

# ROBT. INGERSOLL DEAD

The Greatest of All Agnostics Summoned Suddently.

## IS CARRIED OFF BY APOPLEXY

Death Comes to Him at His Summer Home, With Wife and Two Daughters Present—Brief Biographical Sketch of a Man Who was Known From One End of the Country to the Other.

NEW YORK, July 22.—Robert G. Ingersoll died at his home in Dobbs Ferry, N. Y., yesterday afternoon of apoplexy.

Mr. Ingersoll went to his summer home in Dobbs Ferry two days ago, apparently in good health. Shortly after his arrival there he complained of slight indisposition.

He spent yesterday morning in his room, and shortly before he was struck his wife offered to have his trunk sent up to him so that he would not have to walk down stairs to the dining room below. He laughingly replied that while he did not feel quite as young as he used to be, he guessed he was not yet an invalid and he would go down with the others.

As he finished speaking and was about to rise he fell back into his chair. A physician was immediately summoned, but when he reached the house he found that Mr. Ingersoll had died almost instantly. The physician did not give the cause of death, but the family believe it was due to apoplexy.

Mr. Ingersoll's wife and two daughters were with him when he died.

Colonel Robert G. Ingersoll, generally conceded to be the greatest of all agnostics, was the son of a Presbyterian minister of the abolition sect, and by many at least his views on the bible are thought to be the revision of feeling due to the severity of religious discipline in his boyhood days.

He was a youth of tender years when his father was installed as pastor of a church at Ashabuta, O., in 1841. Here he spent several years, removing to Madison, O., and later to Illinois.

It is somewhat strange that his first fame as an orator should have been won at a Sunday school picnic in Illinois, where he was put in as a make-shift on account of the speakers who had been expected failing to appear.

Later he studied law and was admitted to the bar. He served in an Illinois regiment during the war, where he earned the title of colonel. He also served in congress from Illinois. He first sprang into national fame as an orator by his speech nominating Blaine for the presidency in the Cincinnati convention, where he portrayed him as a plumed knight in the political arena, ready to meet and vanquish any aspiring opponents.

Long before this every man, woman and child in Peoria, Ill., his home, was familiar with his powers as an orator, and with his keen wit. Thomas Cratty, the very opposite of Ingersoll in personal appearance—small, wrinkled-faced and sour-looking—was his rival. When it was known that these two were to try a lawsuit it mattered not what the case, the court room was sure to be crowded. There was certain to be clashing of wit, logic and eloquence such as is worth any man's while to listen to.

Later, when he became more of a national figure, he removed to New York, where by lecturing and in the practice of his profession he earned large sums of money, though by no means all of it was spent in the spending of money he accumulated little in proportion to his opportunities.

Personally, he was a most genial man and in his family, as with others, he was liberal to the point of extravagance. Every man, woman and child in Peoria knew him and his kindly heart and purse were always open to the cry of distress. Whatever else in his creed there may have been, he could not help but admire these traits of his character.

## SILVER LEADERS IN SESSION.

But Just What Was Done Was Not Made Public.

CHICAGO, July 22.—While the members of the national committee were enjoying a view of the drainage canal yesterday the silver leaders were in conference at the auditorium annex. Those present were John P. Algood, George Fred Williams, John P. Terlin, president of the League of Bimetallists of the Ohio valley; George A. J. Warner, president of the national bimetallist union; C. A. Shively of Indiana and Morston Frewen, the English bimetallist. Those who participated in the conference said that it had no political character whatever and that they were at the annex simply as guests of Morston Frewen at a luncheon.

## ARRIVAL OF SICK SOLDIERS.

The Transport Indiana Comes Into Port With 375.

SAN FRANCISCO, July 22.—The United States transport Indiana arrived yesterday from Manila, the journey occupying thirty-two days. The vessel was sent to quarantine. The Indiana has 368 sick soldiers on board and a number of Red Cross nurses. The sick soldiers were taken from the various regiments and a great many of them are suffering from wounds received in battle. After the work of examining the vessel has been finished by the quarantine officers the sick soldiers will be removed to the newly finished hospital at the Presidio.

## Defaulter to Klondike.

CHICAGO, July 22.—A special to the Record from Vancouver, B. C., says: "The alleged defaulter Moore, who is wanted on the charge of embezzlement of \$50,000 from the Bank of Commerce of Boston, slipped away on a boat to the Klondike just as Detective McMurtry thought he had him."

## Earthquake at Los Angeles.

LOS ANGELES, Cal., July 22.—Two sharp earthquake shocks were felt in the southern part of the state at 4:34 p. m. today. The first shock lasted several seconds and was most severe. The vibrations were from east to west. No damage worth mentioning was experienced.

## WHEN ADMIRAL DEWEY ARRIVES.

Then It is Proposed to Give Him a Grand Reception at Washington.

WASHINGTON, July 22.—Admiral Dewey, having cabinet approval of the plans for his reception at the national capital, the committee in charge are free to proceed at once with the necessary preparations. Some time ago the District commissioners appointed a committee of 200 to take official cognizance of the admiral's return to the national capital, which committee organized and subdivided. The executive committee sketched a program, which was approved by President McKinley, Secretary Long and the committee of 100.

The program provides for an escort from New York to Washington. Probably on the afternoon of his arrival the admiral will be conducted to the east front of the capital, where Secretary Long will present the sword of honor which was voted by congress. A magnificent platform, suitably decorated, will be erected for the accommodation of the president, his cabinet, the members of the diplomatic corps and other distinguished personages.

In the evening there will be a military, naval and civic parade, in which every organized body in the District of Columbia is expected to participate. The feature is to be of the torchlight variety, to be led and accompanied by general illumination, the most elaborate efforts being along the line of march. The parade will be reviewed by the president, Admiral Dewey and many of the prominent naval officials. Following the parade will be band concerts in various sections of the city.

Admiral Dewey has been communicated with as to the reception and presentation of the sword of honor, and by a telegram the letter was called. A synopsis of the letter was called, and in reply thereto the following message has been received through the secretary of the navy:

"Proposed arrangements reception and presentation Washington approved by president and secretary are entirely agreeable to me. DEWEY."

## NO SLUMP IN TRADE.

Dunn & Co. Detect No Slump in the Commercial Market.

NEW YORK, July 22.—R. G. Dunn & Co., in their weekly review of trade, say:

Optimism is always popular, but more than half that time dangerous. Seven years of halting reaction historically follow three of rapid progress. But three of progress have not yet passed, and the most cautious search discloses no sign of halting. Foreign inactivity may have been, but seem to be passing, and Europe has begun paying liberally for more food without expectation that securities can be sent in settlement. The extensive labor strikes have vanished, and the local do not affect national business. Fears of new and powerful corporations lessen, as it is found that they are controlled by the same laws which govern the small companies.

Above all, the general evidences of prosperity continue convincing, failures are the smallest ever known for the season, railroad earnings are large, and solvent payments through clearing houses in July have been larger than last year, and 62.4 per cent larger than in 1892, the best of previous years.

Official returns of the most wonderful year in the nation's commerce show a decrease of \$85,900,000 in value of the great staples exported, largely owing to prices, but an increase of about \$80,000,000 in other exports, mostly manufactures.

Reports of deficient crops have been buried under western receipts from farms, amounting to 13,861,046 bushels of wheat for the month thus far, against 3,773,118 last year, and 15,298,655 bushels of corn, against 6,612,315 last year. Exports of wheat, Atlantic and Pacific, have been 7,709,193 bushels during the month thus far, against 7,399,259 last year, and of corn, 9,093,041, against 5,097,847 last year. Prices declined sharply, with assurance of ample supplies, wheat 3 cents and corn 2 1/2, which is the more significant in view of the previous heavy exports of both. Cotton also is gaining abroad largely, though the price remains 6.19 cents.

## INDIANS MUST ATTEND SCHOOL.

The Muskogees in Iowa Want Matters Their Own Way.

WASHINGTON, July 22.—It is quite probable that the Indian office will adopt heroic measures to compel the Muskogee Indians, located near Toledo, Ind., to send their children to the school erected on the Sacs-Fox agency. Special Agent Jenkins, who was recently detailed to proceed to Iowa and make an investigation with a view to suggesting a remedy for the difficulty with the Muskogees, has returned to Washington. He says that the faction opposed to sending their children to school are still in an obstinate frame of mind. Mr. Jenkins had a conference with the district attorney, in which the latter expressed an opinion that the Indian commissioner had right to compel the reds to support the school.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? ## REMAINS ARE LAID AT REST.

Funeral Services Over Remains of Robert Stewart Held at Havelock.

The funeral of the late Robert Stewart was held at the Methodist church in Havelock at 2 o'clock last Friday afternoon and interment was made in Wynua cemetery, Lincoln. The funeral was largely attended by Plattsmouth, Lincoln and Havelock people, and was under the auspices of the Masonic order. The floral tributes were most beautiful, the Masonic order presenting a wreath and harp made from flowers, the M. W. A. presenting a beautiful pillow.

Deceased was fifty-seven years of age and leaves a wife and three children to mourn his demise. He was well and favorably known in this city, having worked for eighteen years in the Burlington paint shop under D. B. Smith.

A number of people from Plattsmouth attended the funeral, among them being William McCauley and wife, C. S. Forbes and wife, D. B. Smith, Joe Lako, C. S. Wilde, Ed. Schulhof, Will Coolidge, France Ballance, August Reinhardt, J. L. Root, Ed. Barstow and Frank Levings.

## Boy Seriously Injured.

George Craig, a boy about fifteen years old, living midway between Ashland and Greenwood, met with a painful accident Sunday evening, while riding a horse in the pasture after the cows. The horse took fright from some cause and ran away. The boy was thrown into a wire fence and cut a severe gash in the fleshy part of his leg, laying the bone bare for a length of ten or twelve inches. The horse ran into the wire and severed the jugular vein, dying on the spot. Dr. Meredith was summoned and placed the injured boy in as comfortable a situation as possible. It is a serious wound for hot weather.—Ashland Gazette.

## Death of a Young Girl.

Ida, the fourteen-year-old daughter of Mr. and Mrs. K. Goodman, died Friday at 11 o'clock, after a lingering illness of eight weeks. Miss Goodman was well known near her home, and had many friends, who mourn her departure. The family has the sincere sympathy of the entire community in its sad affliction. Deceased was a sister to E. P. Goodman of this city. The funeral services took place at the family residence, three miles west of Eight Mile Grove, Sunday morning at 8 o'clock, and the remains were laid to rest in the Walradt cemetery.

## INTERESTING COUNTY CULLINGS.

Clippings From County Exchanges Dished Up for 'News' Readers.

From the Weeping Water Republican.

Mr. Kleitch has moved into P. S. Barnes' fine south side residence. Mr. Warner moved his family over from Syracuse, Tuesday, and is occupying the house vacated by Mr. Kleitch.

Jessie Davis has written over \$100,000 worth of hail insurance this season in Cass and Otoe counties. A hail storm in the vicinity of Nehawka on the 6th inst., damaged the crops of three policy holders in his company to the extent of \$40, \$75, and \$110 respectively. He represents a mutual company and the cost is reduced to the maximum amount of actual losses and expenses. Mr. Davis also represents a mutual company which insures farmers from loss by hog cholera.

Agent A. J. Klepper says that for the month of June the business of the M. P. at this place was between twelve and fifteen hundred dollars greater than it was for the month of June, '98. The amount received for tickets was not so large, but the receipts for freight business was a great deal more. Notwithstanding the extra work on account of increased business they are short one man at the depot from what they had last year, so it keeps the railroad boys pretty busy to keep things moving on time.

## A Former Plattsmouthian's Death.

From Monday's Daily.

S. A. Davis this morning received a telegram from his wife, who is visiting at Seward, conveying the sad intelligence of the sudden death of William H. Davis of that place, who was an uncle of the former. Death was the result of a stroke of paralysis, with which he was stricken last Friday—death ending his suffering yesterday.

Many people of Cass county will remember Mr. Davis, who came with his family and settled on a farm near Nehawka in 1857. A year or two later he moved to Rock Bluff, and still later engaged in the shoe and leather business in Plattsmouth. Some thirty years ago he went to Seward, Neb., and has been in business there ever since.

Many old settlers of this county will remember that Mr. Davis was a member of the legislature in old territorial days and always took a lively interest in public and political affairs, but a deeper interest in religious matters, being an active member of the M. E. church all his life, and died as he lived, with full faith in the reward of the righteous in the great hereafter.

The funeral will be held Tuesday afternoon—a number from this city attending, as well as from Weeping Water.

Mr. Davis has many relatives in this city, near Nehawka, Weeping Water and Syracuse, all of whom have been helped to a higher life by the perfect and complete example of the man who has just been called to another sphere.

A new seventy-foot steel turn-table came into Alliance from the east on No. 47 Thursday to be used in place of the cast iron one now in use. The old one will be sent to Sterling, Colo., the point at which the new line crosses the Cheyenne line.

## CITY AND COUNTY.

SATURDAY.

T. E. Williams of Glendale is in the city.

E. W. Kurtz was an Omaha visitor today.

Miss Agnes Bench was a visitor in Omaha yesterday.

The case of the State of Nebraska vs. George Poissal, et al., has been appealed to the district court, the papers having been filed today. The defendants in this case are charged with disturbing the peace at a dance several weeks ago. Loron Roney was one of the participants, but has since left town.

Uncle Henry McMaken, who is a close student and strong believer in Rev. Dr. Hicks' prognostications, says the chances for a long hot and dry spell, continuing into September, are very good. However, as all signs fail to wet weather, it is hoped that the prophecies of these two gentlemen will not come true.

Charles Weldey, the engineer at the pump house, has a way of catching fish that is no trouble to him. As the pumps were running this afternoon one of them stopped. He removed the head of the pump to see what was the trouble, when he discovered an eight-pound fish lodged therein. Mr. Weldey will have fish for dinner tomorrow.

Ed Fry has received a number of pictures from his brother, Clarence, which were taken at and near Manila. The most interesting one of them is that of Company M on the firing line. This picture shows the boys lined up for battle, some taking aim and others partly stooping and leaning forward in order to get a better view of the enemy, while in the distance huge clouds of smoke can be seen. Another picture gives a clear view of the insurgent entrenchments on the north side of the Bagbag river, near Calumpit; another shows the railroad bridge over the Bagbag river, part of which was destroyed by the natives before being routed by the American forces. A picture of Colonel Stotsenberg, taken shortly before his death, and a view of the battleship Oregon are also among the lot. These pictures can be seen at Charley Martin's barber shop.

Charles Graves of the Union Ledger was in the city today distributing advertising matter for the old settler's reunion to be held in August.

Judge Archer today received a letter from his son stating that he had been given the station at Pierce, on the Fremont, Elkhorn & Missouri Valley railroad. He had been living in Omaha, but will now move his family to Pierce.

Charles Shaeley, the bridge man, was in the city today on business with the commissioners. Mr. Shaeley and County Commissioner Zink each caught on the Schuyler train and did not see each other until they reached here and as there is but one coach on the train, each one is accusing the other of riding the trucks into town.

Three plain drunks appeared before Judge Archer this morning and were fined. Wine Graves, who has been in so often, was given a pretty strong dose, the judge giving him \$50 and costs—amounting to \$55.30. Jimmie Moore, the "blue hen's chicken," as he calls himself, was fined \$10 and costs, and Willet Allenbaugh was assessed \$5 and trimmings. They will all be hard to out.

A wild-eyed rumor was rampant in Ravenna last week to the effect that the B & M was about to remove the round house. How, when or where this rumor started started no one seems to know, but surely it was from no official source. It can be positively and authoritatively stated that no movement of this kind is contemplated.

White's Cream Vermifuge not only effectually expels worms, but is equalled as a tonic, and is a certain and permanent cure for chills and fever in children. Price 25 cts. F. G. Fricke & Co.

## HANDY A NOTORIOUS BURGLAR.

He Is Well Known By Detective DeLong of Atchison.

DeLong, the Missouri Pacific detective from Atchison, was in the city yesterday, having come up to see the colored fellow who is in jail here charged with robbing a car at South Bend. A number of Missouri Pacific cars have been burglarized down near Atchison and DeLong thought possibly this man knew something about it. He went to the jail to see the boy and immediately recognized him as a crook who has been in that country a great deal, but he is not thought to be implicated in the recent robberies.

Jailer McElride gave the detective a description of the other negro who participated in the South Bend robbery and who escaped, and he immediately recognized him as a notorious robber. He has been wanted in different places for a long time, but has been run like a deer has succeeded in eluding the officers. DeLong says the name is not Handy Burl, but is Earl Handy. The officers are now going to make a will greater effort to capture Handy.

The most costly piece of railway line in the world is probably that between the Missouri House and Adolphus stations, in London, which required the expenditure of over \$19,000,000 per mile.

# RUNNING SORE ON HIS ANKLE.

After Six Years of Intense Suffering, Promptly Cured By S. S. S.

Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a sure sign that the entire circulation is in a depraved condition. They are a severe drain upon the system, and are constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect.

There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark of Orange Courthouse, Va., writes:

"For six years I had an obstinate, running ulcer on my ankle, which at times caused me fitful suffering. I was so disabled for a long while that I was wholly unfit for business. One of the best doctors treated me constantly, but did me no good. I then tried various blood remedies, without the least benefit. S. S. S. was so highly recommended that I concluded to try it, and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured." Swift's Specific.
