M'COOK, Neb., Nov. 30 .- As B. & M. special stock train No. 76 was pulling into the yards here from the west it ran into a broken switch, which caused two cars to leave the track, turning one car completely over and leaving the other on its side. The cattle in one car were able to get out, but the roof of the other had to be removed before they could be liberated. Three of them were killed and a number crippled. After being liberated the cattle were crazed for the time and attempted to attack the persons present. The slow speed at which the train was going was all that saved a serious wreck. The stock was being shipped from Denver to South Omaha.

HAS A WARLIKE LOOK

The Colombian Government Terminates Relations With Venezuela.

ACTION IS VIEWED WITH GRAVITY

Withdrawal of Minister Rico Last August is Cause of the Breach-Foreign Debi Embarrasses Venezuela - What Ger many's Demands Indicate.

WASHINGTON, Nov. 20.-The State

department has received confirmation

of the notification of the Colombian government to Venezuela that it has terminated diplomatic relations. This came in the shape of a cablegram from Minister Hart. This action is the result of the hasty withdrawa. last August from the Venezuelan capital of Dr. Rico, the Colombian minister there. Such a breach does not necessarily mean war, though undoubtedly it is step in that direction. Venezuela has had several affairs of this kind,

some of the European nations withdrawing their representatives from Caracas for long terms, and only a year and a half ago our own government was obliged to give Minister Loomis an indefinite leave of absence from Caracas as a warning to Venezuela of our dissatisfaction with ita attitude in the controversy growing out of the asphalt dispute.

It is said that manifestations of foreign disapproval have had very little influence upon the Venezuelan government. It is a significant fact that the breach with Colombia has been created at the moment when Germany is considering the adoption of compulsory measures to secure the payment by the Venezuelan government of a very high financial Hability to German citizens.

It is supposed here that President Castro is proceeding under the theory that the application of the Monroe doctrine would protect him from unitive action by Germany, but the impression among officials here is that this belief is not well founded.

Some of the reports reaching here show there is apprehension on the part of some of the Colombians on the isthmus, including men of considerable influence, as to the duration of the stay of American marines. It has come to the knowledge of officials here that many wild rumors have been circulated on the isthmus as to the extent of the trouble that the United States forces, having once landed, would not be withdrawn.

These reports have led to inquiries between Washington and Panama, bringing out responses that the American occupation was wholly imaginative and that the most definite and positive assurances had been given that immediately on the fulfillment of this government's obligation to keep open the traffic, our forces would be debarked, and all authority would be terminated. This purpose of the authorities has been made known on the isthmus and has served to allay the fears caused by reports of American occupation.

With the resoration of order and open traffic on the isthmus of Panama it is expected that the War department will be enabled to withdraw some of the United States warships now on duty in that vicinity, and it is probable that one ship will be withdrawn on either side.

THE LIVE STOCK MARKET.

Latest Quotations From South Omaha and Kansas City. SOUTH OMAHA.

Cattle-Receipts of cattle were fairly liberal, but the quality of the offerings was not very good. Good to choice cornfed steers in particular were scarce and in reality there were no finished cattle on the market. The better grades of cornfed steers did not sell so much different from yesterday, but aside from those the market was rather slow and in a good many cases sales looked a little lower than the same kind of cattle sold for yesterday. The trade lacked the snap and firmness that has characterized it of late. The cow market was very uneven. In some cases sales were made that were fully steady, while in other instances cat- rooms. tle sold fully a dime lower. There was an active demand for corn-fed bulls at steady prices, but the thin and common kinds were neglected. Veal calves sold at steady prices, and so also did stags. There was an active demand for stockers and feeders. Western range steers brought close to steady prices where the quality was good, but common kinds were neglected.

Hogs-There was an enormous run of hogs at all market points and as a result there was a break in prices. In view of ond regiment of cavalry, to hurry about filling their orders. They did not want to pay over \$5.90 for the best grades, and as sellers were asking more money few loads changed hands until the morning was well advanced. When sellers finally did cut loose it was found that the heavyweights were selling right around \$5.90, and a few sold from that up to \$6,00, with the medium weights bringing about \$5.85. Light hogs sold from \$5.8216 down.
