture plays, etc., will give three full evening entertainments. This is the first time the original, genuine Edison apparatus has been in this territory and is without doubt the grandest entertainment ever attempted by a western assembly.

This is the assembly that is better every year, does all it advertises—and more, and has the finest grounds in the west. Don't fail to see the complete program, and arrange to attend the whole session if possible. A postal card addressed to O. W. Davis, Mgr., Salem, Neb., will bring you a program by return mail.

THE DE MOSS FAMILY QUARTET.

"Lyric Harps of America." Singers, Instrumentalists, Poets, Composers.

More than forty musical instruments used at each concert: Two violins, viola, violinello, double-bass viol, piccolo violin, two mandolins, guitar, concert autoharp, four ocarinas, two banjos, banjojira, piccolo banjo, glockenspiel, yodelin, four sets bells, four xylophones, organ, two flutes, flute, two cornets, cornet slide trombone, tenor horn, bass horn, snare drum and bass drum.

The Greater America Exposition.

Which will open at Omaha, Neb., July 1 and close November 1, 1899, will be the most unique, as well as the most successful exposition, that has ever been held in the United States. The opportunity for special features which recent conquests have given the management, will be utilized to the fullest extent.

An exhibit that will especially appeal to the people in general, will be the colonial exhibits from the Philippines, from Cuba and from Hawaii. Not only the representative people from these islands will be at the exposition, but they will be placed before you in their own habitations, just such as they live in in their own countries, surrounded by tropical plants and trees, such as you would find were you to visit these faraway islands. Even more excellent musical talent has been secured than last year, among them being London's best band.

Children's Day Exercises.

The children's day exercises at the Presbyterian church yesterday were very largely attended. Prof. George Farley had charge of the program, which consisted of class songs, recitations and a solo by Carl Tucker. The church was beautifully decorated with flags and flowers.

At the Methodist church the program was in charge of Cliff Wescott and was somewhat similar to that at the Presbyterian church—class songs and recitations—while a great display of flags and flowers were also in evidence.

Will They Acquit?

The committee to whom the matter of the impeachment charges against Attorney John C. Watson were referred, and who took testimony regarding the same, will meet next Friday to render their decision, that is if the stenographer has his notes all transcribed by that time. It is said that the committee has about decided to refuse to consider those parts of the charges, where criminal proceedings are pending in the county court, and if they do that, it is reported that they will report that they did not find evidence enough to sustain the charges, and ask for their dismissal.

A Boy Mangled.

Every day there comes the news of some person being maimed or killed by jumping off and on the cars, where they have no business, while they are in motion.

At Dunbar yesterday afternoon, while an extra B. & M. freight crew were switching some cars, a young man about seventeen years of age, by the name of Clarence Smith, jumped onto one of the stock cars as it was being switched, and as it passed by the cattle chute he was knocked off and fell outside of the rails, but one of the box-car's oil boxes caught him and rolled him over several times. One leg was badly mangled and he was crushed about the hips. Everything was done that was possible for the boy, but it is not thought possible to save his life, and if it is done the chances are that he will be a cripple for life.

The boy had no business about the train, and the train men complain that they have trouble at every station along the line with boys who jump off and on the moving cars, and when they put them off both the boys and their parents want to fight. At Palmyra a few nights since a brakeman came near being killed for putting a boy off of the cars that he was switching, for the lad threw a rock which narrowly missed his head, while he was from a severe shaking up. Mrs. Spangler was none the worse for her experience.

Rev. Johnson of Omaha yesterday afternoon performed the ceremony which united in marriage the lives of Ned Baker and Miss Anna Alexander, colored, at Mt. Zion church. The church was crowded with friends of the contracting parties, who had been invited to attend.

Whio the couple are rather well advanced in age—Mr. Baker being sixty-six and the bride fifty years old—the event was none the less a happy one. One of the features of the affair occurred after the words of the ceremony had been spoken, when Ned, with a benevolent smile illuminating his countenance, impressed a kiss upon the lips of the blushing bride and remarked: "Now, I've got one!"

Captured the Boat.

Lorenzo Curtis, who resides a few miles northeast of here near the river, had a half-mile swim for his life yesterday afternoon and won by very little margin. He wanted to go to Nebraska City, and devised a plan which he considered very convenient and economical. He constructed a small "raft" by spiking a low log together, and jumping aboard he opened the throttle and away it sailed. When opposite Henry Pell's place the raft ran into a large drift and went under, and as Mr. Curtis was the whole crew himself, he did not wait for orders, but jumped to escape the drift. He had to swim a half mile to find a landing, and was fortunate in being an expert swimmer, otherwise he would have been drowned. His coat, with several dollars in silver in a pocket, his hat and some other articles went down with the wreck.—Union Ledger.

Marriage of L. A. Moore.

The many friends of Llewellyn A. Moore in this city will be pleased to hear of his marriage, which occurred at Bastrop, Tex., on June 7, to Mrs. Emma Olive Hopping. They will reside in this city, and will arrive from Texas on June 15. Mr. Moore has been a resident of Plattsmouth for many years, and in that time has made a large circle of friends. The news joins with his friends in wishing Mr. and Mrs. Moore an abundance of happiness and prosperity in the journey together through life.

Steamer Doomed.

COVERACK, Cornwall, June 12.—The American line steamer Paris, which ran on the rocks off the Manacles May 21, is now known to be doomed. A southeast wind is blowing, bringing in heavy seas, which are driving the steamer stern landward. Its boilers have shifted, its false bottoms are gone and the divers are unable to work. The officers of the steamer leave it today. With the exception of about a dozen men who remain with the captain and three officers, all the crew of the Paris have left it. On the arrival of the last batch of the crew at Portsmouth, to be paid off, a fracas occurred with the agents or underwriters. The agents refused to pay the men's fares home, which the sailors strongly resented, as they stood by the ship until nearly the end. There is now nearly thirty feet of water in the hold of the Paris.

Ten Killed by Tornado.

MADRID, June 12.—A tornado yesterday swept over San Pedro and Alars, in the province of Valladolid. About 150 houses were destroyed and there was great loss of life.

OTIS TELLS OF BATTLE

Four of the American Forces Killed and Thirty Wounded.

COLORADOANS LEAD IN THE FIGHT

Men Fight Stripped to the Waist and Without Food—Filipino Loss Estimated to Be Upward of Four Hundred—Troops Suffer from the Intense Heat.

MANILA, P. I., June 12.—(By Carrier Pigeon from the Front.)—The American troops entered Las Pinas at 6:15 this morning, unopposed, but found the town fully occupied.

The army slept last night one mile south of Las Pinas, enduring a steady downpour of rain, without having any shelter.

A native priest here said that the insurgent force, under Noel, 2,000 strong, left the place last night for Bacor, retreating along the beach left uncovered by the American line.

The march yesterday was a most fearful experience on account of the tremendous heat. The troops marched steadily from 5 in the morning until 12:30. They had an hour's rest was taken and the march was unopposed until the Las Pinas river was reached at 4 o'clock.

Troop I of the Fourth cavalry was leading with Lawton's and Wheaton's staffs. Suddenly a hot fire was directed by insurgents on the approaching Americans. The Colorado regiment hurried up on the skirmish line, immediately engaging the enemy.

While this action was going on a long skirmish line of the enemy appeared on the Americans' left flank and began a heavy fire.

A battalion of the Ninth infantry, with two guns of the artillery, deployed and advanced on the fighting enemy, silencing them speedily. They lost two men wounded in the charge through the long grass.

The foe withdrew to the lake, but still remain in a position to harass the Americans and their communications. It is probable that this force, anticipating being surrounded by the American forces, withdrew from the trap and marched rapidly to the left of the American advance.

The American losses in General Wheaton's brigade during the day were nineteen wounded. Nineteen insurgent bodies were found, but it is believed that the enemy's loss was somewhat greater, as the field was not thoroughly searched.

General Owenshine's brigade lost one man killed and five wounded. Owenshine met the Filipinos to the right of Wheaton's brigade and later followed Wheaton's brigade in its march.

The navy co-operated by shelling the beach. WASHINGTON, June 12.—The war department today received a report from Major-General Otis of the military movement yesterday to the south of Manila for the purpose of clearing out the rebels in that section. It shows that the movement was a great success, and that the enemy's loss was considerably greater than stated in the press dispatches.

MANILA, June 11, 1899.—The terrific heat yesterday did not permit the troops to reach the positions at the hours designated. This enabled a majority of the insurgents to escape in scattered organizations south and westward, which they effected during the evening and night. The movement was a great success, however. The enemy was disorganized and routed, suffering heavy loss. The troops are resting today at Las Pinas and Paranaque. The navy did excellent execution along the shore of the bay, but many insurgent detachments retired in that direction, protected by the presence of women and children, whom they drove along with them. Our loss, four killed and some thirty wounded. Report of the casualties later. A conservative estimate of the enemy's loss is about 400.

Admiral Dewey at Singapore.

SINGAPORE, June 12.—(New York World Cablegram.)—Admiral Dewey had called he would arrive this (Monday) morning. So Governor Mitchell and other British officials and Consul Pratt arranged a reception accordingly, but the admiral surprised the colony's Sunday sista by arriving at 3 p. m. yesterday.

Governor Mitchell, at the time was absent from the government house and there was momentary consternation there. His aide-de-camp and captain of the port with Mr. Pratt hurried to the pier. As the Olympia had three or four days here, the admiral expressed a desire to remain quietly on board the Olympia during Sunday. This morning the admiral came ashore and was escorted by a company of the King's Own on an official visit to the government house, which visit the governor general will return at 3 o'clock this afternoon. A big crowd saw the admiral cheer him lustily, regarding him as an Anglo-American celebration. The Olympia had a fine voyage from Hong Kong and the admiral is looking well.

Labor in Sweden.

Stockholm Cor. Chicago Record: At a meeting just held in Stockholm the contractors of this city have bound themselves to the following regulations: A day's work shall consist of 10 hours, and the following scale shall be paid: Masons and bricklayers, 16.6 cents an hour; carpenters, 13 cents an hour; helpers, 12 cents; hodcarriers, 10.2 cents. This rate of pay is to be increased 50 per cent for the first four hours of overtime, and doubled for work at night, Sundays and holidays. The contractors have also agreed to discharge and hire men without consulting unions, yet no man is to be discharged for belonging to a union. The employers have also agreed to establish a fund to indemnify the men in case of accident and to assist in their burial in case of death. The employers agree to give the men financial assistance for 150 days at the most for injury sustained in service.

A very enjoyable dance was held Saturday evening at the Sokol hall. About twenty-six couples participated.

CITY AND COUNTY.

George Snyles was in town today from Cedar Creek.

Miss Minnie Sharp of Omaha is in the city the guest of her sister, Mrs. Shryock.

The McConkey estate south of town was sold at referees' sale this afternoon. I. Pearlman purchasing it for \$1,000.

The hat market was quite lively today as a result of the prize fight, a number having been wagered on the outcome.

Misses Louise and Anna Gardner departed this morning for Kansas City and Topeka, where they will visit friends several days.

W. W. Coates today purchased the three lots west of the Drummood property, which he recently purchased. He will put it all into one yard, making one-half of a block.

Dave Rice was a passenger this morning for Omaha. Mr. Rice has been having trouble with one of his eyes for some time, and went up to have a consultation with an eye specialist.

Henry Zimmer and John Kropp got pretty reckless with their money yesterday and wagered 1 cent each on the Fitzsimmons-Jeffries fight. A. E. Broady was the stake-holder and he "went south" with the whole amount.

The home of Mr. and Mrs. S. A. Davis was the scene of a very pleasant party this afternoon. Today was Mrs. Winslow's seventy-fifth birthday and a number of friends were invited to assist in celebrating it. The house was beautifully decorated and a most enjoyable afternoon was spent.

Wine Graves and John Green were arrested and landed in jail last night for being drunk. In police court this morning Judge Archer fined Graves \$5 and costs and Green \$1 and costs. They will lay it out. Jim Stewart was run in this afternoon for the same cause.

Charles Johnson came down from Schuyler today to investigate the work of the robbers who broke into his house a few nights ago. He states that he could not find that anything had been taken except his little daughter's bank, which contained \$4 or \$5. Mr. Johnson is of the opinion that the robbery is the work of children.

Mrs. M. Howland is expected to arrive from Chicago tomorrow. She has just completed a successful course in an art institute at that place.

Messrs. T. T. Everett, Al Suley and John McKay, prominent citizens from Weeping Water precinct, were transacting business at the court house today.

AFTERMATH OF THE BIG FIGHT.

Fallen Champion Makes No Excuses—May Ask for Another Go.

NEW YORK, June 12.—George Siler, who refereed the Jeffries-Fitzsimmons fight, said in an interview: "It was a nice, clean, straightforward fight, with no attempt on either side to foul. Both men seemed to do their best to avoid any violations of the rules. Of course, when big men like these get tired there is more or less clinching. In my opinion Jeffries had a shade the best of it for the last seven rounds. Jeffries is unquestionably a young man of remarkable strength. It was a good fight from start to finish and the best man won."

Ex-Champion Robert Fitzsimmons declined to comment on the fight.

"I fully expected to win, but I didn't. Jeffries won because he was the better man. I could not believe that he had improved so much. He is young, strong, quick and clever. I have no excuse to make on the score of condition and over-confidence. I was in perfect trim—better, really, than I ever was before, and fought the best of the fight. I fully expected to win. I did not hold my man cheap. That is something I was never guilty of. Jeffries is now the champion of the world beyond question and is entitled to all the praise that may be showered upon him. For one I will not molest him for the present. Of course, I may challenge him, but it will be all so sudden that I have not had time to decide just what I will do. It is not improbable that I will ask him for another chance."

Jim Corbett said: "It proved just as I predicted. The fight was never for a moment in doubt so far as I was concerned. I knew what I could do when I entered the ring and I grew more confident every moment. I believe I am the best man in the world and I am willing to defend the title."

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Miss S. M. Idol, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.
