A partition suit has been filed in the district court for the purpose of making division of the Lynn estate. Upon the death of Joshua Lynn in 1896 the widow, Sarah Lynn, took a life estate, and upon her death about a year ago all the property descended to the sons and daughters. The purpose of this suit is to have the real estate equitably divided if such can be done, otherwise the court must order the sale of the land and a distribution of the proceeds. This suit is of a friendly nature, being the only way in which to divide the estate and make a good record title.

Wise Talks by the Office Boy

You can take my word for it—whatever a fellow hopes to be, he will be, unless he gets on the wrong car. Whenever I hear one those worldly wise chaps using that expression, "Where do I get off?" I always feel like edging up and saying, "Put him off at Plattsmouth because he will then know just where he is going to get off and we will all know where he is getting off. We know that he will get off better than he expected for the simple reason that we are primed to the muzzle with new goods and we don't care how soon the people know it. Times are improving, business is improving, people are improving, everything is improving except the weather and you can't improve that because it isn't made to be bossed. Have you tried our Plattsmouth brand of M & J coffee? Then you can't go wrong on.
