## BUSY DAY FOR OMAHA POLICE

Officers Answer Seven Riot Calls Within an Hour.

## TWO TEAMSTERS BLOCK CARS.

Many Minor Riots and Disturbances Reported—Missiles Thrown at Cars Results in Half Dozen Arrests. Mayors of Five Cities and Street Railway President Confer on Strike. Have Some Hope of Peace.

Omaha, Sept. 25.—It has been a busy day for the police. Riot calls have come from almost all parts of the city, there being seven such calls within an hour. Notwithstanding the activity of the police, not over half a dozen arrests were made, although dozens of cars were stoned and several members of their crews were more or less injured. A Sherman avenue car was attacked at Fourteenth and Cass streets, in the downtown district, and all the windows broken and the woodwork badly damaged. The conductor, Robert Davis, was knocked down and stunned, though not seriously hurt, while the motorman took to his heels. A squad of police arrived while the mob was still hurling bricks at the car and four arrests were made. Officer Carney was painfully hurt by being hit with a brick.

At most of the points from which riot calls came, the crowds dispersed when the officers came in sight and no arrests were made. While several cars were badly battered and quite a number of the imported carmen were injured, it is not believed that there will be injuries of a serious nature.

President Wattles of the street car company held conferences with the mayors of Omaha, Council Bluffs, South Omaha, Florence and Benson and also with the directors of his company, and while he declared that no definite results could be announced, expressed the hope that at the next meeting something tangible in the direction of a settlement would develop.

Two teamsters were beaten into submission, following a fight with the police on West Farnam street. They had blocked the car line and an officer attempted to force them to move on. A small riot followed when the teamsters showed resistance, which resulted in a fight with the police.

At the headquarters of the street railway it was stated that a number of old men had made application for reinstatement.

## SHOWS SIGNS OF INSANITY

Young Mother Who Killed Babe at Des Moines May Escape Prison.

Des Moines, Sept. 25.—Mrs. Nellie Taylor, the young mother who stoned her babe and left it to die at Union park last Saturday, developed, shocking symptoms of insanity in the Polk county jail. Attorney Parsons filed a charge of insanity against her in the district court. Mrs. Taylor did not recognize her father when he came to her cell and she stood by the barred iron window of her cell and laughed in childish glee at the figures passing in a parade she thought she saw on Seventh street. There was no parade.

Dr. W. Van Werden examined her in a preliminary way. He reports that she had a high fever and showed indications of being mentally unsound. Mrs. Taylor's father, William Miller, and J. R. Jaques, an attorney from Ottumwa, arrived. They will make an effort to have her committed to the asylum for the insane.

## COOK MEETS HUNTINGTON

Explorer Confers With Representative of Geographical Society.

New York, Sept. 25.—For the first time since his arrival here Dr. Frederick A. Cook, the Arctic explorer, took into his confidence the representative of the American Geographical society, with whom he had an hour's private conference.

Whether Dr. Cook submitted some of his data to Dr. Huntington or amplified his previous statements regarding his trip could not be ascertained, for upon leaving Dr. Huntington refused to comment on the meeting.

Dr. Cook's friends, however, announced that just before his departure Dr. Huntington had expressed perfect confidence in the statements of the explorer.

But most of Dr. Cook's waking hours were devoted to preparing the literary steps which lead to the lecture platform, which he will mount next Monday at the Carnegie institute. So carefully is the explorer assembling the matter necessary for his appearance that he declined many invitations for the Hudson-Fulton celebrations during the next week.

## HUBBARD HAS PEARY RECORDS

Will Try to Show Cook Was Not at North Pole.

Bar Harbor, Me., Sept. 25.—"I have read the records submitted by Commander Peary on the question 'Has Cook been at the pole,' and found in them much that Dr. Cook has not stated. They are very interesting."

General Thomas Hubbard, president of the Peary Arctic club, made this statement after a careful examination of the Peary records on the controversy, which were submitted to him by Commander Peary at Bangor.

GENERAL THOMAS H. HUBBARD, (President of the Arctic club.)

While General Hubbard would give no intimation as to the nature of the proofs which Commander Peary is confident will show that Dr. Cook was not at the pole, it was apparent that he was well satisfied with the records before him.

Commander Peary is expected here Monday afternoon and will remain until Tuesday, during which time he will be a guest at the home of General Hubbard. During his visit, Commander Peary will go over the records in detail and supply such information as General Hubbard may desire.

"I think it would be best not to make any statement after the conference with Commander Peary," said General Hubbard, "as it is a matter which the officers of the Peary Arctic club should pass upon. I shall call a meeting of the club officers very shortly, certainly within two or three weeks, for there shall be no delay."

## BANNARD IS SURPRISED

New Yorker Tells Chicagoan Nomination Was Unexpected.

Chicago, Sept. 25.—Otto T. Bannard, who was nominated Republican candidate for mayor of New York, arrived here to attend the wedding of his niece.

"The nomination really was a good deal of a surprise to me," said Mr. Bannard, "for I entered the convention as a delegate and when I left to catch my train two hours later it seemed that the nomination would go to Job Hedges. I shall return to New York early next week to begin the campaign."

New Orleans, Sept. 25.—With the list of dead from Monday's tropical hurricane well above a hundred, every indication points to a much larger increase of the number of victims.

## MILLINERY OPENING

The Greatest Display of Millinery Ever Opened in Plattsmouth.

M. Fanger will open and have on display on next Thursday, Friday and Saturday the largest, finest and most up-to-date display of millinery goods ever shown to the ladies of Cass county. Mr. Fanger has always used great efforts to please his lady patrons in stylish millinery goods, and every one who has visited his store knows that each succeeding season he has more than held good in this respect. This line of millinery goods has been selected with only one idea in view, and that is to please his former patrons and all those who desire the latest and most up-to-date styles in hats and bonnets, and all other lines of millinery goods. The fact is, Mr. Fanger's stock of such goods is very large, and in his buying he purchases for two establishments, one here and one at Omaha, and he has the advantage over other small concerns of getting his goods cheaper from the wholesale houses than the others, because he buys in greater quantities. This is easy enough to understand why Mr. Fanger has the confidence of the ladies of Plattsmouth and vicinity, and why his goods prove the best in their line. Fanger's department store is known all over Cass county, and the ladies especially know that when he advertises a fine display the goods will be there in great variety. Remember the dates of this great display—Thursday, Friday and Saturday, September 30, October 1 and 2. Don't fail to be there on one of those dates and order what you want. There will be a great rush, and milliners will have to have time to trim what you order. And we want to say that Mr. Fanger has employed as head milliner an expert, and one right up-to-date with her work.

## Good Crops.

John Lee, a young man reared almost to manhood in this city, came from Elmwood county yesterday to visit relatives at the old home. Young Lee is a son of Thomas Lee, formerly a bookkeeper at the Burlington shops, and the family removed from here to Elmwood county, where they own a good farm and are doing nicely. The crops in that county, especially corn, wheat and rye, are fine, a sample of the corn raised on Mr. Lee's farm can be seen at this office. If the sample is a fair specimen, they evidently come up pretty close to Cass county for corn, especially this year.
