Manager McClain is very busy with a force of men in the country connecting up a lot more farm residences.

The continued cold and wet weather causes some apprehension among the farmers who have corn planted, lest it should rot in the ground.

Prof. Patterson of the Manley schools informs us that he has been elected principal of the Nehawka schools for the coming year.

David Amick, one of the prosperous owners of a valuable farm in the vicinity of Murray, was in town Wednesday and paid this office a social call. Dave was in Weeping Water twenty years ago, but his visits of recent years are not very frequent. He said he was unusually busy this spring as in addition to his large amount of farm work, he is building a fine house on his farm.

Word was received by Mrs. I. N. Woodford, on Sunday, of the death of her niece, Miss Mary Woodford, at Ontario, Cal. No particulars were received at that time. Miss Woodford was a teacher in our schools for a number of years and had a great many warm friends here, who will be pained to hear of her death. She was teaching at the time of her death. Miss Woodford leaves six brothers and a large circle of relatives.

Last Thursday afternoon Miss Irene Armstrong was driving to town, and when near H. D. Reed's home the horse took fright at the cars and ran away. Miss Armstrong was thrown out and her collar bone broken, besides being badly bruised. She was carried into Mrs. Wolfe's home and Dr. Rickard sent for, who made the patient as comfortable as possible. This is the same horse that became frightened in the same place and ran away with Mrs. Armstrong a few weeks ago. We understand it is an old horse and been in the family a good many years and that about fifteen years ago it ran away with Mr. Armstrong and he was badly injured. We would think they would get afraid of him after so many exciting experiences.

From the Herald.
Jas. Minnie reports a case of scarlet fever at his home. A nine-year-old son is afflicted.

Born—To Mr. and Mrs. R. C. Bailey, Friday, May 13, 1904, a boy. To Mr. and Mrs. A. L. Branson, Sunday, May 15, 1904, a girl.

Phil Davis was down town Saturday for the first time in several weeks, but did not look like he was able to withstand a very heavy windstorm. Phil has had a long siege of rheumatism.

Steve Orton doesn't know how near he came to being lynched. In the year 1888, after visitidg in Michigan, brought home two dandelion roots to plant in his flower bed, but says both of them died.

J. W. Gamble of Union will have charge of the Elmwood schools for the coming year. Mr. Gamble is a thorough school man and will undoubtedly give the best of satisfaction.

Louisville has an occupation tax ordinance. It is noted that while the drayman pays \$2 per year for each vehicle, and the dentist \$10, the printing office pays \$1.00. Wonder who is on the board?

Frank Spangler was in town Saturday, having Dr. Rickard dress the third finger of his right hand. Mr. Spangler held a rope that was attached to a cow, when the latter jerked the rope through his hand so quickly as to break the bone.

Hugh Ramsey, of Laramie county, Colo., was in town last week, and had been visiting his brother John Ramsey of Manley. Mr. Ramsey has spent twenty years in Colorado and now the brothers are nearly all located there. His mother went out last winter to make her home. He says the prospects for a big beet crop is flattering, and rain in plenty has come just in time.

Quick Arrest.

J. A. Guldedge of Verbena, Ala., was twice in the hospital from a severe case of piles, causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at F. G. Fricke & Co., druggists.

Carl Stone, one of Nehawka's progressive young men, and Miss Bertha Humphrey, the handsome and accomplished daughter of Sam Humphrey, accompanied by Mrs. Katie West and Miss Stella Banning, boarded the early train last Wednesday and journeyed to Lincoln, thence to Bethany. At the latter place they vowed "for better or for worse." Having previously joined hearts they now stood before the altar and solemnly repeated the words that joined their loving lives together "until death do us part." Carl Stone is a son of our estimable fellow-citizen, J. M. Stone, who is president of the Nehawka bank and owns large farming interests in Cass county. The happy couple have made a temporary home with the groom's parents.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c, at F. G. Fricke & Co.'s.

Sheriff McBride telephoned here yesterday morning to have officers watch for two short men who had robbed a store at Murdock Wednesday night, and stated that two men answering the description had been seen near Murray. When the local freight arrived at 10 o'clock yesterday morning Conductor Rex reported that his train had passed two short men a few miles up the track. Constable Saxon summoned assistants and went up track to meet the supposed robbers. They were met a short distance above town and placed under arrest, but a careful search failed to bring to light any proof of their guilt. They had watched the train

a few other trinkets and some money, but they gave a satisfactory account of how they came into their possession, and after conferring with the sheriff and comparing notes Constable Saxon decided to release the men. They were Greeks and did not have the appearance of being bad men.
