Dr. Gilmore's new Maxwell car is just the thing he has been needing. He can now make his calls in good time and have some leisure moments at home. He can't see how he has got along without it. It is an easy one to ride in and very little noise in running.

Robert Troop, the seven year old son of Mr. and Mrs. William Troop, six miles southwest of Murray, met with quite a serious accident Saturday from a rifle, in the nature of a gunshot in the palm of the hand. The bullet was found with considerable trouble near one of the joints, embedded against the bone.

The last report is that he is getting along nicely.

The many friends of Uncle William Wiley will regret to learn that the old gentleman is not improving very rapidly. Mr. Wiley is an old landmark in Cass county, coming here in the early 50's, when Indians were plentiful. He is upwards of 85 years of age, and his extreme age seems to be against him.

Dr. Newell the dentist, was here Tuesday and was kept quite busy during the day with his work. The doctor makes the town every week and has arranged for permanent office facilities for the year. This is a good point for a dentist and the town and community are fortunate in getting a competent dentist to make the town weekly.

Do the parents of this town know where their boys are at nights. We hear of a number of depredations committed by boys between the ages of 12 and 15 years, and we would warn the parents of these boys to look out or they may be called upon to answer for their acts. Keep your boys at home after 8 o'clock and it may save you lots of grief if they persist in continuing this work.

"Scotty" says the telephone at the depot is a great convenience to some people who call up every five minutes to know how the train is. He says it takes one extra man to answer these calls. Since the 'phone was put in business (on the 'phone) occupies about half his time. But people think it is no trouble to serve the inquisitive.

The derailment of the M. P. passenger train coming north Wednesday night caused considerable anxiety to those who expected to get to Plattsmouth and Omaha early in the evening. The engine and several cars got off, and the train did not reach here until about 10 o'clock, or a delay of five hours. "Scotty," the M. P. Agent, lays all the blame to the presence of the Journal reporter in Murray at the time. He says every time he comes to this town the train for some cause or other is always delayed.

Mrs. Adda Stokes received a letter a few days since from her sister, Mrs. Minnie Stokes, in which that lady states she arrived at her new home in Canada in good time and enjoyed a pleasant trip. She found her husband and the balance of the family who had preceded her several weeks, ready to welcome her, and all in the enjoyment of good health. Mrs. Stokes says she believes she is going to like the country, but Mrs. Adda limits the time to next fall, when she looks for their return to Cass county.

Any lady reader of this paper will receive, on request, a clever "No-Drip" Coffee strainer coupon privilege, from Dr. Shoop, Racine, Wis. It is silver-plated, very pretty, and positively prevents all dripping of tea or coffee. The Doctor sends it, with his new free book on "Health Coffee" simply to introduce this clever substitute for real coffee. Dr. Shoop's Health Coffee is gaining in popularity because of; first, its exquisite taste and flavor; second, its absolute healthfulness; third, its economy—1½ lb 25c; fourth, its convenience. No tedious 20 to 30 minutes boiling. "Made in a minute" says Dr. Shoop. Try it at your grocer's, for a pleasant surprise. F. S. White.

Feels Fortunate.

C. E. Metzger came in last evening from his home at Cedar Creek, driving down in his automobile to meet John Gauer and George Thierolf of that city who had been at Nebraska City and who were unfortunate victims of the delayed Missouri Pacific passenger train from that point to this city. The gentlemen stopped over night in this city, registering at the Hotel Riley and were passengers this morning for their homes at Cedar Creek. Messrs. Metzger and Gauer have not yet gotten over shaking hands with themselves over their narrow escape from injury or possible death in the accident at Cedar Creek. Mr. Metzger is authority for the statement that his hair came as near standing on end that time as it ever did. He figures that he has had a number of narrow escapes from death or injury in the past year and that this was one of the narrowest of them. Not long since he came near being knocked beneath some cars while they were being switched at Cedar Creek and shortly before that he just escaped being run down by a passenger train. He has had so many escapes that he has become some nervous and grown exceedingly cautious in all his movements.

Stewart Case Not Heard.

County Attorney Ramsey returned this morning from Tecumseh, where he was called by the habeas corpus case of Stewart vs. Goehry et al. The case did not come to trial and there is a proposition being considered for a settlement of the matter but there seems small probability of its being accepted by the defendants. The case will go over for the present and if not settled it will likely come up in that district and a case of unusual stubbornness is being contested before him.

Quiet Title.

A suit to quiet title has been filed in the office of Clerk of the Court Robertson today by Messrs. Clark & Robertson, attorneys for the plaintiff. The petition is entitled John H. Spangler and John W. Lloyd vs. Peleg Davis et al. there being some fifteen defendants. The property in question is the east half of the southeast quarter of section 28, town 11, range 13, and is a valuable piece of land.

MILLINERY CLOSING AT M. FANGER'S

The Department Store Has a Large Line to be Sold.

We want to close out our entire line of Spring Millinery, and are willing to make a great cut price in order to do so. We have on hand over 200 Swell Trimmed Hats, all brand new, bought for the spring trade. We also have a large line of flowers, fancy feathers, Ostrich plumes, and wings, ornaments, velvets, chiffons, mullins and everything pertaining to the millinery department, all of which will now be sold at a greatly reduced price. Also bear in mind that we trim hats free of charge.

Lookout for Old Goods.

When you purchase your hats at some other stores you are in danger of getting old goods and styles, which is not the case at our store, for all our hats are new and will bear the closest inspection, for as every lady in the city and community well knows that last summer we closed out our entire line of summer hats at as low as 5c each, and in order to clean up the old line entirely, the winter hats were burned in front of store this spring. Other places you might find an out of season hat, but here you cannot possibly get anything but new goods, bought for and made up for this spring's trade.

Now, the spring season is drawing to a close, and our trimmers may not be with us many weeks longer, so we impress upon your mind that if you want your hats trimmed free of charge, our expert trimmers are at your service, but we ask you to come in soon as they will not remain long. Bear in mind that we are offering everything at a great reduction, and will prove this to be true if you will call and see.

M. FANGER.

Funeral of W. P. Bailey.

The funeral services of the late William Powell Bailey were held this afternoon from the home of his daughter, Mrs. Harriet Garrison. There was a very large attendance of old friends of the deceased who gathered to pay their last mark of respect to a worthy soul gone to his reward. The services at the house were conducted by Canon H. B. Burgess of St. Luke's church. Canon Burgess delivered a brief but eloquent funeral address, dwelling upon the long and useful life which the aged man had lived, his christian and simple character and his sterling worth and uprightness. Canon Burgess' address was a fine tribute to the splendid qualities which had shone so strongly in the life time of the deceased and touched the heart-strings of all who heard them. There was some appropriate music by members of St. Luke's choir, a number of the songs which deceased had so well loved in his life time, being rendered. There were large floral offerings from the many intimate friends which this good citizen had made during his long residence in this county.

At 4:30 p. m. the remains together with those of his beloved wife who had slept for the last eighteen years in Oak Hill cemetery, were taken to the Burlington train for shipment to Schnecktoy, N. Y., where they will be laid at rest in sight of the old homestead, where they spent their happy childhood and maturer years. The pall bearers chosen for the services in this city were Messrs. William and Theodore Stark/John, Leonard Born, Jacob Tritsch, Martin L. Friedrich and Hon. Basil S. Ramsey, all old friends of the departed.
