Primaries to be held in the various precincts and wards at usual place of voting on Saturday June 14th, at 8 o'clock p. m.

JAMES CLARK, Chairman County Central Committee.

WE must fight living issues, not dead ones, this year.

DEMOCRATIC victory is in the air. And with harmony in the party it will be a glorious one in November.

The people—not the foreigner—pay the tariff. Fight it out on this line if it takes all summer.

DEMOCRACY is a friend of the people—trust-fostering Republicanism their bitterest enemy.

HARMONY in the two conventions at Grand Island means defeat for the Republican ticket in Nebraska this year. Then let us have it.

A DEMOCRAT should be a Democrat, not in name only. To be a true one is to support the policy of his party as adopted by the majority in convention assembled.

The party can never hope for success otherwise. And we candidly believe this is one of the years in which the issues before the people are such that all factions can be successfully united and the banner of Democracy carried on to victory in November.

HERE is another Southern outrage, but it happened in Indiana. A dispatch from Decatur, Ind., under date of June 9, says: "For some days persons employing negroes have been receiving warnings to discharge them. Last night a mob of fifty men, some intoxicated, attempted to drive all the negroes out of town. Another crowd formed and rescued the negroes, but all afterward left. There is not a negro in town to night."

Had this occurred in a Southern State the Republican papers would be heralding it broadcast as "another Southern outrage."

Anything for Peace in the Family. It is not the part of wisdom for democrats and populists to discuss "Bryan for governor." Mr. Bryan will not be the nominee. The time will not be better employed by considering the availability of the several gentlemen already generally mentioned, one of whom will doubtless be chosen.

Drop the Bryan proposition and take up work in a practical way. Who shall it be? General Vif. Quinn, C. J. Smyth, W. H. Thompson, W. L. Stark, R. D. Sutherland, Dr. Coffin and Dr. Damerell?

That it will be one of these gentlemen there is little reason to doubt.

Which of these will make the best governor? Which will make the best candidate?

These are questions to which the energies of democrats and populists may be devoted with better promise of results than the discussion of the improbable.—World-Herald.

The Journal endorses every word above. We are composed of that sort of Democracy that will favor anything for the success of the Democratic party. We take it for granted that the World-Herald is so situated as to know how the matter stands. Any good Democrat will support the state ticket as nominated at Grand Island. That's us.

A Matter of Politics.

Shrewd politicians will not fail to observe the difference in the indorsements which were given to President Roosevelt by the Ohio and Kansas Republican conventions. Wisacres will hardly neglect the opportunity to read between the lines of the resolutions offered in the convention dominated by Senator Hanna.

Any Republican Convention which would fail to indorse the President would be judged guilty of gross negligence. Any deputed body of Republicans who failed to "renew" their allegiance to the administration would be considered on the doubtful list.

But there are indorsements. The Kansas Republicans have given the sort which counts for something. They look forward to the time when the Republican party "will march under banners bearing the inscription 'For President, Theodore Roosevelt.'"

Not so with the foxy Ohioans. After describing the President as a real wonder in his way, they dismiss him with this benediction: "In his frank, able and courageous efforts to protect the public interests, he is entitled to full and unreserved support."

Small wonder that the President has been making concessions to Senator Hanna. This independence of the campaign manager speaks a danger which the President does not care to court any more than necessary. The increased reliance of Roosevelt on the advice of Hanna and his fellow-workers is explained.

Until Roosevelt can receive indorsements like that which was given by the Kansas convention, he can very properly regard the loyalty of delegates as being dubious. There may be discretion in the Kansas method, but there is a whole-heartedness which is lacking in the Ohio exhibition. That the President finds it necessary to placate the Ohio brand is not only unfortunate for himself, but also for the good of the country.

Crop Bulletin.

The past week has been warm and wet. The daily mean temperature has averaged 1 degree above normal in the eastern counties and 4 above in western.

The rainfall has been very heavy in the central and eastern counties and light in western. The rainfall exceeded an inch in most of the eastern part of the state and ranged from 3 to 8 inches over a large area in the southeastern part of the state.

The heavy rains of the past week have injured crops somewhat on low and on rolling land, but on the whole have been exceedingly favorable for the general crop outlook in the state.

Corn has been washed out some and in a few instances wheat and oats have been lodged some by the wind, hail and rain. Winter wheat is filling well and continues to improve in condition. Oats have materially improved during the past week, and in some localities are making a rank growth and promise a full crop.

Corn cultivation has been delayed; cultivation, however, had made such good progress just preceding the rains that few fields are weedy; very little replanting of corn has been necessary. Grass has grown well. Potatoes continue in fine condition and the early planted are large enough to eat. The first crop of alfalfa is being cut and was somewhat damaged by the rains of the week.

Union

John Eaton went to Plattsmouth last Wednesday evening to look after some business affairs.

Mrs. Hattie Shryder of Halsey, Oregon, arrived here last Monday to make a visit with her parents, Mr. and Mrs. J. W. Pittman, and other relatives and her three children accompanied her.

Union will join the other towns and help them celebrate the Fourth of July, and a few weeks later they will return the compliment by helping us out with our old settler's re-union.

The meat market firm took a new name last Wednesday, Matt Spader having purchased a half interest and formed a partnership with Theodore Gerber. Mr. Spader is well known in this county, having resided near Wabash a number of years. Success to the new firm of Gerber & Spader.

The Union band with the assistance of several of the ladies, gave a supper in Lynn's hall last Saturday evening and it is pronounced one of the best that has been given in Union. The band boys received the profits, and of course are willing to divide honors with their wives and the young ladies who volunteered to help make it successful.

Milton Clarence was seriously injured Tuesday evening, by being struck on the head with a windlass, while engaged in drawing a long heavy timber from a well, assisted by Milton Erwin. Mr. Clarence was knocked insensible. A cut about four inches in length was sewed up, not however, until about an ounce of brain substance had escaped. The skull was badly fractured, and at last accounts, which is gleaned from the Ledger, of last week, his friends entertained considerable hope that he would ultimately recover.

Elmwood

From the Leader-Echo.

Miss Ella Sutherland returned to Plattsmouth last Monday, after a few days visit with relatives and friends.

Harvey Sams came home from Red Cloud, last Sunday evening, where he has been teaching the past year.

Lee Coon who has been running an engine on the Great Northern railroad in Minnesota and the Dakotas, is home on a visit.

John Newkirk and family who moved to Oregon some weeks ago, returned last Friday night and will continue to make Nebraska their home.

Newton Gaines, wife and daughter of Kennard, are visiting at the Sams home. Mr. Gaines is principal of the Kennard school, and is a brother of Mrs. M. A. Sams.

A. McFall and wife left Tuesday for Michigan City, North Dakota, to visit relatives and to spend the summer. They will also visit in Michigan and at their old home in Canada.

Mrs. J. H. Hart was summoned to Sireve, Ohio, last week, by the serious illness of her father, Mr. William Hague. His death occurred last Friday night the funeral being held Sunday. Mrs. Hart arrived in time to see her father before his death.

Memorial day was appropriately observed in Elmwood this year. A very large crowd was in town in spite of the threatening weather and at eleven o'clock a long procession marched to the cemetery, where Kenesaw Post decked the graves of departed comrades with flowers and held short services. No exercises were held in the afternoon. The Murdock band was with us all day and furnished excellent music.

Nehawka

From the Register.

Jacob Luliver, an old friend of Eugene Munn, is here on a visit to friends he used to know in the freighting days.

Uncle Wm. Schlichtemier and son, Omar, finished delivering two thousand bushels of corn to A. F. Sturm this week.

George Reynolds marketed thirteen head of fine hogs last Wednesday morning. They averaged over three hundred pounds each.

Hugh Warden brought in seven head of hogs Thursday morning that brought \$122. George Conrad brought in five hogs a few days ago that brought \$104.

At a shooting contest last Tuesday afternoon, T. G. Hyper broke twenty blue rocks out of a possible twenty-five, Earl Kirkpatrick broke nineteen and Edgar Mark broke eighteen.

Nehawka has one great drawback. We will not say what it is, but the greatness of it can better be imagined when it is learned that it prevented a circus from visiting Nehawka this summer.

The early Missouri Pacific passenger train was bombarded at Paul Sunday, and a piece of hard clay hurled through one of the windows. The missile bounded through the car, but luckily missing the passengers. Some of the flying glass struck the face of the conductor, inflicting a slight flesh wound. No trace of the miscreant has been found.

Greenwood

From the News.

Miss Sadie Buskirk who was brought home ill from Lincoln last week, has we regret to say, an attack of spinal meningitis.

Wm. Armstrong of this city picked 315 quarts of strawberries last Monday from his strawberry bed and it was not a good day for berries either.

A Greenwood citizen said this week that his potatoes were growing so fast he could hear them say: "Lay over, you are crowding me out of the hill."

The ice cream social given by the ladies of the Christian church on the church lawn last Saturday night was a decided success and all who attended had a pleasant time.

M. C. Kelley bought two high pedigree bulls at the South Omaha short horn stock sale last week to place in his herd at the Waverland stock farm west of this city.

Uncle Joe McKinnon's fancy driver got badly cut on the fore feet in a wire fence and he is afraid the mare is ruined as a roadster.

Earl Johnson is the name of the 12 year old stray boy, taken up by Grandpa Hayes, some weeks ago, and he is from Doniphan, Neb., so he says. Grandpa Hayes and his good wife have cleaned the boy up, put new clothes on him and are giving him a good home.

Miss Anna Lytle, the talented daughter of Mr. and Mrs. J. S. Lytle who has been teaching in a female seminary at Atlanta, Georgia, arrived home Tuesday evening to spend the summer with her parents. Mrs. Lytle's friends are glad to welcome her home to Greenwood again.

It Isn't Catching.

A story is told of a school teacher in this county, which is too good to keep. Having a dread of contagious diseases, she learned that one of her pupil's mother was sick with some disease alarming, and told the little one she could remain at home until the sickness subsided. The next day, however, she presented herself at school with her finger in her mouth, and said: "We have got a little baby at our house, but mama told me to tell you that it isn't catching." The teacher brushed slightly and said she was very glad, and told the little pupil to take her seat.

Louisville

From the Courier.

An organ was this week put in at the Christian church, being a present from E. R. Todd of Plattsmouth.

Medical experts have sprung a new scare for the timid and have labeled it "Acute Indigestion Microbe." Oh! dear, more operations.

A medical authority says "the right arm is used more than the left." On some occasions it might depend on which side of the buggy she was on.

The little 2-year-old daughter of Mr. and Mrs. Thomas Oleson had one of her arms broken on Thursday last week while at play. Dr. Duncan reduced the fracture.

The way the business men are taking hold of the proposed new auditorium is truly gratifying and shows that they mean business. The stock should be all in within the next ten days. Now is the time to show your colors.

The Courier is in receipt of the announcement of the marriage of Dr. E. H. Worthman of this city and Miss Hattie Mae Stevenson of Lincoln, at the home of the bride's mother in Lincoln on Wednesday, June 4th. The bride is a niece of Mrs. H. E. Brown of this city and is a most highly respected young lady.

Gust Holke, who came into prominence in Louisville as the defendant in a divorce suit with his wife, formerly Miss Ida Griffin, died of fatty of the heart in Chicago last Sunday. The remains were brought to Murdock last Tuesday and interred in the German Methodist cemetery.

The Courier is pleased to state that there is once more a landlord in charge of Louisville's hotel that will make the place a credit instead of a disgrace to the town. Mr. and Mrs. J. Speaker, who formerly conducted the hotel and who have been absent for the past year visiting with their children in Iowa, have returned and taken charge of the hotel again. The people of Louisville will gladly welcome them back.

Maple Grove

Special Correspondence.

Mrs. James Lemon is on the sick list this week.

Julius Engelkeimer visited with W. H. Puls Sunday.

Wm. Jameson shipped fat cattle to South Omaha Monday.

James Cathey and family were Plattsmouth visitors Tuesday.

Quite a number of relatives and friends were the guests of Wm. Puls and family Sunday.

Sunday was children's day at the Oberlin church and a large circle of friends attended the program which was very nicely rendered.

Mrs. Forest Cunningham died at her mother's home Sunday morning at 3 o'clock at the age of 24 years. The funeral services were held Monday afternoon at 2 o'clock at the Eight Mile Grove church, and the remains were laid to rest in the Eight Mile Grove cemetery. She leaves a husband and daughter and mother and three sisters to mourn her death.

Send Me Their Names.

Send me the addresses of your friends who might be induced to move to Nebraska, and I will mail them our new forty-eight page book descriptive of Nebraska's agricultural resources and its unbounded opportunities. The book is illustrated with Nebraska farm scenes, and is supplemented with a sectional map of the state. It will help bring any home-seeker to Nebraska. J. Francis, general passenger agent B. & M. Weeping Water

From the Republican.

New cherries are about ripe, but the yield is not heavy. Cherry growers say that the early spring was too cold and dry for the buds.

Rev. G. B. Crippen who resided for many years in Weeping Water and vicinity and was one time county superintendent of the public instruction in Cass county died at Jewett, New York, April 23, aged 72 years.

Dr. Fred Andrus of Pleasant Dale, was elected second vice-president of the State Medical Society that convened at Lincoln last week. Thus our boys take their places among the men of our state who are climbing and making themselves known and felt.

The Weeping Water band has been engaged to play at the Nehawka Fourth of July celebration. Nehawka can rest assured that their music will be first-class. Since the disbandment of the B. & M. band at Plattsmouth Weeping Water justly lays claim to having the best band in the county.

Plattsmouth papers announce that the new pontoon wagon bridge across the Missouri at that point will be ready for business within sixty days and at about that time the ballance of the world will be invited to join the enterprising citizens of Plattsmouth in celebrating the event.

The alumni held its annual reception at the home of the Misses Barnes Saturday evening, May 31. A large number were present to receive the class of 1902 into the ranks of the alumni. A very pleasant evening was spent in renewing class friendship. Mr. Edward Wilkinson presided over the punch bowl and Miss Emma Clizbe and Anna Hubbard served ice cream and cake in the dining room. The officers elected for the coming year were: President, Fred Rickard; Vice-President, Howard Kennedy; Secretary, Laura Kennedy; Treasurer, Edith Clizbe and Toastmaster, Edward Wilkinson. At a late hour the young people took their departure, all agreeing that this was the most pleasant reception that has been given.

Eagle

From the Beacon.

Mrs. O. C. Dovey and Carrie Adams of Plattsmouth spent Decoration day with Eagle friends.

Harry Tout resumed his position with Mr. Beardsley. He was tied up with smallpox at Bennett for about three months.

Rev. Bell died at his home at Palmyra Saturday. The funeral was held Monday. He was one of the oldest and most highly respected citizens of Palmyra.

Miss Gibson brought a very successful year term of school to a close in the Jack district, with a picnic in Stall's grove Saturday. There was quite a number present and all were well pleased with the meeting. A nice basket dinner was served, also ice cream.

The strawberry social and Maypole entertainment given in the Congregational church on Wednesday evening was a very pleasant affair. The Maypole drill by ten girls was very pretty. They were so well drilled that they went through the drill without a mistake. The pole presented a very pretty appearance after the ribbons had been wrapped about it.

The Big Horn Basin

Are you interested in the Big Horn basin of Wyoming? It's a rich but undeveloped portion of northwestern Wyoming. It contains marvelous openings for small ranches along good streams in the valleys, with one million acres of government land open to settlement under the United States land laws. The Burlington Route has just published a folder descriptive of the Big Horn basin. It is illustrated and contains an accurate map. It tells about the lay of the land, character of the soil, products, yield, irrigation and opportunities. If you're interested, better write for a copy. It's free. J.
