It is well worth considering when a man may obtain safety and convenience for money matters. If you have not a full knowledge of the workings of the check account, we will be glad to explain.

On the return trip Glen made it two hours and a half. He says he was fortunate in his decision to return the same day, for the incessant rains on Monday made the roads impassable for autos for several days. However, the trip was a very pleasant one, and the quickness in which it was made gives Glen's auto a splendid record.

If Sick

Don't risk even one single penny!

And I will tell you why I say this. It is because every package of Dr. Shoop's medicine is absolutely free of all falls.

No one need risk even one single penny. Just think what this means to the suffering sick!

No risk, no expense, nothing whatever unless health begins to improve. For 30 full days, and without the risk of a single penny, you can use either of my two great medicines—Dr. Shoop's Restorative or Dr. Shoop's Rheumatic Remedy.

Then why take any chance whatever?

Why purchase any medicine whose maker dare not back it just as I do by this remarkable offer?

And besides, I am no stranger to you. My "No Pain" medicine has made Dr. Shoop's Restorative a household name in every drug store in the land. The fact is, we take no chance whatever.

For twenty years Dr. Shoop's medicines have become thoroughly standardized all over America.

And I have not only honest and responsible druggists in every city and village everywhere to accept my orders and restore the sick, but also my own medicines with the sick—and the entire risk is mine alone.

But write me first for an order.

I have an agent in almost every community—but all druggists are not authorized to grant the 30-day test.

So drop me a line, please—and thus save all disappointments and delays.

Besides, you are free to consult me by letter as you would your home physician. Do so freely and fully—if you desire. My advice and the book below are yours—and without cost. Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan.

Besides, the books will open up new and helpful ideas to you. They tell of my 20 years' experience at the bedside in homes and in hospitals. All phases of disease and relief are told of here. They tell of my own "inside nerve" and how large than a silver dollar it gives to the Heart its impulse. How the Stomach and Kidney each have their inside or power nerve. How these organs surely falter when these controlling or master nerves begin to fail. How Dr. Shoop's Restorative can help to restore the book and rebuild, and thus help you—help you—it is within the power of medicine to do so. My best effort is surely yours—please request. So write now, while it is fresh in my mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.
