

# In Spring-Time Many People Need a Good Tonic.

Mrs. R. Boyer Writes From 1421 Sherman Ave., Evanston, Ill., Concerning Pe-ru-na. Read Her Letter Below:

Pe-ru-na, a Standard Tonic the World Over.

Mr. C. A. Landgrabe, Box 25, Coalburg, Ohio, Gives His Experience With Peruna. Read His Letter Below:

MRS. R. BOYER

"If any one has reason to praise Peruna, it is surely myself.  
 "Last spring I became run down from the serious effects of lingering cold and several complications united in pulling me down.  
 "I could neither eat nor sleep well, and lost flesh and spirit.  
 "I finally tried Peruna and it did wonders for me.  
 "In two weeks I was like another person and in a month I felt better than I ever had before.  
 "I thank Peruna for new life and strength."

**Aids Digestion, Promotes Sleep.**

Mr. E. Arnold, Westerville, R. I., writes: "I wish to say a good word for your valuable remedy, Peruna. I have taken many kinds of medicine during my life, but find that Peruna stands ahead of all. It aids digestion, promotes sleep, quiets the nervous system, strengthens the throat and vocal organs. I have used it for catarrh and to break up sudden colds which is the best of all. I contracted a severe cold once which ended in pleurisy and left me weak, and every change of weather would bring a return of old pains. Peruna now vanishes all pain. I cannot praise it enough. I tell all my friends that it is the best medicine used for the ills of life. If any word of mine will lead others to try it, you are at liberty to use my testimonial in any form."  
**Gave New Life and Force.**

Mr. B. F. Sellers, 3334 Olive street, St. Louis, Mo., writes: "Any man in my profession often has

MR. L. D. TOWNSEND

Mr. L. D. Townsend, suite 2, 3 and 4, Century Bldg., St. Joseph, Mich., writes: "I am grateful for what Peruna has done for my family.  
 "Six months ago my wife's health was very much run down, lacking vigor and suffering with pains in her head and back.  
 "A friend advised her to try Peruna, which she did with most satisfactory results. In a few weeks she was completely restored to her usual vigor, and is now happy, well and strong, thanks to Peruna.  
 "I have tried Peruna myself when tired and overworked and in every instance I have felt better within a day or two."

**Headache and Backache.**

Mrs. Nannie Hall, 12 Herbert street, Atlanta, Ga., writes: "I write to tell you how much good your Peruna has done for me. I was so sick and nervous that I was almost dead. I could not eat nor sleep nor work any at all, but was in bed nearly all the time, and was almost a skeleton. I was so poor. Now I can eat anything I want and it doesn't hurt me, and I can sleep all night long and get up and work all day. I don't have any nervous-

MRS. E. MALMGREN

Mrs. Elin Malmgren, 77 Cleveland street, West Manchester, N. H., writes: "Every spring and fall, for eleven years, I have been troubled with catarrh in my throat and nose and hoarseness.  
 "I am pleased to state that at last I found a medicine, Peruna, from which I received great benefit, and I will hereafter use and recommend it.  
 "I always keep it in my house in case of sickness.  
 "I recommend your medicine to all my friends and every sufferer as an excellent medicine."

ness now, but am happy all the day long. I sing the praises of Peruna wherever I go, and I believe it saved my life. I could not have lived through the summer in the condition I was in.  
 "I had tried many doctors, but they did me no good. Peruna certainly cured me. I had headache and backache and was very nervous. I could not eat nor sleep, and was almost in my grave. I tried your Peruna, and I felt better from the start. I took about five bottles of Peruna and the awful headache and nervousness

MR. C. A. LANDGRABE

"I had been a slight sufferer for a number of years, but paid little attention to it until the spring of this year when my suffering became very severe.  
 "I had pain in the head, back, liver, chest and other parts of my body, besides indigestion which caused me much trouble.  
 "I tried medical aid, but to no purpose. I wrote to Dr. Hartman for advice, telling him of my various ailments and he informed me that I had systemic catarrh.  
 "After using the first bottle of Peruna, I felt relief. I continued to use it until I had taken four bottles, when I felt entirely cured. I recommend Peruna to others."

**Doctors Called It Consumption.**

Miss Ella L. Matthews, Box 111, Hill City, Tenn., writes: "I find much pleasure in writing you to let you know that I have been taking your wonderful tonic, Peruna. From experience I have decided that there could be no greater medicine in the world than Peruna.  
 "Several physicians had pronounced my disease as consumption. I had been a sufferer for several years, and was growing weaker all the while, until I could hardly walk across my room.  
 "I was so fortunate as to get a Peruna book, and after reading it carefully I decided Peruna was the remedy for me, so I began taking it. Today my health is better than it has been since I had the measles ten years ago. I cannot express to you the peace which is mine to Dr. Hartman by his great and wonderful medicine. I am glad to be able to give you my testimonial for the good it has done for me."  
 Write to me.

**HE HAS HAD MUCH GRIEF**

Wife Runs Away With Another Man During His Absence From Home.

TAKES \$300 OF HUSBAND'S MONEY

The Second Flight Occurred, and a Clew to the Culprits May Locate Them.

J. M. Dalley, once a citizen of Plattsmouth but recently living about six miles south and a little west of Cedar Creek was in town a while Friday, taking the fast mail for Omaha. Mr. Dalley told the reporter that he was having more than his share of grief. Early last fall while living near Nehawka, he went to husk corn and in doing so was compelled to leave his wife and daughter, Mable, a little girl of eight years, at home alone. He was kept away from home some time and upon his return found his home broken up and family gone.  
 A foul dispoiler had in his absence, gained the ear and affection, it seems, of his wife, and they had fled together, taking with them the child and some \$300 which Mr. Dalley had entrusted to his wife's keeping. By dint of hard work he finally succeeded in tracing the truants to from Nehawka to Union, where the goods had been shipped in the name of Mrs. J. M. Dalley and at Union they were shipped to Red Oak in the name of the man in the case, W. F. Welsher.  
 Mr. Dalley traced the fugitives and found them located very cozily about three miles south of Red Oak, Iowa. Securing the services of an attorney his object being to secure possession of the little girl. When Mrs. Dalley found that he was going to take the daughter, she agreed to come along. The reunited family came to Plattsmouth where they set up housekeeping and Mr. Dalley secured employment in the railroad shops here.  
 Mr. Dalley continued to work here until about March 1st, when he rented a farm south of Cedar Creek and lived there until about thirty days ago when during the absence of Mr. Dalley, who had been working for Vilas Sheldon near Nehawka, Welsher returned and Mrs. Dalley fled with him, again taking Mable with them. Until just now Dalley had no clew as to their whereabouts. He thinks he has them located, and assures us that if he should find the culprits something will happen, intimating that it would

be something like what Harry Thaw administered to Stanford White. The case seems to require some severe remedy.

**Failed to Connect.**

Ham Searle, accompanied by Joe Chapman and Billy Fox, started out with all the paraphernalia necessary to catch a car load of fish, bound for Cedar Creek, and while buying a ticket their train, No. 29, freight, backed out on the main line with the caboose at about the elevator, and the boys started for it but before they got half way there, the train was going the other way, passing and leaving them. They spent the day fishing up about the pump station on the Platte and if good luck attends them their friends can have the fish procured any way.

Of all the fruit there are in the land That grows on bushes or trees, I would give up the choices ones For Hollister's Rocky Mountain Tea. Gering & Co.

**Returning to Plattsmouth.**

John G. Likewise, the popular clerk at Seonichsen's business mart, was a passenger for Omaha this morning, where he goes to meet his brother, Albert. Mr. Likewise has been making his home for the past two years in the state of Wyoming with the family of his sister, Mrs. John Mumm, formerly of this place. Albert is very low with consumption and his brother-in-law, Mr. Mumm, comes with him as far as Omaha as he is not able to make the journey alone. Mr. Mumm expects to come on to Plattsmouth. Since he has been in Ft. Steele he has been engaged in the saloon business and is prospering.

**My Best Friends.**

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by F. G. Fricke & Co., druggists. 50c and \$1. Trial bottle free.

Hurried meals, lack of exercise are the main causes of dyspepsia. A Rings Dyspepsia Tablets after each meal digestion, improve the appetite. Gering & Co.

**Masonic Banquet.**

The Masonic lodge at their regular meeting last night, made a Mason of Rev. A. L. Zink, there being a large number in attendance. After the initiatory work had been completed, and the regular business of the lodge closed, they repaired to the banquet room where a sumptuous repast was awaiting, the tables being presided over by the prince of cooks, Fred Stadelman.

At the banquet W. L. Pickett acted as toast master, and toasts were responded to by Rev. J. H. Salsbury, Byron Clark, M. Archer, Henry Gering and A. L. Zink. Rev. Salsbury being the first speaker took occasion, in a very friendly manner, to touch up his brother of the cloth, and as he was the new member, found the thin places in his coat of armor.

The next speaker, Byron Clark, brought the laughter and applause by his witty sallies. It was not until the next speaker, Rev. Zink, was fairly launched upon his theme that the banqueters were really wide awake, for in return for the compliments handed him by the first speaker, he drew attention to the mistakes made by his brother and friend. The newly made Mason held his brother up before the light in such a manner that the thin places and the more herby opaque spots could easily be seen, also showing when Masonry, rightly applied, would cover all; making a texture serviceable for all occasions.

At a late hour all departed well pleased with the evenings entertainment.

**Improvements on Grain Elevator.**

The Duff Grain company are making some very extensive improvements and some very much needed work on their elevator at Cullom. One of which will be the putting in of a new belt and new cups, and a decided change in the bins so as to enable them to handle their immense business at that point with more dispatch. John McNurin and John Murray are doing the work. The old elevator belonging to the company at this place which does very little business is a monument of what lack of enterprise and neglect will do. This elevator with its capacity for storing and its resources to the car supply of the Burlington road should enable them to do a large business. On account of lack of proper repairs, permits grain to be hauled passed their door to others a much greater distance away.

A little girl of Wm. Holly's it is reported has the measles.

**"GRUB HOUSE" ON WHEELS**

The Burlington Has Adopted a New Mode of Caring for Track Laborers.

Jim Hill is a man of many surprises. He is liable to dash off some new and startling edict most any old time. Not long ago he startled the conductors by an order requiring them to shave off their beards and wear white vests.  
 The latest ukase from this railroad czar is a sort of solar plexus for boarding house keepers along the Burlington who have been depending on extra gangs for much of their profits.  
 A system of boarding houses on wheels has been established. Heretofore Italians working on the road have boarded themselves in this manner, and hereafter workmen of all nationalities in extra gangs will be fed and lodged in cars especially fitted up for the purpose.  
 Just now there is an extra gang quartered at Henderson doing work on the north branch out of Hastings. Their outfit consists of 13 cars and has accommodations for 92 men.  
 A man by the name of Greer of Kansas City has the contract to board the men. The company furnishes the cars, fuel and ice, and Greer feeds and sleeps the men for \$3.75 per week. Greer is in the business in a wholesale way and has outfits all over the west. He also sells tobacco and other little necessities to the workmen, so that there is very little patronage that goes to local merchants at the towns where the outfit may be located.  
 E. B. Brown of Red Oak has charge of the extra gang now at Henderson, Iowa, and the Glenwood Tribune says this is the first of the outfits to be put on the road on the Creston division.  
 The men appear to be very comfortably situated. The cars used are common freight cars with small windows added. End doors have also been put in the cars so that the men can pass from one car to another. The opprobrium of "side door sleepers" cannot thus be applied.  
 The train consists of seven sleeping cars, each containing bunks for sixteen men and an inviting place for other inhabitants. There are three cars used for dining purposes and one for kitchen and provisions, and one is used as a combination office and commissary car.

For Rent. A four-room house on Pearl street near 10th. Inquire at this office.

**THOUGHTFUL THINKS**

Here's freedom to him that would read, Here's freedom to him that would write, There's none ever feared the truth should be heard, But they whom the truth would indict. —Robert Burns.

Harmony in Ohio! Why, Ilmberger, by any other name, would smell the same.

Don't kick on the weather. A man was prostrated by the heat in New York yesterday.

There is one infallible sign of summer—the marked down prices of winter underwear.

A Kansas woman won a husband by a song. There are a lot of husbands who would be dear at that.

Some men voluntarily climb on the toboggan and slide to the bottom and then curse because it was greased.

It must be a great relief to the railroads to reflect that an earthquake can do more damage than a wreck.

If the Roosevelt-Taft program should miscarry what a devil of a fix these federal office holders will be in that have burned their bridges behind them.

Truly the cradle and the grave stand in juxtaposition. Today we rejoice over the newly born babe, and tomorrow we sorrow over the loss of a dear friend.

In 1896 fourteen banks in New York City increased their dividends, and five others declared initial dividends. In the same year thirteen trust companies increased their dividends and five declared initial dividends.

A syndicate has applied to Secretary Taft for all the lumber rights in the Philippines. Let Mr. Cortelyou look up his books and find if the syndicate joined the insurance companies in the glad rush to make contributions for the last campaign.

All things come to him who will but wait—even spring.

Dollar wheat is having his day now. Wait till we hear from old King Corn.

There is no doubt that Mr. Secretary Taft is the president's favorite son.

If wheat is growing as fast as it is soaring the farmers can never keep up with it.

Don't bank too much on this spring weather, there may be more winter on its way.

The bears are earnestly of the opinion that wheat has passed several splendid stopping places.

The wealthy widow, Yerkes, is again free, having been granted a divorce from her latest husband. Her address, please?

It's nice thing to be known as a good fellow, but unless you can play the role without letting your wife take in sewing and wear her year before last hat, just cut it out, and leave the job to somebody else.

We wonder if this year will be like the year 1815 which was known as the year without a summer, there being frost, ice and snow throughout the summer. Only the extreme southern states and countries produced foodstuffs and grain, and seed corn the following year sold from five to ten dollars per bushel.

Wanted—A good dining room girl. Apply now at Perry's restaurant.

When you need a pill, take a pill, and be sure its an Early Riser. De Witt's Little Risers are safe, sure, satisfactory pills. The pills with a reputation. They do not gripe or sicken. They are sold here by F. G. Fricke & Co.
