Missing Goods Located.

In yesterday's issue of this paper, an account of a supposed daylight robbery was published, but since last evening the fact has developed that the fruit and dishes, that were reported to have been stolen, were disposed of by Mrs. Burke, who was afraid that she would not return alive from an Omaha hospital, where she went for treatment, and therefore placed the above property with neighbors, so that in the event of her death, they would be left to her two children.
