

The Fall Season.

One Important Fact

concerning the Fall and Winter Clothing is the remarkable variety of patterns which it includes and the enormous range of styles into which our fabrics are made.

OUR LINE is almost entirely on our counters, and certainly is a beautiful assortment, both in single and double breasted styles. The double breasted will be worn more this winter than for some time.

OUR HATS are also here, and we are showing many shapes for Fall and Winter.

Given Up to Die.
B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." E. G. Fricke & Co.

NEWS OF NEBRASKA.

Attorney Burr Denies Charge.
Lincoln, Sept. 9.—L. C. Burr, attorney for Hays B. Tomson in a suit against the Western Travelers' Accident association, who was accused of mutilating the records by Attorney Gilbert of Omaha, filed his own and several other affidavits in the supreme court denying the charge.

Burned to Death in Barn.
Indianola, Neb., Sept. 10.—Three sons of Jacob Korb, a farmer near here, slept in the haymow of the barn. Two of them awoke with flames all around them, and, though badly burned, managed to jump from a window. The charred remains of the third brother were found in the ruins. Eleven horses were also burned to death. The boys had been smoking.

Groom Not as Described.
New Brunswick, N. J., Sept. 12.—Back to her home in Lincoln, Neb., went Miss Minnie Humphries of Lincoln, without a husband. She had come here expecting to get married, but when she saw the man she halted. His advertisement for a wife, she said, did not agree with the conditions as she found them, especially in regard to age, and all the persuasion of the man could not overcome her objections.

Alleged Assailant in Custody.
Lincoln, Sept. 9.—Sheriff Bauman of Fremont, Neb., brought Howard Bailey, a circus hanger-on, to the state penitentiary that he may be safe from mob violence. Bailey is charged with making a criminal assault on Pearl Olson, a ten-year-old girl at Fremont Monday night. The child is in a critical condition and the sheriff, when he captured Bailey, after a long chase, took him to a nearby town and on to Lincoln to avert possible lynching.

Alleged Bank Robbers Arrested.
Lincoln, Sept. 13.—Police-men effected an entrance to a room occupied by two men giving the names of George Dowd and Frank Todd, and arrested them on the charge of robbing the postoffice at Swedeburg Friday night and cracking the safe of the Bank of Palmyra early yesterday morning. Both men, the officers say, are ex-convicts, and the evidence against them, they assert, is nearly conclusive. In the room they occupied was found a quantity of dynamite, caps, fuse and burglar's tools.

Jewelry Stolen in Sleeper.
Lincoln, Sept. 13.—Mrs. Mark Woods of this city was robbed of \$700 worth of jewelry while on route with her husband from a trip east. Mrs. Woods had placed the jewels in a chamois bag, which she placed to her gown before retiring to her berth for the night. In the morning the jewels were missing. Mr. Woods thinks the robbers were after a roll of bills which he had displayed during the early evening while paying the conductor and porter for accommodations on the sleeper. He intends to bring suit against the company.

Cold Air as Tetanus Cure.
Omaha, Sept. 10.—Dr. W. J. McGrann, a South Omaha surgeon, has demonstrated the value of cold air as a cure for tetanus. Last week he was called to Francis McKeon, ten years old, who was then in the first stages of lockjaw, caused by a splinter that had entered the bottom of his left foot. The case continued to grow worse, and on Monday a cut was fixed up in the cooling room of a brewery, with a temperature at 35 degrees. On Tuesday morning the convulsions were so severe that death appeared to be a question only of hours. Today the boy was able to open his mouth sufficiently to take nourishment, and his recovery is assured.

NEARLY ALL CORN CROP IS SAFE.
Entire Acreage Will Be Free From Possible Harm in Ten Days.
Lincoln, Sept. 14.—Ten days more will put the entire Nebraska corn crop out of danger of frosts, according to the Burlington weekly crop report, which says much of the corn already is safe from the danger and the most valuable crop ever raised in the state is now maturing. On the Wymore division some damage is reported to corn, owing to the dry weather. Similar damage is reported on the Concordia branch. Between Table Rock and Lester the yield to the acre will be from twenty-five to twenty-eight bushels. On the Lincoln division less than ten days will put the crop beyond the danger of frosts.

CONFESS TO KILLING WATCHMAN
Each of Accused Tries to Shift Blame on the Others.
Sidney, Neb., Sept. 14.—The preliminary hearing of Tom McIntyre, James J. Miles and Harry Neville charged with the murder of Watchman Frank Wiser, was held before Judge Tucker. All the defendants pleaded not guilty. They each in turn, however, took the witness stand and accused one another of the crime, alleging that they did not intend to kill Wiser. Their statements were conflicting. McIntyre claims that the watch and chain and revolver were hidden under the coal chutes at Pine Bluffs.

COUPLE FATALLY BURNED.
Woman Pours Coal Oil on Her Clothing and Sets it on Fire.
Butte, Neb., Sept. 8.—Henry Toler, a merchant at Anoka, and wife, were fatally burned by what was said to be the explosion of a can of coal oil that Mrs. Toler was starting a fire with. Toler died and his wife is given up by the physicians in attendance. Before dying Toler refused to say how the accident occurred, but since his death his wife has said that they were quarrelling and she threw a tomato at him. It enraged Toler and he said he would kill her. She then went into another room, saturated her clothing with coal oil, and then struck a match and set fire to her garments, running into the room where he was in a mass of flames. He immediately tore all her clothing from her, and in so doing was badly burned himself, especially about the neck, he having on a celluloid collar. In order to put out the fire on himself he jumped into a twenty-foot cistern, from which he was rescued by neighbors. Toler was insanely jealous of his wife.

Accepts Call to Lincoln Church.
Lincoln, Sept. 10.—Rev. J. W. Jones of Everett, Mass., has been tendered and accepted a call to St. Paul's Methodist Episcopal church, the largest in Lincoln.

Woman Dangerously Burned.
Lincoln, Sept. 8.—By the explosion of a lamp Mrs. Fairchild 1442 G street, was dangerously burned and is now in a serious condition. She was at home alone and when the lamp exploded it threw burning oil over her clothing, which caught fire. Her screams attracted the neighbors, who enveloped her in blankets and smothered out the flames. Mrs. Fairchild is a member of the Christian Science church and she is being treated by scientists.

Lose No Time in Rebuilding.
Nebraska City, Neb., Sept. 10.—The Jones Grain company of this city let the contract this afternoon for the rebuilding of their elevator that was burned in Maynard this morning. Work will begin as soon as the debris can be cleared away. A B. Wilson of the company places their loss by the fire at \$6,000, which is partially covered by insurance. The office and elevator fixtures and supplies and about 2,000 bushels of wheat and oats were consumed. The fire is supposed to have been started by sparks from a passing engine.

Statue to Be Ready in March.
Nebraska City, Neb., Sept. 12.—The Arbor Day Memorial association has been notified by Sculptor Rudolph Evans, who is in Paris, that the bronze statue of the late J. Sterling Morton, which is to be erected in Morton park, will be ready by March 1. The stone work for the statue is completed and will be put in place early in the spring and an effort will be made to have the monument ready to be unveiled on Arbor day, April 22, 1905. The monument will be placed in the center of Morton park, which was given to the city by the late J. Sterling Morton.

E. B. Andrews Discredits Son.
Lincoln, Sept. 10.—E. Benjamin Andrews, chancellor of the University of Nebraska, issued a notice announcing his willingness to pay all just debts contracted before Aug. 20 last by his son, Guy A. Andrews, and warning the public not to extend loans or credits to the son or cash checks for him. Young Andrews, who was an attorney in Lincoln, was last spring, on the representations sworn to by his father as to his mental condition, committed to the state hospital for the insane. The treatment, it was declared, was for dipsomania, and recently he was discharged as cured.

Manager Higbee Has Departed.
Gretna, Neb., Sept. 12.—The Farmers' Cooperative Shipping association elevator here has temporarily suspended business, due to the sudden disappearance of its trusted agent or buyer, O. C. Higbee, who departed Monday morning for parts unknown. The auditing committee and board of directors have been busy since looking up his accounts and found a shortage of \$6,200. This does not include a \$4,000 claim against the association for money advanced for construction and operation. The elevator has been in operation about one year and has done a large business. Higbee, the departed manager, was not under bonds and the members of the association hold the sack. A large number of Sarpy's most prominent farmers are interested in the elevator.
