They Call Ade "Ah-Day."

No writing, it is said, of Mr. George Ade's has so amused his admiring readers as has the pronunciation of his name by the majority of those admiring readers amused Mr. George Ade. How it started no one seems to know, but most persons in this part of the country, the New York Sun says, speak of him as Mr. Ah-day (accent on the day). Call it that in Chicago where he lives, and they wouldn't know whom you were talking about. The author himself pronounces him name as though it were spelled "Aid."

His Wonderful "Potatoe."

An interesting agricultural item is reprinted in the London Times from its issue of October 10, 1801: "A Mr. Vacher of Heckford farm, near Poole. last year planted one Potatoe, which produceed him 335 in number, and there would have been still more had not a boy lost one of the eyes after the Potatoe was cut in pieces. The Farmer having saved the whole of them, had then planted, which he has now dug up, and finds that they have multiplied to the number of 9,236 and weigh 13 cwt., 3 qrs., which certainly is a very great increase from one single root in two years."

Rhenmatism and the Eyes.

Chicago, Ill., Nov. 18th .- Mr. R. A. Wade, the celebrated criminal lawyer of this city whose opinion on legal matters is unquestioned, has recently made public his unqualified opinion on a matter of medicine. Mr. Wade says that Rheumatism and Kidney Trouble affect the eyesight, and further that there is no case of the kind that can not be cured by Dodd's Kidney Pills.

He has no fear of being set right by any of his medical friends, for both statements have a living and indisputable proof in the person of the great lawyer himself, who as a result of Rheumatism and Kidney Trouble from which he suffered for years, became totally blind.

Physicians, the best in the country, pronounced his case incurable and hopeless, but Dodd's Kidney Pills cured him, restored his sight, drove away the Kidney Trouble and with it the Rheumatism and made an allaround well man of him.
