

MORE BRASS THIEVES

Two Plattsmouth Men Placed Under Arrest.

They Make a Written Confession of Having Stolen and Disposed of Quantities of the Metal Belonging to the Burlington Railway Company—Arrest Causes Quite a Sensation.

From Saturday's Daily. Detective James Malone, special agent for the C. B. & Q. railroad company, today appeared before Justice Archer and swore out a complaint against John W. Whalen and John Richardson, charging them with having stolen brass to the value of \$140—fourteen hundred pounds—from the local shops.

Richardson, as was mentioned in these columns yesterday, was arrested in Omaha while trying to dispose of a quantity of the metal, and claimed that an employe of the Plattsmouth shops stole the brass and that he simply got a commission for selling it. The man was brought to this city and the case investigated with the result above stated.

Both men have signed a written confession, admitting even more than is set forth in the complaints. It developed that Whalen, who is an old and trusted employe of the company, had a method of taking the brass which would be hard to detect. He took small quantities of the metal at a time and when they had enough on hand, Richardson hauled it to Omaha or Council Bluffs and sold it. They admit having been engaged in the business for a long time.

This morning when Sheriff Wheeler went over to the shops and paced Whalen under arrest the latter made no attempt to conceal his guilt, but took the officer to his home and dug up about forty pounds of the metal which had been concealed.

The arrest of the men was a great surprise, especially to the friends of Mr. Whalen, who has always been considered an honest and upright citizen. Justice Archer bound them over in the sum of \$350 each. It is quite probable that they will be able to furnish the necessary bonds.

Return With Prisoner.

Sheriff Wheeler and Constable Denson returned from Lincoln this morning, having in charge a man named Henry Selby, who was mentioned in these columns yesterday as having robbed D. B. Harvey, a farmer, residing near Greenwood. Speaking of the crime with which Selby is charged, the State Journal says: "Mr. Harvey employed Selby some time ago and after Selby had quit his services, he missed two sets of harness and a number of robes, etc. Some of this property was recovered, but the harness has not been found. Yesterday Selby's wife called on the chief of police and said she thought she could locate the harness, if it would make the punishment easier on Selby. No promises were made her, but she was advised to get the harness if she could."

Brave Men Fall Victim to Stomach, Liver and Kidney.

The well as women, and all feel bad. In loss of appetite, poisons among the food, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner of Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at F. G. Fricke & Co.'s drug store. Every bottle guaranteed.

Miss Davis Honored.

Miss Margaret Davis of this city has been elected by the faculty of the state university to membership in the Phi Beta Kappa society—a fraternity whose requirements for membership are based solely upon scholarship. This selection is made from the senior class and is limited not to exceed one-fifth of the membership of the class. This society has chapters in all the leading universities in the United States, and it is recognized everywhere as a high honor to be chosen as a member. Miss Davis' many friends heartily congratulate her for the honor thus conferred as a recognition of her scholarship.

Just Saved His Life.

It was a thrilling escape that Charles Davis of Bowerston, O. lately had from a frightful death. For two years a severe lung trouble constantly grew worse until it seemed he must die of consumption. Then he began to use Dr. King's New Discovery and lately wrote: "It gave instant relief and effected a permanent cure." Such wonderful cures have for 25 years, proven it's power to cure all throat, chest and lung troubles. Price 50c and \$1.00. Every bottle guaranteed. Trial bottles free at F. G. Fricke & Co.'s drug store.

District Court Adjourned.

Judge Jensen adjourned district court last evening until Monday, January 7. He returned to Nebraska City last night. The time of the court yesterday afternoon was occupied in taking evidence in the case of the State of Nebraska against the Commercial bank of Weeping Water. The case was continued for argument.

A GIRL COMMITS SUICIDE

The Tragic Death of Little Inez Gibson Starts a Malvern, Ia., People.

A dispatch from Malvern, Ia., to the Omaha Bee gives the following account of a terrible tragedy, which occurred at that place:

"About 4 o'clock Thursday afternoon the dead body of twelve-year-old Inez Gibson, the niece and adopted daughter of T. D. Gibson, a prominent grocer of this place, was found hanging in a closet which opened from her bedroom. The child came from school about 3 o'clock and afterward went to her room, ostensibly to straighten it up, and about 4 o'clock her little brother, Otto, went to find her. He immediately ran down and told the servant girl, who ran to the bedroom, but, upon entering the room, she saw a reflection of the child in a mirror. This so frightened her that she ran screaming from the house to call the neighbors, who ran to the child's rescue, but found they were too late. Mr. and Mrs. Gibson were at their store when they were notified by little Otto. "Coroner Whitnall was called and held an inquest and decided that the child had taken her own life, using her own jumping rope for the purpose. No cause can be given for the act. Inez was a very bright and intelligent child, rather quiet, but well beloved by all her playmates and classmates. Her home with her uncle was exceptionally pleasant and comfortable and all pleasures and comforts which money could buy or heat could wish were lavished on the little girl. Hence, her action is more than usually unaccountable."

A Valuable Invention.

Here is a brief description of a new telegraph for receiving and recording telephone messages: The steel band on which the records are made is wound on four rollers arranged in a rectangle and the winding is so arranged that the band is continuous and for a reproduction of the record it is not necessary to reverse the band and start it again, but simply to let it run on. The cores of both the recording and reproducing magnets are parallel to the breadth of the band and not perpendicular to its surface. They are made to touch it. For the guidance of the writes four brass combs are mounted near the rollers. The whole apparatus is driven by a one-sixteenth horse-power electromotor, which imparts to the band a velocity of three metres per second. The duration of speech in two minutes. That is not much for a photograph, but, of course, it can be increased by increasing the number of rollers or the distance between them. Several hearing magnets can be arranged and if it should be necessary to repeat a short passage that can be done by mounting a hearing magnet on another part of the wire and switching it on as required."

A Delightful Party.

At the residence of Mr. and Mrs. James M. Leek last evening occurred one of the most delightful parties of the season. The rooms were beautifully decorated with ferns, palms and carnation pinks. Mr. and Mrs. Leek and daughter, Lulu, have the happy faculty of knowing how to entertain and they made everybody feel at home and free to have a good time. Music, games and social chat were indulged in, after which elegant refreshments were served. Those present were Mr. and Mrs. J. R. McLenon, Mr. and Mrs. George Kroehler, Mr. and Mrs. J. M. Leek, Miss Susie and Lizzie Kroehler, Lillian Fisher, Georgia Matoush and Lulu Leek; Mrs. S. H. Fisher, and Messrs. Herman, Dreesen, W. M. Storer and Warren Joy.

Five Generations.

Photographer Kiddoo took a very interesting picture Monday. It represents five generations and is composed of the following: Grandma Edna Merritt, aged 94; her son, R. L. Merritt, 65; his daughter, Edna B. Hubbard, 45; her daughter, Hester Smith, aged 22, and daughter, Edna Smith, aged six months. Mr. Hubbard and wife and their daughter, Mrs. Smith, and child live at Springfield, Neb., and have been visiting at R. L. Merritt's, in Lyons township. Mr. Hubbard is farming E. S. Bogart's farm in Nebraska.—Glenwood Opinion.

Price 25 cents. For sale by Gering & Co.

Get-um-Cotton.

Judge Douglas this afternoon united in marriage Walter M. Grim and Miss Cora Ann Cotton, both of Weeping Water. The groom is the son of Mr. and Mrs. John Grim, while the bride is the daughter of Mr. and Mrs. John B. Cotton, both well-known and highly respected families of western Cass. The happy event was witnessed by Elmer C. Philpot and Miss Mattie Baxter.

There should be more patience with the girl who sits on a back seat in church and giggles; the time is near when she will be a star witness in giving testimony at prayer meeting.

TUTTLE IS CAPTURED

Charged With Having Taken Part in Burglary.

Sheriff Wheeler Goes to Lincoln to Bring the Prisoner to This City For Trial—Missouri Pacific Conductor Meets With a Serious Accident at Union-Christmas Services at the Churches.

From Monday's Daily. At the time Henry Selby was arrested in Lincoln on the charge of having committed a burglary at Greenwood, it was learned that a man named Harry Tuttle was also implicated in the crime. The Lincoln officers have since been keeping a sharp lookout for Tuttle, and this morning Sheriff Wheeler received a telephone message to the effect that they had nabbed the man. Mr. Wheeler left for Lincoln this afternoon and will return with the prisoner.

Tuttle, it is said, is an all-around crook, having served a term in the penitentiary for a crime which he committed in Lancaster county. The preliminary hearing of Selby will be held before Judge Archer Thursday afternoon. A Lincoln attorney will be here to defend the prisoner.

Conductor Seriously Injured.

Conductor Locke of Missouri Pacific south-bound passenger train No. 2 met with a painful accident at Union last night. The platform was very slippery and when he attempted to board the train after it had started, he had the misfortune to lose his foothold, with the result that the wheels passed over and severed one leg and a portion of the foot on the other.

Mr. Locke is an old railroad man, having been in the employ of the Missouri Pacific for many years. His home is at Kansas City.

Death of Al Williams.

The many Cass county friends of Thomas A. Williams, familiarly known as Al Williams, will be sorry to learn of his death, which recently occurred in Washington. Speaking of his death, the State Journal says:

"A telegram received yesterday by Dr. Bessey from his son Ernest in Washington brings the sad news of the death of Thomas A. Williams in that city. Mr. Williams was a resident of Weeping Water, Neb., and was a student in the University of Nebraska from 1884 to 1889, graduating in the latter year. He devoted much attention to botany, and was the best authority in the country on the very difficult group of plants known as the lichens. In 1891 he took the degree of A. M. from the University of Nebraska. He taught in the schools of the state for a time, and was for some years professor of botany in the South Dakota agricultural college, from which he was called to the government service as expert botanist in the department of agriculture. At the time of his death he was assistant chief of the division of agriculture and stood in high favor with the scientific men with whom he was associated.

"His death occurred at 4 o'clock yesterday morning, and was due to heart failure."

That Outcast Kidnapping.

There are so many stories about the kidnapping of the son of Edward Cudaby at South Omaha that some of the papers up there are doubting some parts of the story. It is now understood that the son is a novel reader and quite a smoker of cigarettes. The papers seem to think that some parts of the boy's story are quite fishy. The father has offered a reward of \$25,000 for the arrest and conviction of his abductors. The whole thing reads like a well-constructed detective novel and the moral is a bad one for the general public, as it will lead many other daredevils to try the same game with the children of other wealthy people. At Omaha the parents are afraid to let their children go out alone after night, while the children can be easily kept at home for fear that "the kidnapers will get you." In this respect, it will be better than a Cufus law.—Nebraska City News.

A Spartan Mother on Long Island

was twice applied to a police court for papers which will compel her son to answer before a magistrate for what she calls "disorderly conduct," the basis of the charge being that the young man refuses to work and spends the daylight hours in playing golf. And yet her rebellious son is not of Scotch descent. It is the idolaters of golf neglect their duties for the pursuit of this entrancing pastime are to be hauled before justices, prisoners' docks must speedily be rebuilt on a larger scale.

Blind Bear For His Leg.

B. D. Blandford, of Thackerville, Tex., in two years paid over \$300 to doctors to cure a running sore on his leg. Then they wanted to cut it off, but he cured it with one box of Bucklen's Arnica Salve. Guaranteed cure for piles. 25c a box. Sold by Fricke & Co., druggists.

STORIES OF MASSACRE.

Horrible Atrocities Said to Have Been Perpetrated on Christians by the Turks. Over 1,000 Killed.

Vienna, Dec. 22.—Further reports of the Turkish massacres of Christians show that their instigator is a Mohammedan fanatic named Haiduk Islam, who drags of having slain 200 Christians with his own hands. The Turkish authorities have shown utter indifference to the outrages and those being perpetrated on Christians are beyond description.

At Blutch men were crucified on trees with stakes driven through their hands and feet. Women were attacked and then mutilated. Children were murdered by mutilation before their parents' eyes. Women were maltreated at Grumna before the eyes of their husbands, brothers and fathers and then carried into the bondage of harems. Men were tortured to death slowly by various means, their limbs cut off successively and children were thrown into the river.

The Turks tortured the Christians at Riharitz by slicing flesh from all parts of their bodies before killing them. A Greek orthodox priest was tied in a sack and pitched into the river at Genovitz. The Serbian consul at Mitrovitz estimates that 1,100 persons have been killed and 400 women attacked and placed in harems.

PENSION FOR RAILROAD MEN

Chicago, Milwaukee and St. Paul Considering Benefit Plan. Chicago, Dec. 22.—A project for pensioning employes and paying benefits in case of sickness, disability or death is under consideration by the directors of the Chicago, Milwaukee and St. Paul railroad. The plan contemplates assessing the employes for only part—probably half—of the funds necessary to carry out the system, the rest of the expenses to be borne by the company. If it is finally adopted it will affect from 25,000 to 30,000 employes. In many respects the system will be similar to a mutual benefit association, but the company proposes to contribute liberally toward its maintenance. The men in the employ of the company will not be required to join unless they wish to do so, but those taken on hereafter probably will be required to become contributors to the fund, thus, of course, placing themselves in the line of its benefits.

RIVER AND HARBOR BILL.

Measure Carries Appropriation of Sixty Millions—Cash for Missouri River. Washington, Dec. 22.—The river and harbor bill was completed last night and Chairman Burton gave out a statement showing the amounts appropriated. The total is approximately \$60,000,000. Compared with former river and harbor bills, the present is the second largest on record and after the senate has added amendments it is expected to be well up to, if not ahead of, all previous records. The appropriations for the Missouri river is as follows: General improvement between Sioux City and the mouth, \$300,000; removal of obstructions above Sioux City, \$41,000.

DETAILS OF DEWET'S ESCAPE

Whole Boer Army Made Daring Charge Straight Through British Columns. Bloemfontein, Dec. 21.—The details of General Dewet's escape from the encircling British columns show that it was one of the boldest incidents of the war. When Haasbroek's command joined Dewet on Dec. 12, some 15 miles east of Thaba N'Chu, General Knox was only about an hour distant and the Boer situation appeared desperate. But Dewet was equal to the occasion. Dispatching Haasbroek westward, to make a feint at Victoria nek, Dewet prepared to break through the British columns at Spungu nek passage, about four miles off, on broad, flat, unbroken ground. At the entrance were two fortified posts, while artillery was posted on a hill eastward, watching the Boers. Suddenly a magnificent spectacle was presented. The whole Boer army, 2,500 men, started at a gallop in open order through the neck. President Steyn and Peit Fourie led the charge and Dewet brought up the rear. The British guns and rifles boomed and rattled incessantly. The Boers first tried the eastward route; but, encountering artillery, they diverged and galloped to the foot of the hill to the westward, where the fire of only a single post was effective. The whole maneuver was a piece of magnificent daring, and its success was complete, in spite of the loss of a 15-pounder and 25 prisoners.

STILL SEEKS

Editor Stead Gives Kruger's Views.

MASTERS OF THE SITUATION

Hold to Their Conditions and Will Not Compromise—Falling to Secure Intervention or Independence They Will Prefer to Die Fighting.

London, Dec. 22.—William T. Stead has just returned from The Hague, where he has had a long conference with Mr. Kruger, and has ascertained at first hand the views of Mr. Kruger and his counselors as to the present situation and future prospects. Mr. Stead has written the following for the Associated Press:

"First of all nothing is decided about his visit to America at present. President Kruger has not abandoned all hope of securing the support of the governments of the civilized world in his demand for arbitration. Until the last government refuses absolutely to say a word in support of the principles which they solemnly laid down at the Hague conference Mr. Kruger will not partake in popular demonstrations. It is recognized that if he cared to do so he could shake the continent. The popular enthusiasm for him is unparalleled since Garibaldi's visit to London, but until his diplomatic mission is exhausted an appeal to the people cannot even be taken into consideration. Mr. Kruger is emphatic in disclaiming any desire to involve other nations in war in behalf of the Boers. What he asks is that the governments, which at the Hague, declared their intention to use their efforts to secure an amicable settlement of disputes by means of mediation and arbitration should make a united effort to bring the verdict of the civilized world to bear on Great Britain.

"The English," said Mr. Kruger, "are waging this war in South Africa like savages. They are burning homes, destroying farms, cutting trees, devastating fields and creating famine. They are unable to capture Dewet, but they are making prisoners of women and children who are not treated with ordinary decency."

Cape Dutch in Open Revolt.

London, Dec. 22.—"We understand that private reliable advices have been received in London," says the London Daily Mail, "that virtually all the districts of Cape Colony in the vicinity of the Orange river are in a more or less open revolt and that there is likely to be sharp fighting on a rather large scale before the invasion is crushed. The tactics of the Boers in rallying as many as possible of the Dutch in the back country to their cause are proving successful."

Boers Beaten Off.

Johannesburg, Dec. 22.—The Boers attacked Zintzenstein Dec. 18, but were beaten off. A dispatch from De Arr, Cape Colony, says that the Boers have driven the Boers out of Houtkraal, the enemy retiring westward.

STORM IN SCOTLAND.

Several Persons Killed Near Glasgow. Great Damage in North of England. London, Dec. 22.—The telegraph wires are being slowly restored and news is arriving. The gale has done great damage generally in the north of England and Scotland. A Glasgow correspondent says: "Not since the storm which destroyed the Tay bridge has such another raged in Scotland. High walls have been wrecked at Glasgow. At Cambridge, ten miles east of Glasgow, several persons have been killed, while at numerous other places roofs and chimneys have been destroyed. Some of the buildings of the University of Aberdeen have been damaged and everywhere the wires are interrupted."

Kills Wife and Self.

Carrollton, Ky., Dec. 22.—Arthur Taylor, a farmer, shot and killed his wife and then himself here last night. Taylor lived at Milton, Ky., 12 miles south of here. Two weeks ago his wife left him and came here. Yesterday Taylor drove into town from Milton, entered the house and without any words shot his wife and then himself. Both died almost instantly. Jealousy is given as the cause.

TWO MINERS KILLED.

Struck by Wild Car While Descending Slope of Wagner Colliery. Akron, O., Dec. 22.—While a party of miners were descending the slope in the Wagner coal mine, five miles south of this city yesterday, a wild car overtook them.
