Figures Won't Lie

LIARS WILL FIGURE

DISRAELI once said that there were three kinds of inaccuracy—lies, d—d lies, and statistics. Had he lived in America in these degenerate times, he would undoubtedly have substituted "advertisements" for "statistics." No untruths, however, shall creep into our advertisements.

Primrose & Dockstader's minstrels is an attraction which will draw patronage from all quarters where lovers of good minstrelsy exist. These two gentlemen have become famous as artists and managers of the finest production the world can boast. All that is up to date in genius, stage craft and versatility has been installed in this year's production. Their reputation as providers of good and wholesome amusement is known throughout the country, and they will ever lead as premier amusement caterers, for they are aware that to receive and hold public patronage its appreciation must be won by merit and not by craft. This year's company and production is said to be far in advance of anything ever seen in minstrelsy, and yet this would be almost exaggeration considering the excellency of their former offerings, when their entertainments were declared to climax all others of a like nature. But, judging by press criticism that precedes them from the places where the company has entertained, it would seem that they had gone several notches better than last season. This superior company will be at the Parmele theatre on Tuesday, November 26th.

Call at Ed Donat's and try his twenty-one year old Continental whiskey.
Thayer Probst, living near Murray, undoubtedly holds this year's championship for husking corn. It is reported at this office that for six days he husked an average of one hundred and sixteen bushels per day. Until all returns are in Thayer will stand at the head of the class.

One of the west bound trains ran into James Beckner's stock at the bridge west of town, making "war rations" of two horses and one mule. Mr Beckner feels loss and trouble in being deprived of his teams at this time, but he has faith in the company doing the right thing about it.

Elmwood

Clarence Schlanker was severely kicked by a horse last Wednesday evening. He was leading the animal out to water when it suddenly jerked away from him and kicked, jerking his hind feet striking Clarence on the side under his arm, rendering him unconscious for some time. Dr. Stockert was summoned and made an examination, but found no bones broken. He was badly bruised, but is getting along all right now, and no serious results are anticipated.
Grant Cremer loaded a car with his household goods last week and last Thursday he and his family left for their future home at Momence, Illinois. May success go with them.

Murray

Murray is having a boom this fall, and considerable building is going on just now. John Klaurens and G. H. Manners are putting up a double brick store building, which will have a large public hall on the second floor, something that this town has long needed. The rooms on the ground floor will be occupied by a blacksmith shop and a jewelry store.

Lawson Sheldon is having some nice brick walk laid around his elegant home this week. Mr. Perue, the brick mason from Nebraska City is doing the work.
George Harshman has been shredding corn this week for Ernest Pollard. Owing to a break-down Wednesday they were delayed till repairs could be had from Omaha.
From reports given by several farmers around this locality in regard to the average yield of the corn crop, put the figures at twenty-two bushels per acre. That is better than none at all.

Greenwood

Frank Mahannah was the happy finder of twenty-five dollars in money Thursday last, but unfortunately he did not enjoy his find very long as Paul Clark, the owner soon called for the lost money, proved property and took better care of his treasure when it again came into his possession.
George T. Cutler is talking of building an opera house and large public hall for Greenwood, if the different secret societies will rent the hall when completed. We are glad to hear this good news, as Greenwood needs a large public hall.
Mrs. Julia Lloyd, of Plattsmouth, and Mrs. Nancy Rhoden, of Murray, Neb., sister and mother of Mrs. J. Cline, were visiting in Greenwood last week, and Mrs. Rhoden will probably spend the winter with her daughter.

Eagle

Ross Crabtree is starting to move on his farm near Cheney, for which he traded his lively stable and house. Mr. Crabtree has been in business in Eagle for almost ten years and has made a great many friends who deeply regret to see him go. His many friends wish him success in his new vocation. Early this week a business transaction of considerable interest took place in Eagle wherein Richard Wilkinson disposed of a two-thirds interest in his lumber and coal business. Wm. Sharp of Eagle and Wm. Fuller of Lincoln being the purchasers. Through this transaction Mr. Wilkinson obtains a half interest in the Fuller Lumber company of St. Joseph, Mo., and will move there and personally conduct the business.
Dr. M. L. Thomas should certainly not feel bad over his defeat, as his home people gave him such a flattering vote. He carried his home precinct, which is strongly republican, by a majority of 113 votes, the biggest majority ever given a candidate here.

Union

It is rumored that a new time card is to go into effect on the Missouri Pacific about December 1st, and that the passenger trains will be changed so that they will run just the opposite from the way they do now. That is, the north bound train to pass here about 11:00 o'clock a. m. and the south bound train about 5:00 o'clock p. m. It is supposed no change will be made in the time of the night trains. People of this county will welcome any kind of a new time card, as the present schedule is the most inconvenient one for Cass county people the road ever had in force along this line.

Louisville

George Waldron, who is employed in the Cedar Creek quarries as engineer, had the misfortune to get his arm hurt in the belting of the machinery the first of last week, but the engine was stopped before any serious damage was done.

done. His arm, although considerably bruised, was not disabled and he is to be congratulated upon his narrow escape.
George Reisterer, a German farmer living about four miles south of town died early last Wednesday morning with heart disease. He had risen early and gone to the barn. His wife knowing that he was not well followed him and found that he had fallen near the ladder that leads to the hay loft, and at first she thought he had accidentally slipped and fell from the ladder. Mrs. Reisterer and a neighbor tried to get him to the house but he died on the way. Dr. Worthman was summoned to ascertain the cause of death, and found no marks or bruises to indicate an accidental death, but pronounced it heart disease.
D. W. Tolle came near being killed at the stone quarry last Thursday afternoon. He was down in a shaft and had sent up half a barrel of rock when it became unfastened from the pulley and dropped back into the hole, striking Mr. Tolle on the back of the head and the left shoulder bruising him quite badly and knocked him insensible. He was taken from the shaft and brought home, and has recovered sufficient to be out on the streets again. It seems almost a miracle that he escaped with his life.
