Mr. Upton will cheerfully furnish any further information desired.

Rest is the greatest restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by F. G. Fricke & Co.

### ARRESTED FOR TRESPASS

Plattsmouth Citizen Has Family "Pinched" for What He Terms Trespass.

Another case of trouble from the Island has come up for settlement in the county court of Nemaha county, and when some of the Journal readers read who the complainant is, they will not be surprised. In speaking of the case the Auburn Herald says:

"On April 8th, Thomas W. Glenn, a resident of Plattsmouth, and who owns land on the Island, filed a complaint against Mary, James, Charles and John Henderson, also residents of the Island, charging the latter with trespass. "Glenn alleges in his complaint, that about the 28th of March, the defendants went upon and passed over his lands and by such action damaged same to the extent of \$50.

"A warrant was issued and on April 10, defendants appeared and after waiving preliminary trial, the case was continued until May 1, each of the defendants giving bonds in the sum of \$100.

"In an interview with one of the defendants, the latter stated that the trouble arose over a line fence. It appears that some time ago a question arose as to the location of the fence, and to avoid any trouble, the Hendersons set their fence far over on what they knew positively to be their own ground.

"Later they employed Charles H. Hacker to run the division, and the fence was placed upon it. In doing this, they infringed on what Mr. Glenn thought was his land, and as a result the arrest for trespass followed.

"The Hendersons are wealthy and influential citizens of the Island, owning land at the junction of the states of Nebraska, Iowa and Missouri, and while the charge and warrant came as a surprise, they came to Auburn willingly, feeling sure they were within their rights and wished nothing but justice done."

"We dined in some of the finest hotels and restaurants, but did not find any coffee to excel in quality Arbuckles' ARIOSIA."

That is what one lady writes and millions of others prove they believe, by using more Arbuckles' ARIOSIA Coffee than all the other packaged coffees in the United States put together.

The fact that Arbuckles' ARIOSIA Coffee costs less and has suited the health and taste of most American people for over

37 years, ought to induce everybody to at least sample it.

The cities hide many country girls and boys who secretly sigh for a cup of good coffee like "mother" made. "Mother" probably used the old original "Arbuckles" the first roasted packaged coffee.

See that you get the sealed

package, one pound full weight, bearing the name ARBUCKLES' ARIOSIA COFFEE and the signature of Arbuckle Brothers, which entitles you to presents.

That is the genuine article, no matter where you buy it or what price you pay for it.

### MORTGAGE OWNERS TO PAY

Attorney General Thompson So Advises the County Attorneys of Several Counties

Every owner of a mortgage must pay a tax thereon. So declares Attorney General Thompson in a letter to County Attorney McKilip of Seward county. McKilip asked an opinion of the attorney general. The Seward county prosecutor also intimated that a number of persons were violating the spirit of the revenue law, which of course is the case in many other counties. Bankers must disclose the names of assignees to the commissioners. It is said. Attorney General Thompson has issued the following opinion:

L. H. McKilip, Esq., County Attorney of Seward County, Seward, Neb.—Dear Sir: I have your letter of the 9th inst., in which you ask for an opinion on the following proposition:

Where the records of a county show mortgages payable to various banks and the bank officials when interrogated by the assessor concerning the same declare that the mortgages have been sold, but decline to disclose the names of the real owners, what is the assessor's duty, and how can the names of the real owners of the mortgages be ascertained?

The law contemplates that every owner of a mortgage obligation shall pay a tax thereon. The assessor is not compelled to take the unsworn statement of any person that he does not own specific property. If upon investigation he is unable to ascertain the names of the true owners of such mortgages, he should make a list of same, stating the names of those who appear to be the owners thereof from the county records and present the list and report to the county board of equalization. The board, having the list and report before it, has sufficient information to enable it to exercise the authority vested in it by sections 121, 122 and 123 of the revenue law, and by process can compel the attendance of such persons and receive their sworn testimony relative to the ownership of the mortgages. I apprehend that by pursuing this method it will not be difficult to ascertain the names of the real owners. After obtaining this information and giving to the owners the notice required by the statute the board can add the property to the assessment roll. The board may also act in such a case without a report from the assessor, but the above is one way in which the assessor may substantially aid in getting taxable property entered for taxation. Very respectfully,

W. T. THOMPSON,

Attorney General.

By GRANT G. MARTIN, Ass't.

### A Woman Tells How to Relieve Rheumatic Pains.

I have been a great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—MRS. SARAH A. COLE, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by F. G. Fricke & Co. and A. T. Freid.

Both these notes have already appeared in the west recently, but thus far none of them have been found in Omaha. Merchants and bankers are asked to be on the lookout for them.

There are many tonics in the land. As by the papers you can see; But none of them can equal, Hollister's Rocky Mountain Tea. Gering & Co.

Can now do my housework and am in splendid health."
