The Journal would like to have a correspondent in every nook and corner of Cass county. Many patrons of this paper have children who could send us the news from their neighborhood if they would only try. Write down the particulars as near as you can and we will fix them up for you. A little experience of this kind will help you, as well as giving the Journal the news from your locality.

Elsewhere in this issue will be found the financial statement of the old reliable Bank of Cass County. This banking house is among the safest and best in the state of Nebraska, no section excepted. A disordered stomach may cause no end of trouble.
