Special Correspondence.

Ray Davis, who is attending a business college at Lincoln, is at home for the holidays.

The shooting match at Don Rhoden's on Monday was very largely attended. James Cathey and family were Plattsmouth visitors on last Saturday.

Quite a large number of people from this neighborhood attended John Young's sale at Murray on last Saturday.

The dance given by W. F. Wenke at Klausens & Manner's new hall at Murray on Christmas eve was largely attended and a good time was had by all present.

A large number of people living in this neighborhood were in Plattsmouth on Tuesday doing their Christmas buying.

The Christmas tree and entertainment on Tuesday evening was a very enjoyable affair a fine programme being well rendered by the children.

Union

From the Ledger.

The teachers and pupils will enjoy two weeks vacation on account of the holidays, and will return to school work on Monday, January 6th.

Herman Reicke, a German farmer residing about two miles south of Murray was severely injured last Monday morning, and it is only conjecture as to how it happened. Mr. Reicke had gone a short distance from the house, carrying an axe with which to cut some ice, and when he was found he had a long cut on his head, being unconscious. He did not regain consciousness until the next morning, and then he could remember nothing about it except that he felt a blow on the head. Dr. Brendel has been attending him, and we learned that the injured man is getting along very well.

At first some were inclined to believe that Reicke had been the victim of a hold up, but the fact that his money was not taken from his pocket exploded that theory. The most plausible explanation is that he slipped and fell, and that the axe he was carrying cut the gash on his head, the shock rendering him unconscious.

The report reaches us that Dr and Mrs. M. L. Thomas of Eagle are the parents of a 10-pound son, born two weeks ago and we hereby extend congratulations.

The local nimrods have been chasing the elusive "cotton-tails" the past few days, and some of them will never be forgiven for the false reports of the number they killed.

Elmwood

From the Leader-Echo.

Brainard Kellogg and wife of Kings county, New York, filed a deed last Thursday, transferring to S. J. Earl for the sum of \$4,800, the north-west quarter of section 31, township 10, north range 9. Mr. Earl will move his family over from Bartlett, Iowa, in the spring, and make Cass county his future home. The farm is located southwest of Elmwood a few miles, and we are always glad to welcome such an estimable citizen as Mr. Earl to the community.

Frank Schlotman and Emery Brant were chopping down trees on the Casey farm, northeast of town a few days ago. Quite a high wind was blowing, causing one of the trees to fall on Frank, bruising him badly, but fortunately breaking no bones.

A. H. Denison has purchased from Edwin Jary lots 4, 5, 6, 7 and 8, block 25, in Elmwood, and may build a residence thereon in the spring. These are the lots Mr. Jary recently purchased from N. Sayles.

Robert Hartman returned home last Monday evening from the west, and is glad to get back to Nebraska. The weather commenced to moderate just as soon as his sunny smile arrived in town.

John Hoover shipped a double-deck car of hogs and a car of cattle to Omaha last Tuesday. He loaded the first double-deck car of hogs ever shipped from here to Omaha.

Will Minford has purchased Cyrus Alton's farm, adjoining Elmwood on the southwest, possession to be given next September. We did not learn the price paid.

Greenwood

From the News.

The Greenwood schools were closed on Thursday on account of the development of a case of smallpox.

James Gullion, our enterprising expressman, comes out this week with a brand new red wagon.

Henry Birdsall has been confined to his room for the past few weeks, from illness resulting from running a nail in his hand, but is now much better.

Fay Parsell, of Alvo, is now visiting in Greenwood with his brother, A. Parsell.

The bowling craze, which was quite an epidemic in Plattsmouth last spring, has almost totally subsided, and both the establishments have closed up for lack of patronage. A bowling alley is not a very profitable investment in Plattsmouth or any other town, because after the novelty wears off it becomes almost as monotonous as sawing wood, and fully as enjoyable.

Thrust at Youth's Pride.

Dr. Joseph Parker, the noted London preacher, was recently lecturing on "Eternity" in a provincial town, and was much annoyed by a young dandy who was seated near the platform. The youth, proud of a new watch, was continually pulling it out to see what time it was. Finally the lecturer could stand it no longer. Looking full at the offender he said: "Put up your watch, young man. We are considering eternity, not time."

Weeping Water

From the Republican.

On Monday morning Harold Klepser met with a painful accident while playing around the depot. He jumped upon the tongue of one of the trucks, which unhooked and threw him to the ground. He struck on the back of his head with terrific force and the heavy handle of the truck struck him across the forehead. Dr. Hingate was at the depot at the time and picked him up and carried him into the depot. He was unconscious and the doctor was a long time in bringing him to. It was a close call, for the doctor said he was virtually dead when he picked him up. He was feeling pretty well in the afternoon, but was kept in bed to be perfectly quiet.

Mr. and Mrs. John Rauth of Manley, departed for Tilden, Neb., on the 24th, to spend Christmas with Mrs. Rauth's parents, Mr. and Mrs. Aaron Batterson.

Miss Lizzie Straub, of Avoca, died last Friday at Lincoln, where she had been taken for treatment. The young lady was sick only a few days. She was apparently well and the illness started and all the efforts to stop it proved useless. She was taken to Lincoln and died in a short time. It was a very great shock to the family and friends. She was a bright, attractive young lady, and her sudden and peculiar death has cast a gloom over the entire community.

Dr. Jensen has had a great many cases of late of what is termed corn stalk disease, both among horses and cattle. He has had so many calls, this week, which with his heavy Christmas trade to look after has kept him very busy. He has a number of horses in the barn undergoing treatment. Taking it all together, the doctor is a very busy man.

One day last week during the extreme cold weather, Henry Smith and family and Mrs. Cox and daughter started for town in a sled, and when just a short distance from home Mr. Smith in making a short turn upset the sled and threw the occupants out into a barbed wire fence. Mrs. Smith received a scalp wound but nothing more serious resulted. They turned around and drove back home, got the snow brushed off, washed the blood from Mrs. Smith's wound and came on to town.
