**THE LARGEST CIRCULATION**  
 Of any Cass County Paper.

FRIDAY, APRIL 6, 1900.

EVERY party line seems to have been obliterated in Tuesday's election.

THE Porto Rican tariff bill passed the senate Tuesday, with votes to spare.

THE democrats are jubilant, and the republicans feel that all things considered they did well.

HAYES, Patterson and Schlater were indeed very fleet. They ought to make good councilmen.

DR. M. M. BUTLER was elected mayor of Weeping Water Tuesday. That city will remain "dry."

DR. COOK received the largest majority of any candidate in the field, with Parmele a close second.

THE most of the towns over the state are going republican. Even South Omaha has wheeled into line.

JOHN MATTES, Jr., a hard-money democrat, was elected mayor of Nebraska City Tuesday by a plurality of 139.

MRS. MCKINLEY, who has been confined to her room for some time, from an attack of la grippe, is again able to be out.

THE NEWS desires to call the attention of its readers to the clipping from the Manila Freedom, giving an account of the sad death of Lieutenant John R. Waugh, in the Philippines.

WE HAVE come out of the recent contest with the least possible hard feeling or bad blood. The people are ready to get down to business and work for the interest of the whole community.

DR. ELSTER seems to be satisfied, having been defeated by a smaller majority than was H. R. Garing two years ago. He has made his "good showing," and is as good natured as ever.

T. E. PARMELE may well be proud of the vote he received for mayor. He may depend upon it that the citizens of Plattsmouth will back him up in every good move for the advancement of the city.

MRS. JAMES HEROLD received the largest number of votes of any one running on the social democratic ticket and more than twice as many as did Mr. Wolfenberger, their candidate for the school board on that ticket.

THE most of the larger cities of Illinois have gone republican, party lines, however, were not closely drawn, except in a few instances. Peoria and Springfield, the two convention cities, went republican by large majorities.

A MOVEMENT is already on foot to rebuild the coliseum at Kansas City, which was destroyed by fire yesterday. The aggregate loss on account of the fire is estimated at \$400,000. It is believed that the new building will be completed in time for the democratic national convention.

W. N. BAIRD gave W. K. Fox a close call. When first nominated many thought he would fall short at least two or three hundred, but during the last two or three days the whole democratic machine was set to work to get votes to pull their favorite through. Mr. Baird may well feel proud of his vote. He has come out of the contest much stronger than when he went in.

**School Board Meeting.**  
 At the meeting of the school board Monday evening Superintendent McHugh was instructed to notify the teachers who desired to put in applications for re-appointment should do so by the 20th of this month, and that no teacher would be employed who would not agree to teach the entire year. The board feels that it is detrimental to the schools to have to change teachers during the year.

The board agreed to pay necessary expenses for commencement exercises. Ten cents admission will be charged to said exercises, which will not only assist in defraying the expenses, but will serve to keep out those who are not particularly interested.

Water connections with the new High school building was ordered made.

School will close Friday afternoon at 3 o'clock for one week, during which time they will move the books and apparatus for the high school into the new building.

For Sale or Trade—Residence located on Mercer avenue, north and east of cemetery. Will trade for property near business part of city. Inquire of Mr. or Mrs. Melvin.

**BOERS ESCAPE FROM A TRAIN.**  
 Jump Through the Windows and Get Clean Away—British Valor the Only Creditable Thing About the Bushman's Kop Affair and That Is the Talk of the Boers and the Foreigners with Them—Queen's Arrival at Kingstown.

Cape Town, April 4.—General Cronje, Colonel Shiel and 1,000 Boer prisoners sailed for St. Helena last night.

Two small parties of Boers escaped from the Greenpoint track. One party was traced to a railway train, which was stopped and searched near Cape Town. The Boers jumped through one of the windows of the train and got away.

London, April 4.—The following is received relative to the disaster at Bushman's kop:

"Bushman's Kop, April 2.—Hearing that the waterworks were deserted by the correspondent of the Reuter's telegram agency rode forward today. Arriving at the crest of a hill a volley was fired at him, and a moment later a man appeared at the top of the crest. Call-

ing him to stop firing and saying he was unarmed and desired to talk with him the correspondent discovered that this man was an American, who declared that he accompanied the Boers only as a sight-seer. He said that never during his whole life had he witnessed such magnificent pluck as that shown by the British Saturday, and he asserted that not only himself but the whole Boer army were profoundly touched with admiration at their gallant behavior.

**British Did Pretty Well.**  
 It appears that the Boers never doubted their ability to capture the whole British force and were dumb-founded at the courage displayed in the mastery way in which the force was able to escape from the death-trap. The correspondents informant refused to give any information regarding the Boer force or their movements, but it appeared that the present force was detached from Kroomstadt, joined the Ladybrand force, and again divided north of Thaba N'Chu, one portion following the other and meeting Colonel Broadwood's retreating force. The burghers engaged consisted of Scheman's command, which was accompanied by many foreigners. Commandant John Y. Blake was present with the Irish brigade and other foreigners.

**QUEEN ARRIVES AT KINGSTOWN.**  
 Regardless of the Rain the People Give Her a Great Welcome.

Dublin, April 4.—In spite of the rain that was falling and the huge puddles of water under foot the arrival of Queen Victoria in the royal yacht Victoria and Albert off Kingstown was the occasion for much enthusiasm, although this did not take an organized form, owing to the fact that the queen's entry came several hours ahead of schedule time. It had been officially announced that she would reach Kingstown at 5:30 p. m. Tuesday, instead of 2 p. m., but at the latter hour the Victoria and Albert loomed up through the haze and rain and was greeted with the thunder of twenty-one guns from each ship of the British channel squadron.

Thousands had poured into Kingstown regardless of the pelting rain, which luckily ceased about 5 o'clock, and they braved the cold winds and mud until midnight. The celebrations were confined to an illumination of the war vessels and to a few fireworks here and there. A shining shamrock stood out against the blackness of Dublin bay, and from the jacks clustered on the decks of the squadron came strains of "God Save the Queen," which were taken up with will by the patient crowd on shore and when "Soldiers of the Queen" floated across the quiet water the spectators on Kingstown pier joined in with equal fervor.

Although all political conditions are represented in Kingstown there was no attempt at a counter demonstration. In fact the evening's fireworks, singing and cheering were not marred by any hostile note.

**That Case of the Baker Butchery.**  
 Charleston, S. C., April 4.—In the federal court yesterday the case against the Lake City citizens charged with lynching Postmaster Baker and burning the postoffice in 1898 was carried over to the next April term on motion of the district attorney. The case was tried last April, resulting in a mistrial. It is the opinion here that the government will abandon the effort to convict.

**Gatere Watching the Enemy.**  
 Springfield, Orange Free State, April 5.—Owing to information that the Boers are hovering in the neighborhood of the railroad running from this place to Bloemfontein, General Gatere is preparing to take vigorous measures to cope with any attempt to cut off Lord Roberts' line of communication at that point.

**Grain of Grain of**  
 Remember that name when you want a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it. Grain-O is made of pure grain, it aids digestion and strengthens the nerves. It is not a stimulant but a health builder and the children as well as the adults can drink it with great benefit. Costs about one-fourth as much as coffee. 1c and 2c per package. Ask your grocer for Grain-O.

For Sale—Hodge posts. Inquire of William Morrow, Plattsmouth.

**IG CURE FOR CANCER.**  
 Tried with Success by a Patient Who Declined Surgery.

Palmira, Wis., April 4.—Mrs. G. P. Wooster, a leading resident here and energetic church worker, is very happy and wants everybody to know the cause of her happiness. Many months ago a council of all the physicians in town decided she had a cancer and only by a prompt surgical operation would she be cured. To this she objected, determined to die a natural death from it than be thus tortured.

Some one, however, suggested that she try the "fig cure" and treat herself. It could certainly do no harm if it did not effect a cure. Accordingly a short time ago she laid in a supply of the best figs the market afforded. She ate figs, took fig syrup and used fig salve and poultices until, greatly to her surprise, the cancer loosened its hold, and by her own hands was transferred to a bottle of alcohol. This she today exhibits as the result of the "fig cure" in answer to her prayers.

**SHE WANTS HER POODLE.**  
 Wisconsin Woman Asks Chicago Police to Find the "Dawg."

Chicago, April 4.—Miss Emma Curtis, of Spring Lake, Wis., wants the Chicago police to recover her pet poodle, Curly. Miss Curtis enumerates in a lengthy letter received by Chief of Detectives Collieran the various and sundry accomplishments and fine points of her lost dog. One of the strengths of these she innocently quotes and humbly begs that two of the most accomplished officers of his force be sent through Wisconsin in search of "Curly."

The writer also says she has tried to find the dog, with the result that an amateur detective of Spring Lake secured board and lodging at her home free of cost for several weeks and offers the same inducement to the Chicago men. The dog in question disappeared Jan. 12 and the writer says she is of the opinion it has been appropriated by a neighbor.

**Hero Saves His Children.**  
 Alton, Ills., April 4.—The heroism of William Shannahan saved the lives of his children from a burning building here Monday. The fire was well under way when Shannahan was awakened. The room was full of smoke, and on opening the door he saw a fire roaring furnace greeted him. He closed the door quickly, grabbed up his two children, who were sleeping in the room, wrapped them about with blankets and shut into the flames, which were eating away the staircase. He escaped to the street badly scorched and blistered, but safe, with his children.

**Pioneer Minnesota Man Dead.**  
 St. Paul, April 4.—A Red Wing, Minn., special to The Dispatch says: "T. B. Sheldon, one of the oldest and wealthiest citizens of Red Wing, died yesterday, aged 80. He was president of the Duluth, Red Wing and Southern railway, of the First National bank, the Crookston County Savings bank, the Minnesota Stoneware company and the Red Wing Furniture company. He was also vice president or director in numerous other enterprises."

**Belief of Address Students.**  
 Madison, Wis., April 4.—Associate Justice David J. Brewer, of the supreme court of the United States, has written a letter to the Wisconsin Law School, accepting an invitation to deliver the commencement address to the law students on June 18.

**Some Necessary Repairs.**  
 Louisville has cause for rejoicing. For a number of years the Platte river bridge at this place has been sorely in need of repairs. Farmers who have been accustomed to marketing their grain here were obliged to go elsewhere, on account of the dangerous condition of the bridge. Thursday, however, Commissioners Palmer, Zink and Cox were here and made a thorough examination of the bridge. They had given the commissioners of Sarpy county notice to meet with them, but the Sarpy board failed to appear. The Courier reporter interviewed Mr. Cox, the new member of the board, and he informed the Courier that the contract would be let at once for putting a new floor on the north half of the bridge and all other repairs found necessary, and the work would be begun at once and the bridge put in good repair. When completed the cost of the same will be determined and a bill sent to Sarpy county.

This will be welcome news to the people of this vicinity and the traveling public at large. The bridge has been in a dangerous condition for a long time, and it is good news to all to know that the bridge will soon be put in good shape.—Louisville Courier.

**Anti-License Faction Wins.**  
 WEEPING WATER, April 4.—(Special to THE NEWS)—The city election yesterday resulted as follows: Mayor, M. M. Burler; treasurer, S. P. Girard; clerk, George Sawyer; police judge, F. M. Timblin. Councilmen: First ward, H. G. Race; Second ward, Thomas Morley; Third ward, Leo Cogilzar.

The issue was license or no license, and resulted decidedly in favor of no license. All elects were on the dry ticket with the exception of Leo Cogilzar and F. M. Timblin, the latter being the only candidate for police judge. All day long the "drys" worked hard and made the majority decisive.

**There is a Class of People**  
 Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called Grain-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over one-fourth as much. Children may drink it with great benefit. 15c and 25c per package. Try it. Ask for Grain-O.

John M. Leyda is still making farm loans at the low rate of 5 per cent interest. If in need of a loan it will pay you to see him before making contracts elsewhere. Office in Waterman block, Plattsmouth.

**Registration of Physicians.**  
 Oshkosh, Wis., April 4.—The time limit of the law adopted by the last legislature providing that Wisconsin physicians shall not practice unless licensed or registered and allowing until April 1 for all to be licensed or registered has expired. There are 3,000 physicians in the state. Up to a month ago only 2,000 had complied with the law, but during the past four weeks about 900 more have qualified. This leaves 100 practicing in violation of the law. Dr. Harvey B. Dale, president of the state board of medical examiners, states that the board has no alternative but to prosecute these men.

**Imputation on the Officials.**  
 Madison, Wis., April 4.—Students of the university are aroused with indignation over the report that several of the students who were found guilty of being absent from the campus, and were reprimanded by the board of trustees, had been employed in the mill yard this summer. The cause of the fire is not known. Two or three of the animals escaped from the burning structure, but they were so badly burned that they had to be shot.

**Millwaukee, April 5.**—It was suggested to Mayor Rose yesterday that he was the logical candidate for nomination for governor of the state on the Democratic ticket next fall. "No, sir," he said emphatically, "I am not. I will not be a candidate for the office of governor nor for any other political office until I have served the term for which I was elected Tuesday. I made that statement two years ago after my election and I make it again now."

**Cremation of Eighteen Horses.**  
 Butternut, Wis., April 5.—Eighteen horses belonging to the South Side Lumber company were cremated. The horses, which were fine, large animals, averaging 1,000 pounds each, had just been brought in from the camps, and were to be employed in the mill yard this summer. The cause of the fire is not known. Two or three of the animals escaped from the burning structure, but they were so badly burned that they had to be shot.

**Millions Given Away.**  
 It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on F. G. Fricke & Co. druggists, and get a free trial bottle. Regular size 50c and \$1. Every bottle guaranteed.

**Running a "Temperance" Saloon.**  
 Madison, Wis., April 5.—Henry Lutten, of Utica, town of Christiana, has come to the conclusion that running a "temperance saloon" does not pay. He was arrested for selling liquor without a license and paid a fine of \$50 and costs. His brother William was also arrested, but the case against him was dismissed on payment of the costs, \$12.50. This made the total bill \$170.94. But this is not Lutten's only loss. Sunday night his place burned down, and all his stock was destroyed. It is thought the fire was of incendiary origin.
