It seems to be a general cleaning up time with those who take any pride in the condition of their front yards.

In the spring time, gentle reader, the wisest thing to do is to stick close to your flannels. Until they stick to you.

Some newspapers will advocate prohibition and then turn right around and ask the saloon men for patronage. This is cheek and hypocrisy combined.

Carpenters and other contractors report the outlook very flattering for quite a building boom in Plattsmouth and vicinity the present spring and summer.

A. J. Engelkemeier called Saturday and became a patron of the Journal. Mr. Engelkemeier is a prominent young farmer, living ten miles northwest of Nebawka.

Saturday was a most beautiful day and as a consequence many farmers and their families were in the city. The largest crowd that has been in Plattsmouth for several months.

Now days it is not unusual to see upon our streets one or two citizens wending their way homeward with a rake or hoe. This means that garden making time has arrived.

Sanitary measure strictly enforced will be detrimental to doctors only, and they all seem willing to sacrifice a little professional business for the general good of the community.

Henry O. Weinberger, of Madison, Neb., and Miss Alvina Nichols, of Norfolk, Neb., were united in the holy bonds that binds, by Judge Douglas in this city Thursday evening, April 9th, 1903.

And now a southern Iowa man claims to have invented an electrical proxy kissing machine. It will never prove a success in this vicinity as the young men of Plattsmouth prefer to have their electricity direct from the battery.

Before the legislature adjourned, the flag which floated over the house of representatives at Lincoln was presented to the Loyal Legion, and the flag which decorated Speaker Mockett's chair was presented to the G. A. E. post of this city.

Such pleasant spring weather as we have been having the past few days is instilling new life into everything. The grass and wheat is becoming green, the frogs have awakened from their winter sleep and are filling the land with their joyous music.

The city election in Omaha bids fair to be quite a lively tilt. Moore has been renominated by the republican machine and the democrats have nominated E. E. Howell. The anti-machine republicans threaten to bolt, and if they do nominate another candidate, which is altogether probable, it is good bye to Mr. Moore's time.

Mrs. H. M. Soennichsen entertained the members of the German Turn-Verien Thursday afternoon of last week, and a very pleasant time was enjoyed.  
Several juvenile base ball teams have been organized in Plattsmouth in the last two weeks, which denotes that the boys take more interest in the game than the men.  
Great spring tonic. Drives out all impurities. Makes the blood rich. Fills you with warm, tingling life. A spring blessing is Rocky Mountain Tea. cents. Gering & Co.  
Our democratic friend, Herman Bestler, was in the city Saturday. The Plattsmouth republicans have about quit attacking him on political issues. He is entirely too much for them.  
L. G. Larson has secured the contract for the erection of Hall's new business house on the west side of Sixth street, between Main and Pearl, and work upon the same has already been commenced.  
A Lincoln girl recently sold a big trunkful of love letters to a rag man for 60 cents. He boiled them down and sold the product as genuine honey and realized a handsome profit from his investment.  
At the Nebraska City Presbytery in Lincoln last week Dr. J. T. Baird, of this city was selected as one of the delegates to the general assembly which will be held in Los Angeles, California, next month.  
The show season has opened and one hundred and ninety-six circuses, eighteen Wild West shows, and the Lord knows how many Tom shows there are starting out. One would judge from late numbers of the New York Clipper that the number would exceed that of circuses.  
The new postoffice boxes have at last arrived and put in place. Postmaster Smith and his assistants are much happier than they were this time last week. The office already presents a much neater appearance, and we know that the help in the various departments will have more pleasure in doing their work. The patrons are also better pleased.

It is reported that Weeping Water will grant licenses for two saloons. We give this report for just what it is worth.  
Father Carney is still alive, but growing weaker daily. It is thought that he cannot live but a few days longer.  
It is rumored, that, notwithstanding Louisville voted against license at the last election, one saloon will be permitted to run in that place.  
A. W. Magowan, of Toledo, Iowa, gave the Journal a call Monday. Mr. Magowan was over on some business matters, and ordered the Journal sent to his present address.  
The country paper that is so poor as to try to force itself upon the people at 50 cents a year should not be encouraged by people who believe that a "laborer is worthy of his hire."  
The Journal's old friend, J. A. Walker was in the city Tuesday, accompanied by his excellent lady. We were pleased to note that Mr. and Mrs. Walker both seemed to be enjoying the comforts of this life remarkably well.

According to reports the B. & M. will soon furnish all roadmasters with gasoline road cars. This will be quite an improvement over the old way.

Joy is abroad in the world for me. Since taking Rocky Mountain Tea.  
Emil Ratke, who has been an employee at the B. & M. shops for the past twelve or fourteen years, leaves this week with his family to take up their future abode in Tacoma, Washington.  
Albert Hunger, the gentleman who suffered a stroke of paralysis at South Omaha a few weeks since, was brought to his home in this city Saturday, with his condition slightly improved but almost helpless.  
Now's the time to take Rocky Mountain Tea; it drives out the microbes of winter; it builds up the stomach, kidneys and liver. A wonderful spring tonic that makes sick people well. Gering & Co.  
With the wireless telegraph, the girlless telephone, the coatless man, the horseless vehicle, the tobaccoless cigar, the bristless hog, the loveless girl and the promise of a featherless chicken, saying nothing about the stringless beans, mirthless laughter and the like, the impression is gaining ground that perhaps this may be nothing but a thingless old world after all.

Rev. Swanson, pastor of the Swedish Congregational church at Lincoln, was in the city Tuesday.  
Tom Julian, foreman of the B. & M. round house at Gibson, was a Plattsmouth visitor this week.

Don't fail to see the fun at the Parnelle Theatre, Thursday night, April 23. The Elks minstrels. You will regret it if you are not there.  
A marriage license was issued Tuesday to William Chandler, aged twenty-six, and Miss Emma Reynolds, aged twenty-three, both of Nebawka. We thought Billy looked a little suspicious when he visited the Journal Tuesday.  
Mr. B. F. Jarrett, of Rulo, who has been in the city several days, and who is the father-in-law of William McClelland, the young man killed in the B. & M. bridge accident, and whose body is still at the bottom of the river, informs the Journal that he will give \$25.00 for the recovery of the same.  
The report comes from Louisville that Mayfield Bros. have their material on the ground and are making all preparations to soon launch a new applicant for public favor. Well, the Journal don't wish them any bad luck if they have fully determined to start the second paper in Louisville.

Boy Shot Himself.  
James, the fourteen-year-old son of Mr. and Mrs. James Kennedy, living four miles south of Plattsmouth, while playing with a 32-caliber revolver shot himself in the abdomen. The mother of the boy was in the city at the time, and when she received the news she immediately hastened home accompanied by Dr. J. H. Hall. The doctor was unable to locate the bullet at the time, and up to the time of going to press it has not been located. And, strange to say, the unfortunate boy is yet alive, but without much hope of recovery. This is another warning to parents who persist in leaving loaded revolvers lying loose around the house.

**A WORD TO FARM TOILERS.**  
**PAIN'S CELERY COMPOUND**  
The Home Friend of the Farmer and His Family.  
After the labors and toils of the summer time, and harvesting of crops in the early autumn, many of our farmers, their wives, daughters, and sons, find themselves in a condition of health demanding careful attention if suffering is to be avoided later on. Many experience kidney trouble in some form; with some the liver is torpid; there is biliousness, nausea, and vomiting, with loss of appetite and depression of spirits. Thousands who have been exposed to cold, damp winds and rains while toiling in the harvest fields, now feel the twinges of terrible rheumatism; others run down by worry, overwork, and irregular dieting, are tormented with the pangs of dyspepsia. To the thousands of run down, sickly, and half dead men and women in farm homes we recommend with all honesty and confidence the waker's friend, Paine's Celery Compound, the only medicine that can quickly and fully restore strength to the weak body and vigor to the muscles. Paine's Celery Compound tones the stomach; it removes poisonous acids from the blood which cause rheumatism; it feeds the weak and diseased nerves and banishes neuralgic tortures; it purifies the blood and gives true vitality and life. The use of Paine's Celery Compound in autumn means the establishing of a perfect physical vigor to withstand the rigors of a severe winter.

Parnelle will occupy his residence property, now occupied by D. S. Guild, while his new residence is being erected on his place, known as the Fitz forty, on Chicago avenue.

**Miss Florence Dovey Entertains.**  
On Monday evening last the members of the T. C. C. club, and a number of their friends, to the number of about forty, were most delightfully entertained at the home of Miss Florence Dovey. The evening was most enjoyable spent with music, cards and dancing until a late hour. Elegant refreshments, consisting of ice cream, cake and other delicacies of the season were served, and all returned home feeling that "it was good to be there."

**Poor Man.**  
The time is nearing when the gentle housewife will begin to tear down everything about the house, dust it off, arrange it differently, and make life interesting for the doting hubby. In these days of trial and tribulation a man knows not where to lay his head and sorrow breaks out on him worse than a negro with the small pox. It was ever thus, since Adam walked out of the Garden of Eden and took board at a cheap lodging house.

**Danger From Colds and Grip.**  
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

**Fine Residence.**  
C. C. Parnelle is arranging to erect a handsome home on what is known as the Fitz forty on Chicago avenue this summer. It is the intention of Mr. Parnelle to make this one of the most comfortable homes in Plattsmouth, and will cost in the neighborhood of from \$12,000 to \$15,000.

**A Dream Verified.**  
For twenty-five years it is said a farmer in the east part of Lancaster county has been haunted by a dream that he had a long time ago, in which he saw a pot of gold hidden on his farm, but could never before have the courage to investigate. At last a few days ago he went to the spot indicated by his dream and when he had dug down about six feet his spade struck a hard substance. With great haste he threw the earth aside and finally dug out a horse's jaw bone. Now, some of his neighbors are jollying him by telling him that he must have really had a nightmare.

**Schwab Ruined.**  
It is only a short time ago the newspapers asserted Charles Schwab of the steel trust fame being ruined physically and mentally as the result of overwork. He is not alone—an immense number of men and women, boys and girls can be seen everywhere, the living ruins of formal vigor. They all forget that strength must not be expended only, but that it must be preserved and increased. Triner's American Elixir of Bitter Wine will do that for you. It renews the blood and thus renews the strength of muscles, of nerves and of the brain, it renews the whole system. A better strengthening blood purifier cannot be prepared; it gives energy to the mind, elasticity to the muscles, fairness to the nerves; it brings a healthy, rosy complexion and rounds the contours of the body. For people, pale, weak or old, there is nothing better. At drug stores and at the laboratory of the manufacturer, Jos. Triner, 799 South Ashland Ave., Chicago, Ills.

**A Great Sensation.**  
There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by F. G. A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at F. G. Fricke & Co.'s drug store.

**The Morton Memorial.**  
Arbor Day this year will have special significance because of the fact that it is not only the recurrence of this year for planting trees, but also will this day be really a memorial of the death of the founder of Arbor Day, J. Sterling Morton. A commendable feature will be a children's contribution toward the erection of the Morton monument, which is to be built in Morton park, Nebraska City, in memory of this most distinguished one of Nebraska's dead. To provide for its erection in memory of the founder of Arbor Day, a memorial association has been formed with ex-Governor R. W. Furness as president and a number of Nebraska's most distinguished citizens as officers and executive committee. A large portion of the amount necessary to build the monument has already been donated. An opportunity, however, is to be given to the school children of Nebraska to contribute of their small store toward the erection of this memorial and Arbor Day is the most fitting time for them to make their gifts. There could be no more worthy enterprise than this, and teachers and pupils should take a decided interest and have a part in erecting this memorial in memory of the man who has done so much for Nebraska and his country.
