LABOR DAY TALKS

PRESIDENT SPEAKS AT NEW YORK STATE FAIR.

A COMMUNITY OF INTEREST

The Welfare of One Dependent Fundamentally Upon the Welfare of All—The Highest Privilege Enjoyed is that We May Work.

SYRACUSE, N. Y.—The address of President Roosevelt, being the Labor day address opening the state fair, was, in part, as follows:

It has been our profound good fortune as a nation that hitherto, disregarding exceptional periods of depression and the normal and inevitable fluctuations, there has been on the whole from the beginning of our government to the present day a progressive betterment alike in the condition of the man who, by his manual skill and labor, supports himself and his family, and endeavors to bring up his children so that they may be at least as well off as, and if possible better off than, he himself has been.

There are, of course, exceptions, but as a whole the standard of living among the farmers of our country has risen from generation to generation, and the wealth represented on the farms has steadily increased, while the wages of labor have likewise risen, both as regards the actual money paid and as regards the purchasing power which that money represents.

Side by side with this increase in the prosperity of the wage-worker and the tiller of the soil has gone on a great increase and among certain classes of professional men; and the prosperity of these men has been partly the cause and partly the consequence of the prosperity of farmer and wage-worker.

It cannot be too often repeated that in this country, in the long run, we all of us tend to go up or down together.

Of course there are always some men who are not affected by good times, just as there are some men who are not affected by bad times. But speaking broadly, it is true that if prosperity comes all of us tend to share more or less therein, and that if adversity comes each of us, to a greater or less extent, feels the tension.

It is all-essential to the continuance of our healthy national life that we should recognize this community of interest among our people. The welfare of each of us is dependent fundamentally upon the welfare of all of us, and therefore in public life that man is the best representative of each of us who seeks to do good to each by doing good to all; in other words, whose endeavor it is, not to represent any special class and promote merely that class' selfish interests, but to represent all true and honest men of all sections and all classes and to work for their interests by working for our common country.

SHAW TALKS PLAIN TO FARMERS

Says Agriculture Has Not Kept Pace with Other Industries.

COLUMBUS, O.—Secretary of the Treasury Shaw arrived here Friday. He delivered an address at the fair grounds. He did not mention the currency question in his speech, confining himself to general agricultural topics. He declared that in its economic agriculture had not kept pace with other industries, saying:

"You grow a fat pig or steer, but the chances are that you cannot tell whether he costs you 3 cents or 5 cents a pound to produce. When these are marketed every bit of waste ceases, every by-product is saved and it is known to the fraction of a cent what each has cost."

"At the risk of offending some, I am going to say that if I questioned the first ten farmers I met in adjoining states, nine would tell me how productive their farms used to be, how much better they used to make and how much hay they used to produce. There is no excuse for land deteriorating and as certain as day, economy must be practiced on the farm as it is in the factory, packing house and refinery. The by-products must be turned off then, he himself has been."

THE PUBLIC DEBT STATEMENT.

Decrease is Shown of Over \$6,000,000 for August.

WASHINGTON, D. C.—The monthly statement of the public debt at the close of business August 31 shows the total debt, less cash in treasury, amounted to \$926,924,357, which is a decrease for the month of \$6,098,951. This decrease is accounted for principally by the corresponding increase in the cash on hand. The debt is recapitulated as follows:

Interest bearing debt, \$914,541,400; debt on which interest has ceased since maturity, \$1,204,070; debt bearing no interest, \$390,629,527; totals, \$1,307,375,065. This amount, however, does not contain \$896,739,869 in certificates and treasury notes outstanding, which are offset by an equal amount of cash on hand held for their redemption.

NO INCREASE IN DEPOSITS.

Secretary Shaw Says that Money Will Be Held in Treasury.

CHICAGO.—The published report that government deposits in national banks are to be materially increased is declared by Secretary of the Treasury Leslie M. Shaw to be unfounded.

Secretary Shaw Thursday made the following statement:

"I notice some newspaper accounts to the effect that I am about to increase deposits of money to the extent of \$40,000,000 available for deposits if conditions should hereafter render it expedient to make so large an increase."

"For the present I am accepting only applications for small amounts that have been on file for several months and am confining these to agricultural districts."

JURY'S FINDINGS

SIXTY PERSONS CAUGHT IN P. O. INVESTIGATION.

LEOPOLD STERN IS FOUND.

The Baltimore Contractor Who Fleed the Country After Indictment Will Make a Fight Against Extradition Proceedings by the Government.

WASHINGTON—After deliberating for several weeks over a mass of documents submitted by the postoffice inspectors, the federal grand jury in this city on Tuesday returned seven indictments in postal cases, involving sixty persons. All the indictments were kept off the public record and both the office and district attorney refused to discuss the indictments or the parties indicted. The identity of the indicted individuals was thus left a matter of conjecture.

It is expected that arrests will occur tomorrow morning and that the Postoffice department will have some announcement to make during the forenoon. The grand jury action probably marks the beginning of the end of the investigations that have been in progress since the middle of March. Voluminous evidence has been laid before it as a result of the inquiry, and while the present report of the jury disposes of most of the cases, there yet remains several to be passed up.

When the latter are disposed of, according to Postmaster Payne, the investigation so far as the work at Washington is concerned, will be at an end for all practical purposes. Several of the persons indicted today live outside of Washington. They will be arrested as soon as bench warrants can be served.

Postmaster General Payne and Fourth Assistant Postmaster General Bristow received word of the grand jury's action shortly after that body reported, and subsequently they had a long conference on the subject. Both refused to divulge details pending official notification of the arrests.

Two other important events occurred in the postal inquiry. Leopold Stern, the Baltimore contractor, who disappeared from Baltimore before he could be arrested on an indictment returned July 31 last, was located at Toronto, and the long delayed surrender of George W. Beavers, the former head of the salary and allowance division, to the New York authorities has been searched for Stern ever since he disappeared and finally received word from the Canadian authorities that he is in Toronto. They expressed considerable vexation at his whereabouts on account of the trouble of extradition that now confronts the government and the possibility of his making good his escape now that information has become public in advance of the readiness of the authorities to effect his arrest. Beavers' arrest created no surprise, for the government all along has kept advised of his whereabouts, despite reports to the contrary.

TORONTO.—Mr. Stern declined to be seen when a reporter called at his home. He referred all callers to his attorney. Mr. Stern's lawyer said that his client was ready to appear before an extradition judge and prove his innocence, which is interpreted as a declaration that extradition proceedings will be fought to the end. He will not leave the city, the attorney said, and if an extradition warrant is secured Mr. Stern will at once leave for Washington.

Jenalous Woman a Murderer.

DENVER.—Mrs. Theodore Kruse, wife of a bookbinder, was shot and killed on Thursday at her home by Mrs. Kate Bernadine. The murderer was arrested. She declined to make any statement. The cause of the shooting is supposed to have been jealousy. Mrs. Kruse was attending her eight-month-old baby when called to the door by Mrs. Bernadine, who immediately fired through the wire netting.

MARINES KEEP GUARD.

European Powers Take Active Measures to Protect Subjects.

WASHINGTON.—Minister Leishman has cabled the state department that owing to the disturbed conditions in Constantinople an additional kavass, or detective force, has been stationed at the American legation.

This action was taken on the suggestion of the Turkish government, which has assured the American minister that it will use every precaution to protect all foreigners, but has warned the different embassies and legations that it would be well to strengthen the force inside the buildings.

In case a necessity develops it is probable that the Turkish government will allow the United States to send a detachment of marines from the squadron which is expected to arrive at Beyroet at once. The United States has no authority to send a warship through the Dardanelles and would have to have the consent of Turkey and also that of other European powers to do so.

Minister Leishman, in his cablegram, informed the department that a number of governments have landed marines in Constantinople for the protection of the embassies.

BLOODY DEEDS AT HAND.

Macedonians Threaten Violence of a Revolting Character.

LONDON.—Special dispatches from the near east published here Tuesday morning furnished little news regarding the situation in the Balkans. All the correspondents at Constantinople emphasize the apparent danger of war with Bulgaria, while the Sofia correspondents are equally insistent as to the prudent and correct attitude of Prince Ferdinand and his government.

Accounts from both Turkish and insurgent sources of the operations in Macedonia show that the work of extermination is proceeding unchecked, and although apparently realizing the danger of a conflagration, the powers are making some attempt to interfere, it is believed that nothing of a serious nature will be done until after the meeting of the czar and Emperor Francis Joseph at Vienna, when it may be too late. The insurgents are now said to number 26,000 well armed and efficiently commanded men.

UNITED STATES IS BLAMED.

Berlin Papers Place Responsibility for Beirut Affair.

BERLIN.—The newspapers Wednesday morning, in commenting on Sunday's outbreak at Beirut, throw the blame for the occurrence on the United States. The Lokal Anzeiger says:

"Now that the Americans have their dead they will make inquiry whether they are responsible for the effervescence in Beirut. By the unprecedented action of their minister in Constantinople, and their naval demonstration, the yearning of the United States to mix up in European politics has found some justification."

FIRST DOCUMENT OF PIUS X.

Addresses Letter to Certain Cardinals Confirming Appointments.

ROME.—It has been announced that Pius X would announce Tuesday his first encyclical addressed to the Catholic hierarchy and people throughout the world, but this was incorrect.

The pontiff published his first official document, consisting of a letter addressed to Cardinals Vanuttelli, Rampolla, Ferrata and Yves y Tuto, confirming their appointment by Pope Leo, as a celebration of the fiftieth anniversary of the dogma of the Immaculate Conception. The letter, which is brief, is followed by a prayer to the Virgin Mary, which will acquire importance as being the first to bear the signature of Pius X.

Dipping Order is Modified.

Sickles will represent the society at the unveiling of the Sherman statue and Gen. John R. Brooke, the president, will respond at the banquet. The headquarters will be at the Ebbitt house. A large crowd is in attendance.

THE CUP IS HELD

AMERICAN RELIANCE WINS THE THIRD RACE OF SERIES.

SHAMROCK MISSES AT FINISH

Does Not Cross the Line and Comes to It from the Other Side—American Yacht Takes the Lead and Maintains the Same.

Time of Race.

Reliance Start 1:01:56, Finish 5:30:02, Shamrock III did not finish.

NEW YORK—Reliance, the American cup defender, on Thursday won the third and final race and the series for that famous sea trophy, America's cup. In a dense fog, which prevented vision beyond 200 yards, the defender finished the race at 5:30:02 amid the acclamations of the assembled fleet. Shamrock III, after running for more than an hour in the fog, missed the finish line, passed by it and then returned to it from the opposite direction. As Reliance was then being towed through the feet the yacht's engine fluttered from its truck and spreaders in celebration of its victory. Shamrock III did not cross the finish line. As often said of the historic race when America won the cup, "There was no second."

This successful race was achieved only after four futile attempts to sail off the final race and after the outcome had been admitted by even Sir Thomas Lipton to be a foregone conclusion. Today's was the eighth attempt to sail a race. After one fluke Reliance won the following races, one by 7 minutes and 3 seconds and the other by 1 minute and 19 seconds.

A week ago the first attempt to sail the third race failed and others have failed every day this week. On the first occasion Reliance led Shamrock to the finish line by two miles, but failed to reach it before the expiration of the time limit of five and a half hours. Today's victory means that the cup is destined to remain in America until England is able to produce a genius equal to Herreshoff in yacht designing.

Rarely, if ever, has there been a more spectacular finish than Reliance's. After racing over an hour at terrific speed through a blinding fog, Reliance burst through the wall of mist upon the vision of the spectators on the fleet assembled at the finish line, and, heeling under a great bellying balloon jib topsail until its lee rail was awash, flew across the finish line almost before the spectators could determine for a certainty that it was the defender. Once more the Yankee boat had added to the long string of victories in contests for the honored old silver trophy that carried with it the blue ribbon of the sea.

SAY THE BETTER BOAT WON.

London Papers Comment on the Cup Yacht Races.

LONDON.—Friday morning's papers publish editorials congratulating the United States on again retaining the America's cup, and complimenting Sir Thomas on his gallant fight. All the journals agree that the contests were won by the better boat and the cleverer skipper and crew and admit that there seems to be no reason why the United States should not retain the cup for many years to come, since it seems that Great Britain has something to learn from America in the matter of yacht building.

The Daily Telegraph expresses the general feeling, when paying a tribute to the fairness with which the contests were conducted, it says: "An entirely honorable chapter added to the history of the America's cup."

THE GREAT NORTHERN HOLDUP

Bandits Fire on the Engineer at Great Falls, Mont.

BUTTE, Mont.—A special to the Inter-Mountain from Great Falls says: What is believed to have been an attempt to hold up Express No. 151 on the Great Northern railroad almost within the city limits of Great Falls was foiled by the engineer, who ran his train by the spot where it was to have been halted so fast that the robbers could not get at him.

Just east of the city the engineer saw figures on the side of the track in the darkness. Some one shouted something, but the engineer paid no attention. There was a shot and the ball passed within a foot of his head and smashed a glass in the cab. Detectives were hurried to the scene, but no one was found there.

By Threat of Death.

BUCHAREST.—M. Swetkoff, agent here of the Macedonian committee, has been arrested for extorting, by menaces of death, subscriptions to the funds of the revolutionists. The police discovered receipts signed by Baris Saraoft, the revolutionary leader, for sums aggregating \$5,000. The Roumanian government has ordered the frontier officials to register all the Bulgarians leaving Roumania and to prevent their return to this country.
