proposition to the city council of that

company the privilege of string two
wires over the Postal Telegraph com-
pany's poles and to maintain two toll
stations west and one east of the Union
Pacific tracks. The franchise is to
run for ten years. The company do
not ask for the privilege of putting in
an exchange, and probably never
seriously contemplated doing so.

The city council held a red hot
session Monday night, and some of the
deliberations were marked with much
bitterness. The usual routine business
was transacted, and an ordinance
terminating the light contract with
the Plattsmouth Gas and Electric
Light company was read and passed.
The ordinance provides that the city
will yield possession on February 18,
1902, and that the city especially
denies any agreement or liability on
the part of the city to pay the bonded
debt of the gas and electric light com-
pany. The usual gist of bills were
allowed, and several claims for small-
pox quarantine were presented and
referred to the committee on claims.
