## LOAN & BUILDING HOLDS BIG MEETING

Association is in the Best of Condition and Everybody Well Satisfied.

The Directors of the Plattsmouth Loan & Building Association held their regular monthly meeting at the office of R. B. Windham on Tuesday evening. Among other important business transactions was the election of officers of the association for the ensuing year, with the result that W. J. White was reelected president, William Ballance, vice president, T. M. Patterson, secretary and R. B. Windham, solicitor.

It is worthy of mention that these officers have been serving the association in like capacity for more than twenty years, and the present condition of the association and the fact of their reelection so frequently, expresses the high confidence that the share holders have in them. The association has just rounded out a quarter of a century and this year's annual statement, recently published in the News, shows an advance in dividends, from eight to nine per cent, still leaving a comfortable sum in the reserve fund. As evidence of the present standing of the association Secretary Patterson advises us that since the publication of the last annual statement, new shares to the par value of over \$60,000 have been subscribed for, and that he expects within the next week that the amount will exceed \$80,000.

It is doubtful if there is any other institutions in Plattsmouth that have done so much good to the community in general as our Loan & Building Associations, as their money has been going directly to those of our people of limited circumstances, enabling them to secure homes, when but for the terms made by the associations they could not have done so. The officers and directors of the association certainly deserve the good will and thanks not only of the share holders but of this community at large.

### Cass County Loses Case.

SPRINGFIELD, NEB., March 15.—The famous Cass vs. Sarpy bridge case was tried again in district court last week and a verdict was rendered in favor of Sarpy. This case has been fought to the supreme court three times and each time the supreme court remanded it for retrial.

Cass county brought suit against Sarpy for \$2,651.93, with interest since 1900, which it claimed was this county's share of the expense of rebuilding the wagon bridge at Louisville. Sarpy refused to stand any part of the expense and the matter has been in court for years.

A motion has been filed by County Attorney Ramsey of Cass County for a new trial and he hopes to secure a change of venue in order to have the case heard in another county, claiming the jurors in Sarpy are taxpayers who have too much interest in the outcome of the suit. The wagon bridge was originally built by Louisville precinct to accommodate residents on the north side of the river and draw additional trade to that town. Later Cass county was induced to take the bridge off the precinct's hands and become responsible for its maintenance. The bridge was taken out by water and ice a number of years ago and Cass county sought the assistance of Sarpy in rebuilding it, but was turned down, later doing the work on its own responsibility and bringing suit against Sarpy for half the cost. The second bridge was destroyed five years ago and was not replaced until a toll bridge was built by a stock company in 1908. Sarpy county will fight the case as long as Cass county keeps it in court and where or when the litigation will end is a matter of conjecture.

### To Asylum Again.

As stated in last night News, an investigation was held yesterday by the insanity commissioners in the case of Joseph VanHorn, the old gentleman who was injured in an accident some years ago, and who has twice been confined to the Lincoln Asylum. At the meeting last night, VanHorn was again adjudged to be a fit subject for the institution and Sheriff Quinton left on a morning train with him for the state asylum at Lincoln.

### BECAUSE

Every job sent out of this office is printed by New Type, cast by the Monotype for that particular job, therefore the print is clear and neat.

### BECAUSE

We have secured one of the best Job Printers in the West, and we can guarantee you a job that will compare with the best of them.  
Call in and talk to us about your next order

### A Rear Attack.

Mr. Lillis has made a complete statement that completely exonerates Mrs. Cudahy and himself. When the outrageous attack occurred he was seated upon a divan with Mrs. Cudahy reading aloud one of the Pastor Russell's sermons when Cudahy came up behind in stocking feet, and hit him on the nose with an electric light plant or a sewer system, or some other blunt instrument. It is to be inferred from this that the divans in the Cudahy home are placed in the middle of the rooms; if they were against the walls, such nefarious tricks would be impossible. But why did Cudahy come up behind a man in order to hit him on the nose? If he wanted to kick Lillis, he'd probably have come up in front. *Emporia Gazette.*

### Will Start Garage.

Jack Patterson and Cecil Thomas, two hustling young men of the city, will soon launch a new firm in Plattsmouth, which will be known as Patterson and Thomas. The new business men will put in a first class automobile repair shop and garage and have secured the agency for a number of high grade cars that they will have in stock. The new garage will be located in the Dwyer block on Main street. Both of the proprietors of the chug business have lived many years in this town and have proven their good business ability which will assure them unlimited success in the new enterprise. Thomas has had much experience in this line of business at Long Beach, California, the auto racing center of the Pacific coast, and it is certain that he will capably hold down his end of the work. The members of the firm are in Omaha today completing the arrangements with Omaha dealers.

John H. Cotner's brother Walter, and Miss Piel are here visiting for a few days from Blue Hill, Neb.

### To Texas.

New through Tourist car line to Texas via M. P. Kansas City C. R. I. & P. leave Plattsmouth midnight 1st and 3d Tuesdays of each month 'Homeseekers Dates' arrive Dallas 8:50 a. m., arrive Houston 7:55 p. m.

Miss Georgia Matoush started for Omaha on the early Burlington train expecting to spend the day with friends

Mrs. W. D. Smith was among the day's visitors in the metropolis going down on an early Burlington.

## How to Lose Coughs and Colds

When you feel "plain bum" with a cold there's just one best thing to do about it and that's to get a bottle of Dr. Bell's Pine-Tar-Honey and follow directions. Your cough will stop almost instantly and every trace of the cold—the full aching head, the sore nose and throat, the stinging eyes, etc., will cease to annoy you very soon. Dr. Bell's Pine-Tar-Honey is successful because it seeks out and destroys the cause of the cold—the germs. It heals, cools, soothes and strengthens the irritated parts. Yet it contains no habit forming drugs whatsoever—mostly real old

fashioned pine-tar, honey and other beneficial ingredients that our grandmothers used to fix up for the family colds.

Made by a known scientific process with contents plainly stated on the bottle.

The standard for 20 years. The largest selling cough and cold medicine in the world.

You ought to take some of it now and see how it gets to work on your cold.

Look for our trademark (the bell) and Granny Metcalfe's picture on every bottle. 25c—50c—\$1.00. Made by

"Tired at Three O'clock?" "No Sir! I Use the Monarch"

IF typewriters were machines run by mechanical means instead of human hands, you would find that, with a given amount of power, a Monarch could be run at a higher maintained speed than other typewriters.

Run by "girl power," you find that the Monarch is run at a higher all-day average speed than other typewriters, and without a "tapering off" from fatigue toward the day's end. Both these truths are due to the fact that

## MONARCH LIGHT TOUCH

lightens the draft, uses power more economically. Eliminates the waste of energy that typifies the heavy-touch machines. This in turn means increased production per machine and decreased cost of typewriter work per folio.

Monarch The Light Touch and the Monarch Rigid Carriage are exclusive Monarch features, every other important feature of the modern typewriting machine, such as Back Space Key, Two Color Ribbon Shift, Contained Tabulator, etc., etc., will also be found on the Monarch. Let us give you a demonstration of Monarch Light Touch and other Monarch advancements.
