THE MANY USES OF PAPER

In the home cannot be estimated. It can be used to beautify the otherwise ugly pantry shelves, to put under the carpets, in fact it can be used all over the house and is a cheap means of sanitation. We have a limited number of old papers which we will sell for 5c per bunch. THE NEWS-HERALD.

A Sink in a Kitchen

Is the most handy and sanitary article that you could have there. In these hot days it is not very desirable to have waste water standing around in or about the kitchen. Isn't it more desirable to dump it into the sink and have it carried away from the house? Think it over and then come and let me show the finest and best line of sinks in the city.
