Will Have Fine Home.
Mention was made several days ago of the work being started on the fine new residence of Frank Parkenings, west of the city. Yesterday evening Contractor Emil Walters finished the concrete foundation for the building and it is a fine piece of work. The erection of the frame work is the next thing in order and Tiekotter & Smith who have the contract for the same are now getting busy. Mr. Parkenings will have to invest some \$5,000 to get the kind of a house built which he wants but this is what he intends to do and when it is finished he will have one of the best and handsomest houses in the county. The work just finished is of a high order of workmanship just as Mr. Walter's work always is. The building as stated heretofore is to be a two story structure, size 28x30, with concrete foundation. It will also have an addition to it which will be of comfortable size. All told the building will be highly creditable to the county.
