Assaulted by a Brakeman.

On Tuesday night last a young man named Hayden Shepard, from Red Oak, Iowa, and en route for Brookfield, Mo., was assaulted in a most brutal manner by a brakeman on a passenger train arriving here about 10:30 p. m. While the train was stopping here the young man had got off one of the hind coaches and proceeded forward with the expectation of getting on the car from which he emerged, when the train started up. This he attempted to do when the brakeman standing on the car platform reached out and dealt him a blow with his lantern. A moment later the young man was effected with a dizziness from the stroke, and when taken in charge was almost unconscious. When taken to the Perkins House, and Dr. Livingston called, it was thought he had received a serious scalp wound, if not a fracture of the skull. Shepard claims that he had paid his fare from Red Oak to Omaha, and if such can be proven, the offender should be severely dealt with, no matter if he did think the young man was a tramp endeavoring to beat his way. There would have been no justification for the act even if he had been a tramp. Shepard improved to the extent that he resumed his journey yesterday.

A Sure Thing.

Henry R. Gering received a telegram Wednesday from Congressman Burtlett informing him that the bill permitting the construction of a pontoon bridge across the Missouri river at this point had passed. The feeling has been all along that there would be but little trouble about the bill passing, but now we all feel better about the matter. The people on the other side of the river can soon come to Plattsmouth without much trouble to do their trading, and the merchants of the city be greatly benefited thereby. On the 18th, of July will witness one of the largest celebrations in the history of the old town in honor of the opening up of this bridge.

Hit Him With a Hatchet.

We are informed that on Wednesday of last week, Herbert Warren, aged eight years, was seriously injured by being hit with a hatchet in the hands of F. L. Andrews, a carpenter, who it is alleged, also kicked the boy in the back. Andrews is a carpenter at Murray, and was engaged in building a house for Mr. Warren, the parent of the boy, who lived a short distance from Murray, and Andrews evidently became angered at the action of the boy, who was playing near where he was working, and threw the hatchet with the result stated. It is further alleged by the mother of the boy that Andrews walked over to the boy after he had fallen and before he was able rise, deliberately kicked him in the back, producing very painful and serious bruises, which laid the boy up for a few days.

An Evening with Shakespeare.

Jno. J. Frainey will give one of his unique entertainments, consisting of Shakespearean readings and recitals, at Waterman's hall, in this city, Wednesday evening, June 25. The entertainment is under the auspices of the B. P. O. E. and for the benefit of the public library. As to Mr. Frainey's reputation as an entertainer we give the following:

"The First Baptist church was filled to overflowing on last Saturday evening to hear Jno. Jay Frainey in his Shakespearean recitations. Many of those who attended were more than delighted with the able manner with which Mr. Frainey acquitted himself. It is safe to say that should he ever come to Grand Island again he will be greeted by a rousing big audience."—Grand Island Democrat, January 22, 1898.

Jno. Jay Frainey has a deserved reputation as a student and reciter of Shakespeare's works and he sustained that reputation last night. He preceded his recital by reviewing the plays of Shakespeare and showing by contrast their high literary value. This was perhaps one of the best parts of the entertainment. His explanation of these great dramas was given in lucid and eloquent sentences, and his thoughtful insight showed his great familiarity with these works. His deep rich voice added a charm to the easy and sparkling sentences.—St. Louis City Journal.
