GETTING TO THE FRONT

Manufacturing Capital in Nebraska Shows Handsome Increase.

OUTLOOK IS VERY ENCOURAGING

Cansus Bureau Issues a Report that Reveals Remarkable Progress in the State -Court Dockets Being Cleared-Miscellaneous Nebraska Matters.

WASHINGTON, Dec. 11 .- The census bureau has issued a preliminary report on the manufacturing industries of Nebraska, showing a total capital invested of \$71,978,877, an increase of 92 per cent since the census of 1899, and value of products \$143,-986,127, an increase of 55 per cent.

Other figures are: Establishments 5,413 wage earners 24,471, total wages \$11,570,268, miscellaneous expenses \$6,933,748, and cost

of material used \$102,196,397. Statistics for the three cities separ-

ately reported follow: Lincoln, capital \$2,608 992, increase 11 per cent, value of products \$4,105,-951, increase 11 per cent; establishments 252, wage earners 1,736, cost of material used \$2,173,345.

Omaha, capital \$34,282,063, increase 87 per cent; value of products \$42,-991,876, increase 2 per cent; establishments 837, wage earners 7,422, wages \$3,755,810, cost of materials used \$22,-

South Omaha, capital \$16,471,328, Value of products \$70,080,941, no subsequent figures for 1890; establishments 139, wage earners 6,606, wages \$3,368,591, cost of material used \$61,-

CLEARING UP THE DOCKET

Supreme Court is Catching Up With Its

Work. LINCOLN, Dec. 11 .- According to Clerk Herdmann of the supreme court, rapid strides are being made in reducing the size of the docket. When the commission began work the court was about six years behind in business. If the present progress is continued it is estimated that the docket will be cleared before the next session of the legislature, which convenes in January, 1903. It is noted that the number of appeals to the supreme court are decreasing, particularly in that class of cases which are appealed merely to occasion delay.

When it took from four to six and seven years to reach a case, mortgage foreclosures and other suits in which the adverse party might profit by tieing up litigation for an indefinite time were appealed with great frequency. while other cases, really meritorious, in which the average party could not afford to wait the tardy action of the supreme court, he would compromise instead of appealing. Now conditions are reversed. Cases are seldom appealed for the mere purpose of delay. and meritorious ones are usually taken up with the result that a better class of litigation is being entertained now than before the commission's appoint-

Iowa Traveling Men Meet.

DES MOINES, Dec. 11 .- The twenty-first annual meeting of the Iowa State Traveling Men's association was held here, with an attendance of about 500 from Iowa and adjoining states. The old directors were re-elected and W. H. Wheeler and F. E. Haley were school buildings. re-elected president and secretary. An incident of the convention was the appearance of A. B. Cummins, who has long been the counsel of the association.

Game Warden Alert.

THEDFORD, Neb., Dec. 11.-Deputy Game Warden Frank Nash and Sheriff Crow arrested A. L. Leland and Harry Leland on the Dismal river in this county, and brought them before Esquire Wright. The boys pleaded guilty to hunting without a license and each one was fined. Thomas bunty is a hard place for the poacher.

AS TO CONTAGIOUS DISEASES

Nebraska Board of Health Devises Strin

ent Quarantine Regulation's. LINCOLN, Neb., Dec. 4 .- The members and secretaries of the State Board of Health have submitted a set of stringent quarantine regulations which are recommended for adoption by every county in the state. They provide for the quarantine of smallpox, scarlet fever and diphtheria cases upon strict sanitary lines. The board advises the county commissioners in each county to organize a local board of health and they are urged to follow as closely as possible the rules submitted to them, which are as

Whenever within the limits of this county and without the corporate limits of any city or village a person is suspected of having smallpox, scarlet fever, diphtheria of other contagious disease, he shall be immediately isolated within his own household as carefully as possible, and as soon as a contagious disease is recognized it will be the duty of the attending physician and of the householder to give written notice of the same to the clerk of the county, giving the name of the disease and of the family where and all other particulars that may be of any value.

The premises where above contagious diseases exist shall be duly quarantined by the board through its proper officers, or an appointee, (a) by placing upon the house or some conspicuous point upon the premises a placard giving the name of the disease in letters not less than three inches in height; (b) by a verbal or written notice to the householder to remain on the premises and in no way mingle with other people, or allow others, except physicians, to approach nearer than thirty feet of any house or person thus quarantined. This rule to apply also in cases of

Such quarantine shall continue until, in the opinion of the medical adviser of the board, the last case of the disease likely to occur therein has completely recovered and is ready for disinfection. Provided, however, that in cases of extreme necessity one free from disease may be released earlier after thorough disinfection of person and clothing, and with a certificate from the above named medical ad-

WHY THE WAR GOES ON

General Chaffee Reports Causes of Guerilla Uprisings in Philippines.

REBELS TREACHEROUS IN EXTREME

Take Advantage of Humanity Displayed by Most American Soldiers-Intimidation that Discourages Haste in Supplanting Military With Civil Rule.

WASHINGTON, Nov. 7.-The War department today made public the first annual report of Major General Chaffee, military governor of the Philippines. General Chaffee sums up the situation in the islands from a military point of view by stating that the provinces of Batangas and La Guna, in Luzon, and the islands of Samar, Mindoro, Cebu and Bohol constitute the area now disturbed by any embodied force of insurgents. He says that to the physical character of the country, to the nature of the warfare of the rebels, who are amigos and foe in the self-same hour, to the humanity of the troops, which is taken advantage of by the rebels and the it exists, with the number exposed inhabitants who sympathize with them, and to the fear of assassination on the part of the friendly disposed if they give information to the American forces, is due the promulgation of the guerrilla warfare.

Commenting upon the plan of gradministration, General Chaffee says:

"The withdrawal of interference with civil affairs does not contemplate withdrawal of the troops from their stations to any considerable extent. On the contrary, this should not be done hastily and when undertaken should be gradual and more in the nature of concentration than reduction of force or abandonment of any considerable area of territory."

He therefore recommends that there be no material reduction of troops before January, 1903. The civil governments which are being organizedprovincial and municipal-General Chaffee says, are both new and untried and there is but one certain and reliable method of ascertaining the progress of the Filipinos in self-government, namely, its observation by

THE LIVE STOCK MARKET.

Latest Quotations From South Omaha and Kansas City.

SOUTH OMAHA. CATTLE-The supply of cattle was a triffe more liberal than it was a week ago. The bulk of the receipts continue to be made up of cow-stuff, as comparatively few corn-fed steers were offered. Anything desirable in the way of cornfed steers sold without much trouble at just about last week's pricer, but there were no finished cattle on sale

ter grades could be quoted steady to shall be 372. strong. Packers seemed to want all that was offered and as a result salesmen had no trouble to get very satisfactory prices. Bulls, calves and stags were also in good demand, but there was no particular change noticeable in the prices paid. Offerings of stockers and feeders were ton and Great Northern. rather light, so that good to choice heavyweight cattle or prime yearlings sold freely at strong prices. There was no change, however, in either the demand for or the prices paid for cattle of common quality. Range cattle were scarce in the yards, but the few that did arrive sold without much change from the prices pald last week. As a general thing they fluctuated about the same as is noted above for natives.

HOGS-Hog market was 5&10c higher. On the start the advance was not to exceed a nickel, but the market soon firmed up and trading became active. Choice heavyweight hogs sold largely from \$6.15 to \$6.25. Good mixed hogs brought from \$6.10 to \$6.15, while butcher weights sold largely from \$6.00 to \$6.10. On the first half of the market the lightweights also sold freely and advanced about as much as the heavyweights. They sold all the way from \$5.00 down. SHEEP-There were only a few cars of fat sheep and lambs on sale and the market could be quoted just about steady on anything at all desirable. Packers took hold in good shape, and it was not ually replacing military with civil ad- long before anything in their line had changed hands. Wethers and yearlings sold as high as \$3.75, and some lambs of fair quality sold up to \$4.65. There were partment and 1,500 bales of cotton. a few feeders included in the receipts | The loss is estimated at \$60,000. today, and the market was rather dull, as few buyers arrived.
