**CITY COUNCIL MEET**

Acting Mayor Sattler Appoints Basil S. Ramsey As City Attorney.

The council met in regular session last night with acting Mayor John P. Sattler in the chair. And after the calling of the roll and the approval of the minutes of the previous meeting, communications were called for, and under this head resolutions of regrets over the resignation of Mayor Gering in writing were offered and signed by the council. One copy to be sent to the ex-mayor and one to the Evening Journal and one spread upon the records.

Reports of the different officers were then called for, that of the Chief of Police showed eleven arrests, 2 drunks, 2 for fighting, 7 for disturbing the peace. The report of the street commissioner showed 8 poll taxes worked. The report of the city clerk showed \$32.25 collected.

The treasurer's report was filed and read showing a net balance on hand of \$4,681.28. The report was referred to the finance committee. The report of the finance committee was then read with the usual list of bills for allowance, and warrants were ordered drawn for the respective amounts. Mr. Steinkamp stated that the treasurer's books had been audited and found in first class condition.

The judiciary committee reported on the claim of C. D. Woodworth & Co., for \$27.28 advising the disallowance of the claim, which was voted. The two ordinances concerning the subway were read and passed by a suspension of the rules. The claims committee reported favorably on the following claims: F. M. Richey for \$107, Plattsmouth Water Co. for \$46, Werberin \$4 and Guthman and Corey \$1. A communication informing the council that the waterworks company could now be bought for \$45,000 was read. Councilman Steinkamp moved to table the communication, but as there was no second, a motion prevailed to refer it to the judiciary committee.

It was then moved and carried that a committee of five be appointed to consider the light question, and report to a special meeting of the council. Acting Mayor Sattler then appointed the light committee and added the names of J. P. Falter from the First and William Weber from the Second ward. It was then moved and carried that the salary of \$10 per month being drawn by J. Janda as policeman be suspended, which was done.

Mayor Sattler then appointed Judge B. S. Ramsey as city attorney and his action was approved by a full vote of the council on the calling of the roll. Councilman Falter then moved that some one be employed to clean the crossings when needed, which was acquiesced in by the other members.

**JOE CONNOR'S WILL**

Said to Be Lost Has Been Filed For Probate Provides For Parochial Schools.

The will of Joseph Connor which for a time was said to be lost has been filed for probate. The Omaha correspondent to the State Journal under date of December 15, concerning the matter says:

Copies of the so-called "lost" will of Joseph A. Connor in which he provides for five or six parochial schools in Omaha, has been filed in county court and served on the heirs.

The copy was served in court on motion of the heirs, who objected to going into the hearing of the petition for the probate of the will without knowing the contents of the document. They will fight the probating of this will, asserting that if Mr. Connor ever executed such a will he destroyed it before his death.

After giving liberal allowances to his heirs the will directs that five trustees shall establish five or six parochial schools in the various parishes in Omaha and shall erect business costing in the neighborhood of \$20,000 each. An endowment fund of \$2,000 a year for each school is also provided for. He requests that the first school shall be in St. Peter's parish and shall be located on the vacant lot at Twenty-seventh and Leavenworth streets. As compensation for the school, he asks that masses be said for the repose of the souls of himself and wife every thirty days during the existence of the schools. He provides that over the door of each school shall be the inscription in letters at least twelve inches high: "The Joseph A. Connor Parochial School."

The will makes a provision that if any of the heirs contest the will he shall lose his share of the property and that if the bishop of Omaha does not accept the gift of the parochial schools within a reasonable time the property shall revert to the heirs to be distributed according to the law. He provides that his adopted daughter, Grace Connor, shall share equally with the other heirs.

Police Captain Mostyn is a legatee to the amount of \$500.

The hearing for the probating of the will will come up before Judge Leslie in January. The heirs assert they have made a search for a will and have authorized the announcement that they will comply with the spirit of the will and provide funds for the erection of one of the parochial schools, however, to be located probably in St. Peter's parish.

The copy of the will bears the signature of Carrie A. Dennis and Arthur C. Wakely as witnesses.

**MR. FOSTER IN TOWN HELPS IN DISTRESS**

Visited Corn Show at Omaha and Horticultural Exhibit at Council Bluffs.

D. W. Foster a prominent farmer of Liberty Precinct was a Plattsmouth visitor Monday and Tuesday taking in the corn show at Omaha and the horticultural display at Council Bluffs. Mr. Foster is a practical agriculturalist and can appreciate anything that comes from the farm or orchard, and is a good judge of quality and variety. He brought from the Omaha exposition a sample of cracker baked from alfalfa flour, which was fine in flavor and texture. Mr. Foster praised the exposition very highly and was much pleased with the talks given on grain breeding. He spent a portion of the day at Council Bluffs at the horticultural show and in both instances could not but notice the difference between the displays from the west and those of the eastern part of the United States. The exhibitors from the west were alive to every subject, and displayed on advertising spirit not seen among the eastern exhibitors. In the apple display the States of Washington and Idaho bid fair to carry off the prizes, although Missouri would come in a close second.

**Judge Gary of New York Sees Bowers Mission—Donates \$1000.**

Press dispatches to the World-Herald bearing date at New York Dec. 13th, says that Judge E. H. Gary, head of the United States Steel corporation, visited the Bowers mission Sunday morning, and saw the hundreds of men served with hot coffee and ham sandwiches. Judge Gary made arrangements some days ago to be present at this time. The "bread line," that Bowers mission forms at midnight. From 1 to 3 a. m., about 1500 men are fed nightly, on this occasion there were 1467 men in line. With the judge were Mrs. Gary, Mrs. Clark of Chicago, Avery and Captain Henry Denar, mine owner from the west. Judge Gary gave the mission a check and Captain Denar contributed \$1000 altogether the donations amounted to nearly \$4000. The party talked with the men in line they all had the same excuse for being there. No work and no chance to make a living. Captain Denar said he could now get men to work in his mines out west. The subject of transportation to places where work could be obtained was raised, and it possible that Judge Gary may propose some sort of legislation which will allow men seeking employment to be transported at public expense. The Bowers mission is under the superintendence of Rev. John G. Hallimond, and he feels that Judge Gary's visit may result in much good.

**May Go to Asylum.**

Matt Bozarth who was sentenced to a life term in the penitentiary last Saturday by Judge Travis, may be transferred to the asylum for the insane. Judge Sullivan his attorney is of the opinion that the penitentiary is hardly the proper place for the man, as there is no doubt he was and is a lunatic. No one would feel safe with such a man at large, yet he seems rational on almost every subject. The Judge will interview the prison authorities and it is more than likely the convict will be transferred.
