The A. O. U. W. lodge through the instrumentality of Mr. Parriott, added to its membership last Friday night, sixteen new members. This is a good order.

Tuesday afternoon while heating a tub of tar, with which to tar the roof of the saloon, the workmen allowed it to get too hot causing it to take fire. Until the origin of the dense clouds of smoke rolled over the building toward Main street was ascertained quite a little excitement prevailed.

Maple Grove

Special Correspondence.

Mynard

Special Correspondence.

A few items for the Journal, if I have to drag them down through the mud, mud, mud.

Corn planting is in a state of innocuous desuetude for the present, overabundance of precipitation is the cause of the consequence.

Contrary to nearly all previous reports, the apple crop promises to be as good as usual, at least this is what many claim, and there will be some peaches, the same authorities claim, but they are not placing their claims very high.

W. D. Wheeler and Joe Tubbs attended the Masonic lodge in Plattsmouth on Monday night and tarried over till Tuesday before getting home. They say it rained there, and we know

Aaron Gamble returned last week from Red Deer, Alberta, Canada, where he went with a car of stock, implements and household goods for Robert and Tom Gamble, who have homesteaded land about thirty miles from Red Deer. Mr. Gamble gives a very favorable report of the country.

Geo. Keefe who lately returned from California, where he spent several months in an effort to regain his health, died at his home three miles north and five and one-half miles west of Elmwood, Tuesday morning. The cause of his death was consumption. Mr. Keefe was well known over Cass county and has hosts of friends who will be pained to hear of his death. The plan to erect a large building for public hall and lodge room may not win, but the effort has not cost the town any great sum, and we see no room for the "knocker."

The business men of this village got turned down when they asked the railroad company to put a telephone in the depot, that's why we are not asking for a new depot.

James Beckner has been going around feeling like a poisoned rat, and says he had about a dozen different ailments. His case is easy to diagnose—a clear case of grip—and there's no fun in it.

We hear it intimated that one of Cass county's ex-editors will in the near future take upon himself the responsibilities of married life, and the Ledger takes this opportunity to be the first to offer congratulations just twelve days in advance.

Billy Gerard has contracted a severe case of snakes. He went on a spree more than a month ago, or in fact, before the booze joints were closed in Louisville, and now that his money is all gone and he can get no more liquor, the town having gone dry, he is left a physical and mental wreck. He has been guarded for several days but Wednesday night about 11 o'clock he slipped away from his guard and seeing a light in Diess Bros. store broke the large plate glass and crawled in.

When found he was wrapped in a quilt and hid under the bed in the rear of the store. When Constables Spence and Davis dragged him from his hiding place he insisted that he broke in there because he was being pursued by a mob who wanted to kill him.

Mexican Mustang Liniment

Its Year of Jubilee has come.

Sixty years of faithful service to Man and Beast entitles it to

A GRAND DIAMOND JUBILEE

Your sires and grand sires used Mexican Mustang Liniment because it healed their hurts and cured the ills of their domestic animals. What MEXICAN MUSTANG LINIMENT did for mankind and brute kind 60 years ago it does to-day. It has always cured and always will cure any and everything that a good, honest liniment can cure.

All Sorts of Horse Flesh

are all subject to all sorts of Sprains, Bruises, Flesh Wounds and other ails. Most owners know that Mexican Mustang Liniment is the most effective horse medicine that ever penetrated flesh. It is the best investment an animal owner could put money into.

It soaks down through the muscles.

No liniment can cure unless it penetrates the fevered and swollen muscles right down to the roots of the trouble. MEXICAN MUSTANG LINIMENT penetrates more thoroughly than anything that was ever created in a chemical laboratory. The deepest, most stubborn and most intense pain in man or beast can be reached and routed by the use of this good old time-tried liniment.

Cures the hurts of anything that walks.

If your horse has a stiff joint, a harness sore, a cut or bruise, MEXICAN MUSTANG LINIMENT will cure it. If your cow has a hurt, a caked udder or sore teats it will cure it and restore her to health and usefulness. If your pig has a runny nose, rheumatism, scaly legs or any disease of the flesh or bones MEXICAN MUSTANG LINIMENT will cure them. What it has done in thousands upon thousands of instances justifies these claims.

Two things needed in lameness.

What Lameness, Stiff Joints and other deep-seated ailments need more than anything else is MEXICAN MUSTANG LINIMENT. The next is plenty of rubbing. The rubbing works the liniment away in through the flesh and some muscles to where the pain begins and then the lameness disappears and the pain departs.

Three sizes. 25c., 50c. and \$1 a bottle. Sold everywhere.
