## FANGER'S

### Department Store

# SATURDAY

## SEPTEMBER 11, ONLY!

Read what we are going to offer you in the line of Late Spring Millinery!

# Over 100 New Spring Hats

for Ladies, Misses and Children to be closed out according to the scale given below. Your choice to go at the price given opposite the hour you make your purchase:

- From 8 to 9 o'clock, 95 Cents
- From 9 to 10 o'clock, 85 Cents
- From 10 to 11 o'clock, 75 Cents
- From 11 to 12 o'clock, 65 Cents
- From 12 to 1 o'clock, 55 Cents
- From 1 to 2 o'clock, 45 Cents
- From 2 to 3 o'clock, 35 Cents
- From 3 to 4 o'clock, 25 Cents
- From 4 to 5 o'clock, 15 Cents
- From 5 to 6 o'clock, 5 Cents

Bear in mind that the sale starts at 8 o'clock and closes at 6 sharp, and such a ridiculous price is made to demonstrate to the people that we are determined to close out all our Spring Millinery and make room for the New Fall Line.

You could not begin to purchase the materials used in these hats at the opening sale price, and if you are in need of a new hat now or going to need trimmings, it will pay you to take advantage of this opportunity.

May 41 1/4	41 3/4	40 3/4	41 3/4

Daily market from the M. L. Williams Commission company, Coates block, Plattsmouth, Neb.

Wheat—Market opened this morning slightly higher than last night's close in sympathy with the advance in corn. There was also favorable foreign cables. Later in the day the market was some stronger. The effect of the government crop report was not marked in this cereal, as it was not nearly so unfavorable as it was toward corn. A sharp upturn caused by shorts covering in the closing minutes of the session advanced prices strongly.

Corn—Market opened 1-2c higher than last night's close and quickly advanced all along the line, May selling up beyond 62c. The full effect of the tremendous reduction in the estimated yield, as shown by the government report, is commencing to be felt. Foreign cables indicated the effect of the government report on the market there and assisted in aiding the advance. The tremendous loss in the past few months has reduced the total probable crop below that of last year, which is a strong bull argument.

Oats—The market is slightly higher than at the close yesterday owing to sympathy with corn, as the figures in the report do not indicate any reasonable cause for the advance outside of this. The market is not high enough to warrant expectations of any material advance in this cereal in the near future.

Hogs—Market opened strong with hogs 5c higher. Receipts 12,000 head, against 19,000 head, estimated. Hogs a year ago 14,000; 4,200 left over.

Cattle—Market strong and steady. Receipts 4,500 head.

Sheep—Market strong with receipts of 17,000 head.

#### Weather Map.

Illinois—Ohio valley, 64 to 72; cloudy. Des Moines, trace. Davenport, .02; rain. Duluth, .02; rain. Peoria, .04. Chicago, .04. Keokuk, .22. Springfield, .02. St. Louis, .02. Cairo, .10. Evansville, .02; rain. Cincinnati, .32. West, 54 to 68; generally clear. Sioux City, .02. Kansas City, .30. Concordia, .02. Southwest, 60 to 75. Canadian northwest, 42 to 62; clear. Northwest, 50 to 62; clear. St. Paul, .02; rain. LaCrosse, .04. Dubuque, .02.

Minnesota—Partly cloudy tonight; not much change in temperature.

South Dakota—Fair tonight and Friday.

Michigan—Showers tonight and possibly Friday; warmer tonight.

The Inter-Ocean says: A loss of over 500,000,000 bushels in the prospective corn crop was made in the last two months. It is about the largest loss in any year. The reduction last month was 341,000,000 bushels, and on the present indications the total crop, based on government figures, is 61,000,000 bushels less than the final crop last year. It was the greatest disappointment that the country has had, because the early promise was the best in years, indicating a record crop of close to 3,117,000 bushels. The loss has been due to extreme heat and drought, the excessive supply of moisture early in the season preventing the crop from making substantial root and putting it into condition, where it could not withstand a long, dry spell. In the seven surplus states the crop is estimated at 290,000,000 bushels less than a month ago, yet 80,000,000 bushels more than last year and 32,000,000 bushels in excess of 1907. Oats—In the oats crop there was a reduction of 20,000,000 bushels in the indicated yield last month, but an increase of 172,000,000 bushels over the final figures last year. The present indications, if confirmed, will make the crop the second largest on record. The record crop of 987,000,000 bushels in 1902. Thirteen leading states were cut down 17,000,000 bushels last month, but have a promise 175,700,000 bushels over last year, and an increase of 207,800,000 bushels as compared with 1907. Losses in the condition of oats last month were small except in Indiana,

with a drop of 9 points, the largest of any state. Ohio fell off 7 points, Nebraska 6 points, the Danube 4 points, Kansas 5 points, Iowa 1 point, Illinois unchanged, while Wisconsin improved 5 points and Minnesota 2 points. Board cables opening: Wheat, 3-8 to 1-2c higher; corn 1-4c higher. At 1:30 p. m. wheat was 1-8 to 1-4c higher; corn 1-4c higher.

Broomhall cables—Wheat: The strength in the American market yesterday and the Russian offering support made the outlook for winter and spring wheat easily 20,000,000 bushels larger than last year, caused shorts to cover and values at the start were 3-8c to 1-2c higher. Following the opening the market further gained on higher American offerings, and an increased demand for spot. Toward midday the market developed some pressure owing to a feeling of skepticism regarding the estimate, the correctness of the Russian report and September lost 3-8c. At this time the market was easier and 1-8 to 1-4c higher than yesterday. Corn was steady at the start and 1-4c higher, being affected by the American government report. Later the market became easier on the pressure to sell LaPlata parcels. Primary movement—Corn: Receipts 1,069,000, against 694,000; shipments 338,000, against 39,000. Wheat receipts: 1,257,000 bushels, against 1,365,000; shipments 468,000, against 523,000.

A clever, popular Candy Cold Cure Tablet—called Preventics—is being dispensed by druggists everywhere. In a few hours, Preventics are said to break any cold—completely. And Preventics, being so safe and toothsome, are very fine for children. No Quinine, no laxative, nothing harsh nor sickening. Box of 48—25c. Sold by all dealers.

#### William Patterson Takes Prize.

The clock which was to have been opened promptly at 3 o'clock yesterday afternoon at the store of C. E. Wescott's Sons was opened at that time, and the time at which it had stopped observed. It had stopped at 3 o'clock 19 minutes 55 seconds. W. S. Brown was present, holding the ticket of William Patterson of Murray, this ticket being the one closest to the time at which the clock stopped. It read 3:53:52. Mr. Brown received the three green dollars, which were offered as a special prize for the one guessing the nearest to the correct time. The next opening of the clock takes place on Wednesday, September 15, at 3 o'clock p. m., when the same prize of \$3 will be given to the one guessing the nearest to the correct time. There were a large number of persons holding tickets in the store yesterday afternoon when the clock was opened, and the manifest fairness of the matter was noticed. This scheme is proving a great advertising one for Wescott's Sons, and is popular. They give a ticket with every dollar's worth purchased of them, and the person buying is permitted to guess the time at which the clock will stop, the dial of the same being so covered up that no one can see when the hour is registered. Every Wednesday until December 15 this firm will give away \$3 to the lucky guesser. They do not have to guess the exact time, but the nearest time wins the money.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Remedy. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's and take no other. Sold by all dealers.

#### Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Throats, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1. Trial bottle free. Guaranteed by Gering & Co.

## It May Be Pneumonia

"A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.
