MONSTER PARADE OF WOODMEN

One of the Largest Parades in the History of the Capital City.

A special from Lincoln, under date of yesterday, says: After giving one of the largest parades in the history of the capital city, the Modern Woodmen teams this afternoon competed for prizes, adopted a thousand members at the Auditorium tonight and listened to an eloquent address by William J. Bryan.

The parade began at 1:30 p. m. and lasted for almost two hours. Each camp bore a resplendent banner and the streets were artistically decorated in honor of the visitors.

Word has been received that Head consul Talbot has been endorsed by thirty-eight state conventions. These gatherings were held simultaneously with the Nebraska demonstration.

Mr. Bryan advocated loyalty to fraternalism and eulogized the unselfish aims of the organization.

James Davis of Ansley was elected head consul today.

P. L. Ough of Benkleman was chosen state clerk.

Fremont was selected as the next meeting place of the head camp in 1911. The contests resulted as follows:

Competition in drill, senior class: Omaha camp No. 120, Captain Martens, first prize, \$100; Havelock No. 1222, second place, \$50; Junior class, Lincoln No. 190, first place, \$75; Wisner No. 1061, second place, \$35; Pony class, Lincoln No. 916, first place, \$15; band contest, George Green's band of Omaha, first place, \$50; delegation contest, Omaha camp No. 120, first place, and Omaha No. 945, second place.

Dr. E. W. Cook was recommended for the same position he now occupies—Deputy Head Physician for Nebraska, and as he is a personal friend of Head Consul A. R. Talbot, his selection seems sure. Dr. Cook has hosts of friends in Plattsmouth, who like the Journal, think there is nothing too good for our fellow citizen. The following delegates were elected to National Convention at Peoria, Illinois, from the First district: Henry Gering, Plattsmouth, Ralph E. Johnson, Lincoln; Rolla H. George, Lincoln; William Griffith, Lincoln; J. G. Albert, Cook, Alternates: J. M. Anderson, Johnson; F. C. Nicholson, Nebraska City; J. G. P. Hildebrand, Lincoln; O. Wachtel, Falls City; Fred H. Barclay, Pawnee City.

A transportation committee consisting of Ralph E. Johnson of Lincoln, Henry R. Gering of Plattsmouth, and W. H. Dorrance of Omaha were selected to arrange for the railroad accommodations and route to Peoria. The delegation expects to go in a body, starting from either Lincoln or Omaha.

While Plattsmouth did not capture any of the prizes, we feel highly honored in the recognition received by Mayor Gering and Dr. Cook.

The Plattsmouth team made a good appearance, in their new suits, and was the equal of any at the convention. The boys are well pleased with them, and surely are deserving of same for the good work they have done. They returned this morning about six-thirty, and report having had an excellent time saying there were over four thousand Woodmen in the procession, which was led by W. J. Bryan. All the boys are very enthusiastic, and are ready to take up the home work with even more vigor, if possible, than heretofore.

Slips off Step and Injures Foot.

W. H. Seybert came in last evening to look after some business matters and to visit friends, staying over night and today. While coming down stairs the other morning he stepped too close to the edge of the steps and his foot slipped off the edge bruising and skinning his heel, so as to lame him. Mr. Seybert reports that he has loaded all the corn which is at the elevator at Cullon, but that there is a little more to buy yet, which will in all make for that station about 80,000 bushels of the last year's crop, as against 125,000 at other times, thus showing somewhat of a shortage in the crop of last year.

ATTEMPTED THEFT AT CEDAR CREEK

Breaks Window in Store and is Only Driven Off at Point of Revolver.

Miss Marie Kaufman and her father, Andrew Kaufman, of Cedar Creek, who have a general store in the building of George E. Sayles, and who live in the rear portion of the building, were awakened this morning about 3 o'clock by someone trying to enter the building at the front. They broke the window in their attempt to enter and the falling glass awakened Miss Kaufman, who grasped a ready revolver and fired three shots at the burglar before he would be frightened away. From her position in the rear of the room she could plainly see the outline of the man standing in front and attempting to enter the place. The man appeared to be alone, as no one else was seen about the place, but nothing was obtained. But for the prompt action of Miss Kaufman and the handy revolver the store would have been looted. Anyone wishing to embark in the burglary business can well keep a little shy of that store in the future, for there is a probability that the aim may be a little truer to the mark next time.

Went to Burlington Junction Springs.

Mr. and Mrs. Adam Hild departed this morning for Burlington Junction, Missouri, where Mr. Hild will take treatment for rheumatism, which has been troubling him a good deal for sometime past, and which kept him confined to the house during the entire winter. We hope he will find relief in the treatment which he is to take at that place.

I am not selling Overcoats although, it is cold enough to wear them.

13 Something About 13! 13

As we have stated in previous ads we give every thirteenth pair of Shoes Free of Charge, and we stick to it, but do not wish any misunderstanding along that line, and for said reason we will explain it to the best of our ability: If any one should come in wanting to purchase a pair of shoes, asking before purchasing, if he or she is No. 13, we would not answer this question until after the purchase. It would not be justice to you, the next customer or ourselves. Then if you should be the lucky one, we would tell you, regardless of whether you had money enough to buy a thousand pairs of shoes or one pair; regardless as to what kind of shoes you were buying, for instance a Baby shoe, Misses, Boys or Ladies, they would be yours absolutely free, just because it is our way of advertising good

A Californian's Luck.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve," writes Charles F. Budahr, of Tracy, California. "Two 25c. boxes cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold under guarantee at F. G. Fricke & Co., drug store.

Grandpa and Grandma Pepperberg.

Yesterday the wires brought direct from Brooklyn, N. Y., the joyous information of a visit of the gentlemanly stork at the home of Mr. and Mrs. Abram J. Pepperberg, presenting the happy couple with the sweetest little boy, an heir of these young people. Should you detect a peculiar happy expression on the faces of Grandpa and Grandma Pepperberg, you may know they are not at all displeased with the kindness the bird has shown their son.

Her hand this man could not get. His health was not as it should be. He had not used the "best as yet," Hollister's Rocky Mountain Tea. Sold at Gering & Co.

The Equilibrium of the Body.

A condition of the body, in which all organs perform their natural amount of work, that is, the state of a perfect health, is called equilibrium. As soon as one organ refuses to do its share, it becomes necessary to establish this equilibrium. Everybody noticed that it is usually the stomach that refuses to work. This calls for Triner's American Elixir of Bitter Wine, because it will make the stomach to work and with it all organs, upon which the digestion of food rests. As soon as a regular digestion is established, the whole body will work harmoniously. Use this remedy in all cases of disturbed digestion and of bodily weakness. At drug stores. Jos. Triner, 616-622 So. Ashland Ave., Chicago.

Mrs. E. A. Kirkpatrick of Nehawka, sister of Mrs. P. E. Ruffner, was an over night visitor with her sister and guests, Mrs. W. B. Reed and Mrs. R. A. Dodge of Council Bluffs and Omaha, who are visiting in the city with Mrs. Ruffner for the week. Mrs. Kirkpatrick returned home this morning.

Grand Officers Eastern Star

The election of grand officers, which order is in session at Omaha, occupied the entire afternoon yesterday. The contests were quite spirited, and in many instance very close. The following are the names of those elected:

Grand Patron—Harry F. Alverson, York.

Associate Grand Matron—Mrs. Hattie M. Scott, Stromsburg.

Associate Grand Patron—D. E. Green, Lincoln.

Grand Conductress—Mrs. Margaret Gardiner, Gering.

Grand Secretary—Mrs. Anna Simpson, Omaha.

Grand Treasurer—Mrs. Carrie E. Wright Schuyler.

A. A. Reed Inspects High School.

A. A. Reed, state inspector of High schools, from the state university, was a visitor in the city today and visited and inspected the work of the high school. He talked a few moments to the school, but put in most of his time inspecting the work which the students are doing and the method and manner of instruction. He was well pleased with the result of his investigation, and says the school is doing good work at this place. He departed on the Schuyler train for his home at Lincoln.

Waves Preliminary Examination

Will Schutz, the man with the checks, last evening, waved a preliminary examination and was bound over to the district court, and in default of bonds was returned to the county jail to await his trial in that court. County Attorney Rawls informed us he would be arranged this afternoon in the district court.

The Last Payment

Rev. F. C. Campbell, of University Place, who, a number of years since, was the minister of the Methodist church at this place, and while here succeeded in having the debt paid which had been hanging over the church, today sent Rev. Salsbury a draft for \$25.00, being the last of the debt of the Presbyterian church. While here about a year since at the semi-centennial jubilee of the Methodist church, he said he would pay the last twenty-five dollars on the debt, and has made good. Not alone in this payment, but the taking of a step toward a closer union of the different branches of the church.

Perry's Short Order House.

Perry Utterback has opened a short order restaurant in the rear of the Gund building, where he is prepared to furnish the hungry with hot or cold lunch. In fact anything you want in the eating line. Give him a call, and he will serve what you want in the very best style.

The World's Best Climate

is not entirely free from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. The Misses Cecil and Anna Palacek and Josephine Buronek were visitors in Omaha with friends this afternoon.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough,—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at F. G. Fricke & Co., drug store. 50c. and \$1.00. Trial bottle free.

Another Voter for Plattsmouth.

At the home of E. E. Hetheron this morning, there came a young man, who was an applicant for a member of the household, and who was taken care of in the most approved manner. The little fellow is attaching himself to a nation—the greatest on earth—and in doing so, becomes an American, and as one will always rejoice in the land of his nativity. There is much rejoicing in the household by both the parents, as well as by Grandpa Davis, who is pretty well pleased. The mother and baby doing nicely.

Valued Same as Gold.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, malaria or biliousness." Sold under guarantee at F. G. Fricke & Co., drug store. 25c.
