The City Ticket.

The democratic city ticket put forth from the convention last night is an excellent one in every respect and deserves to carry the city. It is composed of the very best of citizens and it was nominated by a convention which was a true citizens convention. It is the choice of men in every walk in life in the city and the candidates upon it will make the best of officials.

For mayor John P. Sattler who has been acting for several months, is named and it is quite needless to introduce him or to state to the people his many high qualities and claims for election. He has lived in Plattsmouth many years, he has held many important positions of trust and profit in the city and county governments and in all he has proven his worth. As a councilman his record shows him to have been conscientious and upright seeking to do what was best for the citizens and taxpayers. He is worthy of every vote in the city.

For city treasurer Carl G. Fricke, one of the brightest and best of the younger business men was named. Carl Fricke has lived so long in this city and his personal character is so blameless that no commendatory words are needed for him. As to his business ability it is only necessary to call attention to the position he holds which he has attained by dint of hard work and toil, and assiduous attention to business details. He will make a fitting successor to City Treasurer Clements from whom no better treasurer ever served the people of Plattsmouth. When Mr. Fricke takes over the treasurer's office he will be able to say that his democratic predecessor had set him a fine example. And Carl Fricke will do as well.

Dr. W. B. Elster, the candidate for city clerk, is one of the best men to ever fill that position. During his two years of public office he has demonstrated his capacity for handling the details of his work and no fault has been found by the most critical on his management of the office. Personally, a gentleman of high character and worth he is one of the most popular of men and he deserves the large majority which is sure to be his.

Police Judge Archer has served this city so many years and so well and faithfully that it were surplage to mention his many excellent traits and his ability. It is more than probable he will receive an unanimous election this spring as a tribute to the ability and the high personal worth with which he has endowed the office of police judge. His election in the event of any opponent is a foregone conclusion by an overwhelming majority.

The city ticket it can be seen is well above the average and one which every good citizen should give his aid to. It was nominated by a convention of real citizens and no clique or combination controlled it. So far as known no one is promised an office for his support and curiosity is keen to know if all tickets can say as much.

The Ward Tickets.

In their primaries last night the democrats of the several wards of the city, showed fine taste and judgment in choosing their councilman candidates. Every one of them is worthy election and doubtless will be chosen.

In the first ward two most excellent candidates were placed in the field in the shape of D. O. Dwyer, present councilman who is nominated for the remainder of the unexpired term which he has been filling. Mr. Dwyer is a gentleman of high character and unswerving integrity. During the few months he has been in the council, he has demonstrated that he desires to do what is best for the people and it would be a mistake to fail to elect him. For his colleague M. Mauzy, one of the best citizens in the ward was chosen. Mike Mauzy is all that Mr. Dwyer is and deserves every vote of the ward. His high character, broad mindedness and discriminating judgment stamp him as the man for the place. In addition he served in the council several years ago and his record then shows him to have been an excellent man for the people and the taxpayers.

The voters of the second ward will make no mistake in the election of Adam Kurtz to the council. Mr. Kurtz is an old-time resident of the ward, a citizen of sterling character and reputation and a man who will always vote for the interests of the taxpayers. His choice is demanded by every consideration of the public good.

In the Third ward Councilman J. W. Bookmeyer is again a candidate for election and his record in the council is the best guide as to his qualifications. His acts have always been for the best interests of the city and the taxpayers and they will not be forgotten when the people of his ward come to vote. His selection is necessary for an economical administration.

Councilman Schulhof of the Fourth ward has made a most excellent record during his term in the council. He is one of the live, pushing energetic members of the council and has always stood for the best interests of the people of this city and his ward. He deserves election and will win it.

Fred M. Reasoner who was nominated from the Fifth ward is a young energetic and vigorous candidate and one whose choice will reflect credit upon the people of his ward. A man of unimpeachable character and integrity, he will demonstrate his many superior qualities before he has been in the council any length of time. That he will win is conceded even before an opponent is placed in the field. He represents progress and the taxpayers.

The School Board.

There were some who questioned the wisdom of nominating candidates for the school board last evening in the democratic city convention but they were in the minority and the party placed in the field two of its most excellent men.

Of J. V. Egenberger it is quite unnecessary to say a word. He ought to receive and doubtless will receive the support of every thinking voter in the city. As a member of the school board he would be of inestimable value to every parent in the city. He is a man of high mind and good thoughts, a sterling and worthy citizen who ever has the best interests of the city at heart. A vote for Val Egenberger is a vote for the betterment of our schools.

L. W. Lorenz, the other candidate, is a well known and justly popular business man. He should be chosen for the many qualities which he brought into his business and which has made him and his firm so successful as are needed upon the school board. As a colleague of J. V. Egenberger no better choice could have been made.

John will be missed in this locality where he has lived so long and where he is universally respected for his many good traits. He will make a valuable addition to the good people of Stanton and vicinity.

SENATE PUSHES BANKING BILL

Guaranty Measure Comes Up for Final Passage Today.

DEMURRAGE BILL IS PASSED

House Confirms Action of Caucus on Sifting Committee Proposition. Omaha and Lincoln Charter Bills Advanced to Head of Calendar.

Lincoln, March 18.—The bank guaranty bill will probably be passed before the day ends and Governor Shallenberger is expected to sign it tomorrow. Despite the strongest kind of opposition, during which the Republicans charged the majority with gag rule, the latter forced the measure, under suspension of the rules, to engrossment for third reading, which will make it possible to dispose of the bill today. Mr. Bryan himself appeared at the capitol during the session and the influence of his presence doubtless assisted in bracing up any lukewarm Democrats in the upper house.

The banking bill was brought before the committee of the whole senate as quickly as the committee amendments came from the printer. The Meyer amendment, substituting S. F. 250 for the bill, was voted down on party lines. Then followed amendment after amendment, as the bill was being read. Most of these amendments put the administration of the law into the hands of the state banking board, instead of the governor, but they went out in fast order. The amendment of Senator Hatfield of Antelope, making "immediate" payment a feature of the measure, received no better treatment.

Finally Senator Raymond of Scotts Bluff moved the enacting clause be stricken out and the law become effective in 1911, but Senator Patterson declared it was evident the sentiment of members was fixed and moved the committee rise and report, which carried, and Senator Ransom moved a suspension of the rules and engrossment for third reading, which was quickly adopted.

The Republicans claimed they had been "gagged," but received little sympathy from the majority. It was evident that the latter was determined to force final action and they showed evidence of their organization by carrying every point.

Sifting Committee.
The sifting committee of the house took charge of the general file today. The motion was renewed to have the speaker name this committee and scarcely a ripple of opposition was shown. The committee is made up of fifteen members, the Republicans being given two members.

The sifting committee unceremoniously threw out a county option bill which had gotten in with another measure providing for a state inspector of beer.

A feature of the day's proceedings in the house was an appropriation of \$60,000 to pay wolf scalp claims, but the bounty bill was so amended as to prevent future similar claims, by repealing the wolf bounty law.

The Case and Brown bills providing for a state annuity fund for retired university professors were placed on the general file.

The Banning demurrage bill was passed by the house.

The Omaha and Lincoln charter bills were advanced to the head of the calendar and will receive early consideration.

Wealthy Farmer Drops Dead.
Herman, Neb., March 18.—John War, rick, a wealthy bachelor, aged fifty, dropped dead at his farm home, three miles from town, probably from heart disease. He had just returned from an Omaha hospital. He leaves a fortune of \$25,000, but has no relatives in this part of the country. He was known as "Scotty" and was one of the most successful farmers in eastern Nebraska.

Breach of Promise Suit Renewed.
Blair, Neb., March 18.—A sensational breach of promise suit has been brought in the district court by Mrs. Hannah Loosing, aged sixty-nine, against Henry Monks, aged seventy-nine, for \$20,000. Both are wealthy and both have been previously married. The case was once settled, but the suit has been renewed. Both parties have families of grown up children.

Accidentally Kills Himself.
Alma, Neb., March 18.—Ralph Baker, son of a prominent farmer, shot and accidentally killed himself with a rifle which he was carrying while herding cattle. The only witness to the tragedy, another boy of the same age, says the Baker youth was carrying the gun, pointed upwards, when it was discharged, the ball entering young Baker's head back of the ear.

Twenty Horses Perish in Fire.
Omaha, March 18.—Twenty horses were burned to death and the stables and coal sheds of the Sunderland Brothers' company destroyed in a fire which started at midnight. The fire had gotten beyond control before discovered and the animals could not be released. The sheds were two blocks long and made an immense fire for some time.
