

SAFE IN SOUTH CHINA.

Protection to All Foreigners Under Certain Condition.

MADE BY TWO OF THE VICEROYS.

Not Yet Signed by the Consuls, Who Wait Authority.

Admiral Seymour Tells of the Story of His Advance on Peking and His Advance the Other Way—Has Hard Fighting.

London, June 30.—The Daily Mail's Shanghai correspondent, telegraphing yesterday, says: "An imperial decree has been sent to all the viceroys advising them that the foreign ministers were safe in Peking on June 25, and affirming that the government would protect them. This is authentic and reliable."

Paris, June 30.—It is announced that the Chinese legation here has communicated to the French government the text of a document called by the viceroys of Nanking and Hankow, June 27, which is an agreement between the viceroys and consuls at Shanghai whereby, subject to certain conditions, the viceroys undertake to protect the missionaries and foreign merchants in South and East China. The document, which was sent for ratification by M. Delcasse, consists of nine articles. The text of the cablegram of the viceroys to the Chinese minister in Paris is as follows:

"We, the viceroys of Nanking and Hankow, in order properly to provide for the protection of missionaries and foreign merchants in the southern and eastern parts of the Chinese empire, have ordered the governor of Shanghai to submit to all the consuls and to combine with them in the following agreements:

"Article 1.—The measures we have taken have in view the protection of the lives and property of missionaries and of foreign and Chinese merchants without distinction.

"Article 2.—It is understood on both sides that the Shanghai concession shall be protected by the foreign powers.

"Article 3.—The viceroy of Nanking and the viceroy of Hankow formally engage to protect the properties of missionaries and foreign merchants in the valley of the Yang-tse-Kiang and in the ports of Fouchow and Hankow. Orders have been given by them to the local authorities in the various provinces forbidding the spreading of false news and directing the arrest of the Boxers.

"Article 4.—In ports where foreign warships are being they are authorized to remain at anchorage on condition that the sailors remain on board.

"Article 5.—Should the foreign powers send warships to the Yang-tse-Kiang without the consent of the viceroys and governors, the latter are not to be responsible for the misdeeds or massacres resulting, and China shall not be called upon to pay indemnity.

"Article 6.—Foreign warships shall not approach or anchor near the Woo Sung forts or those in the valley under any pretext, not even for the drill of sailors, in order to avoid any misunderstanding or unforeseen misfortune.

"Article 7.—All the foreign powers undertake not to permit their warships to approach or to anchor in the neighborhood of the Shanghai arsenal, and not to permit their sailors to approach the ammunition manufactured in the arsenal and intended for use against rebels and the protection of missionaries and merchants. Should, however, a viceroy or governor withdraw any (ammunition) he must not be suspected.

"Article 8.—In places thus far devoid of troops missionaries and foreign travelers are not to go, in order that they may not expose themselves to any danger whatsoever.

"Article 9.—The protection of the Shanghai concession shall be carried out with the greatest calmness and with an absence of ostentation for in the present excited condition of the people the slightest alarm might provoke disorders, of which evil-minded persons could take advantage to incite dangerous agitation. If other action be taken than that here expounded it will be impossible to protect the lives and properties of natives and foreigners."

Not Yet Signed by the Consuls. The consuls have not yet signed the agreement, but are awaiting authorization from their respective governments. The viceroys conclude by instructing the minister, in the interest of the various provinces of southeast China, to submit this arrangement as quickly as possible to the French minister for foreign affairs and to beg him to accept it.

Heiress Has Mental Aberration.

Davenport, La., June 29.—Marion Bybee, of San Francisco, a society belle and heiress, was found living in a farm house here. She is rapidly recovering from mental aberration that made her an aimless wanderer in this place for two days until given a home by a farmer's wife, Alexander Russell, of San Francisco, a personal friend of Miss Bybee, came here Thursday and was gladly greeted by the girl, who was willing to return home.

Will Shoulder All the Loss.

LaCrosse, Wis., June 30.—The W. E. Carrell Elevator company, which runs an extensive line of elevators throughout the wheat region, announces that owing to the prospective wheat crop shortage on the elevators north of the Litchfield line will not be opened this year. This affects seventy of this company's elevators. It will retain all persons employed by it at these elevators at an expense of nearly \$50,000.

Brokers Firm Closes.

Charleston, S. C., June 30.—Charles Edman & Co., grain and stock brokers, closed up Thursday. The Charleston State bank took judgment against them for nearly \$5,000.

Firecrackers Are Costly Sometimes.

Millbrook, Mich., June 30.—The barns and sheds on the farm of Elmer Compton, two miles north of here, burned. Firecrackers started the blaze. The loss is heavy.

If your sight is blurred with specks and spots floating before your eyes, or you have pains on the right side under the ribs, then your liver is deranged, and you need a few doses of Herbine to regulate it. Price 50 cts. F. G. Fricke & Co.

NEW LIBRARY BUILDING.

President D. B. Smith Recalls Some of the Many Advantages to Be Derived.

MADE BY TWO OF THE VICEROYS.

Not Yet Signed by the Consuls, Who Wait Authority.

Admiral Seymour Tells of the Story of His Advance on Peking and His Advance the Other Way—Has Hard Fighting.

The following explanatory remarks by D. B. Smith, president of the library board, in regard to the new library building, are worthy of the consideration of all readers:

"The new public library building which is about to be constructed, will be a substantial one story brick building, 30x52 feet, with furnace room in basement. The design was planned and furnished as a donation by Fisher & Lawrie, the Omaha architects who prepared the plans for the new opera house. To construct the new library building it requires \$1,800 in cash in addition to the material which has been donated. This sum must be raised by voluntary subscriptions. The people of Plattsmouth can well afford to be liberal in their donations for such a worthy purpose.

What the public library has done for this city, is well known to those who have observed its patronage. What a public library does for any community, needs no argument in its behalf. The hundreds who are afforded an opportunity to become acquainted with the writings of the best authors in known history, besides the many young people who reason of having free access to a library, obtain an unquenchable thirst for knowledge which leads them in the high and responsible walks of life, are but some of the many benefits of a free library. Everybody should take pride in encouraging and sustaining such an institution. The new building, itself, is to be a perfect beauty in design, and modern in every particular throughout. The members of the building committee are F. J. Morgan, J. L. Root and D. O. Dwyer, each of whom has subscription lists to be signed by all who are in favor of the new public library. Every resident of this city should make it a point to place his or her name on one of those lists, even though the amount donated be great or small. The lists of the donors are to be engrossed and placed in the new library and permanently retained.

The credit of building the new library belongs entirely to those who assist by coming forth at once and place their names on one of the lists which are now being circulated. All contributions, regardless of the amount, will be cheerfully received."

Donations to the Fund.

The members of the library board are daily receiving additional subscriptions, and this is a good indication that the citizens are not only interested in securing a library building, but also in the upbuilding of Plattsmouth. Following is a partial list of contributors to the fund:

IS IT RIGHT?

For an Editor to Recommend Patent Medicines?

From Sylvian Valley News, Breva, D. C. It may be a question whether the editor of a paper has the right to publicly recommend medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of the remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by all druggists.

Greenwood Love Affair.

Two of our prominent citizens met each other last Monday morning with blood in their eye and revolvers in their hands, determined to put an end to the horrible uncertainty under which both are laboring as to which is to be the successful one in winning one of Greenwood's fair ladies. A horrible catastrophe was just barely averted by the timely interference of some of our citizens, and thus—for a time at least—peace reigns. 'Tis a sad sight to see two young men become so infatuated with the same lady that they will use firearms, or worse still—go so far as to shove off their luxuriant board in order to accomplish their purpose. We sincerely hope that it may finally be settled without bloodshed and satisfactory to all concerned.—Greenwood News.

Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. Tabler's Buckeye Pile Ointment is an infallible remedy. Price, 50 cents a box, tubes 75 cts. F. G. Fricke & Co.

BOYS' NARROW ESCAPE

Was Run Over By a Buggy and Badly Bruised.

Nelson Renner, a Ten-Year-Old Boy, Has An Experience Which He Will Undoubtedly Remember for Some Time—Knocked Inensible and Remains in That Condition Many Hours.

From Saturday's daily. Nelson Renner, a lad about ten years of age, who lives several blocks south of the shops, met with quite a bad accident on Lincoln avenue shortly before 6 o'clock last evening. Mrs. Vondran and Mrs. Campbell were on their way to the shop gate with their buggies to meet their husbands. Mrs. Vondran's buggy was in the lead, closely followed by the other vehicle. Wishing to have a ride, young Renner jumped on the rear of the buggy in the lead, but in some manner he lost his hold, fell to the ground and before Mrs. Campbell could stop her horse the boy had been run over.

When picked up it was found that he was unconscious and his face was badly bruised by coming in contact with the wheels and horse's hoofs. He was quickly taken to the office of Dr. Cook, but in spite of all that could be done for him he remained unconscious until about 7 o'clock this morning. Fortunately, however, no bones were fractured, and the attending physician has bright hopes that he will get the boy out of the trouble all right.

It was indeed a narrow escape, and should be a warning to other boys who are in the habit of jumping onto passing vehicles.

It Saved His Leg.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world; cure guaranteed. Only 25 cts. Sold by F. G. Fricke & Co., druggists.

ENJOY GAME OF CROQUET.

"Chinook" Club Holds Fourth Upon Lawns of Messrs. Burton and Twitchell.

From Saturday's Daily. The "Chinook Croquet" club gathered at their headquarters at Park Place upon the lawns of Messrs. Burton and Twitchell last evening to test the feasibility of a progressive croquet game upon the three respective grounds.

When the three quartets were satisfactorily placed the signal to "play croquet" was given, and the way the balls and mallets flew was a sight to strike terror to the hearts of all beholders. An amusing feature of the game was the evident reluctance displayed by the winning side to quit their play for "fields and pastures new," and the corresponding eagerness of the losers to change their luck by trying new partners. But alas! when Fate—as represented by Mrs. Burton—gave the shrill trill, signaling the fact that the stake had been won by some fortunate couple—"Progress"—they must "willy nilly" according to the inexorable rules laid out.

After an exciting and interesting contest Mrs. C. S. Johnson was presented with a bouquet of lovely sweet peas as winner of the king prize, while Mrs. E. A. Murphy was crowned with a bunch of beautiful "sour grapes" as besting the frame of mind with which she acknowledged herself the winner of the "booby." At the conclusion of the progressive games, the "scientific players" proposed having a little contest of their own, which they proceeded to do with great deliberation and dignity. Mrs. Burton, fearing their stay would be prolonged into the "wee sma'" hours of the morning, sought to beguile them from the grounds by serving coffee and sandwiches, but the scheme proved to be a rank failure, as the players with magnificent fortitude held their coffee and sandwich in one hand and mallet in the other, while they heroically chewed and played, until their game was finished.

With many expressions of congratulation and commendation for each other, the "winners and losers" dispersed after thanking their host and hostess for the evening so pleasantly enjoyed.

Spent a Good Farm Doctoring.

Mr. A. N. Neoll of Asherville, Kansas, says he spent a good farm doctoring himself for chronic diarrhoea but got no relief and was afraid that he must die. He caught to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was permanently cured by it. For sale by all druggists.

Important Consolidation.

The consolidation of Parmelee's Savings bank and the Bank of Cass County took effect today, and both institutions will hereafter be known as the Bank of Cass County. C. C. Parmelee will become an active member of the bank, and Frank Schlatter will hold the position of bookkeeper. James Patterson, jr., who has been employed at the bank, has been installed as cashier of the Louisville bank, having entered upon his duties some time ago.

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Coconino Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by all druggists.

John Bauer, from the vicinity of Eight Mile Grove, was in town today doing some shopping.

Mrs. Mary Denson and son, Charley, and Miss Mary Waggoner are visiting relatives near Weeping Water.

John Hinshaw and family returned last evening from their visit at Green-castle, Ind. They report a pleasant trip.

Miss Florence White returned this morning from Chicago, where she has been for the past several months studying music.

C. C. Postal, who has been employed at the Burlington paint shop, has resigned his position. He went to Council Bluffs this morning.

Miss Nellie Swartz came in last evening from Concordia, Kan., for a short visit with her sister. She is on her way to Carroll, Neb.

F. C. Taylor, principal of the Weeping Water academy, was in the city yesterday. He was a welcome caller at this office.

A marriage license was issued by Judge Douglas today to Dave L. Loring, aged thirty-nine and Mrs. Elizabeth E. Burgett, aged thirty-eight, both of Elmwood.

Carroll Osborn, who for several months past has been working at Leadville and other Colorado points, came in last evening. He expects to remain about a week.

Dr. J. W. Dean and wife, who have been visiting in this city with their daughter, Mrs. J. E. Douglass and family, returned to their home at Maryville, Mo., this morning.

J. L. Barton returned this morning from his trip to Greenwood. His two daughters, Vivian and Jessie, who have been visiting out in that vicinity for several weeks, accompanied him.

Mr. and Mrs. H. R. Neitzel of Murook are in the city for a visit over Sunday with the former's parents, F. R. Guthmann and wife. Mr. Neitzel's mother of South Bend, Ind., accompanied them.

A. C. Tartsch and wife departed this afternoon for Sioux City, Ia., where they went to visit their daughter. Mr. Tartsch expects to return in a week, but his wife may decide to remain for an extended visit.

Dr. R. A. Dodge expects to leave tomorrow for Harrisburg, Pa., and after a short visit at that place will go on to Atlanta, N. J. Roy has been suffering from a severe attack of rheumatism for some time, and hopes the trip will be of benefit to him.

Many of the residents along Lincoln avenue were rudely awakened last night about 12 o'clock by the loud hoots and yells of four or five young sports who were out celebrating. The fellows had evidently absorbed a little too much bug juice.

While working with the large emery wheel in the B. & M. machine shop this morning, France Ballance had the misfortune to have a piece of the stone strike him in the face. Dr. Livingston dressed the wound, but he was compelled to take an enforced lay-off today.

Joe Lake has purchased a residence property on Oak, between Sixth and Seventh streets. The building was recently moved from the new opera house site, and has been neatly repaired. The sale was made by J. H. Thrasher, as agent for the owner, and the consideration was \$600. He is also closing a deal for a piece of property in South Park.

The case of the United Mutual Hail Insurance company vs. J. M. Craig was tried before Judge Douglass today, and taken under advisement until next Tuesday in order to allow the attorneys time to cite authority. This is the case wherein the hail insurance company seeks to recover the sum of \$40, which they claim is due them as assessments on a policy held by the defendant.

The trustees of the Methodist church held a meeting at the law office of R. B. Windham yesterday afternoon—the object of the meeting being to consider the bids for the new church building. After discussing the matter thoroughly it was decided to reject all the bids which had been made and hire the work done themselves—employing as much home labor as can be secured. It is thought the work on the foundation will be begun next Monday.

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psooriasis, Brysycilia and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medications and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonical properties, quickly and effectively cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to reformation in the blood and cause a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—is purely vegetable and harmless. Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strict confidence. We make no charge whatever for this service. Our book on Blood and Skin Diseases will be sent free upon application.
