

STOCKYARD BOYS TRIM LOCALS

Errors Largely Responsible for Loss of Game.

From Monday's Daily.
A fair sized crowd yesterday afternoon witnessed the South Omaha Stockyards team give the Plattsmouth ball club a fine beating. As a matter of fact the locals seem to have lost the game on their own errors as their fielding was away off. In addition the South Omaha boys bunched hits in one inning and won the game with that one effort as they secure five rich July runs in a bunch. The locals were also off in their hitting and did not connect with the sphere at the critical time. The general opinion of the game was that the local team could have easily won had they played the ball of past. Herold caught a fine snappy game and won great favor with the fans. He seems to be the very best catcher the local team had had at any time yet and his throwing to bases excited much praise. The worst work in the field was done by Mann who had a number of disastrous errors to his credit, they consisting of wild throws and bad errors in fielding hits. Mann as a rule is a safe and careful player and his fall down yesterday was a source of much surprise to all. A number of the other local players were guilty of bad errors also and taken all around the day was a decidedly off one for the home players. They are capable of a great deal better ball than they put up yesterday and could easily beat the team they played if they had shown anything like the good form they usually do. Bardwell did not show up as well as in the former game and was hit freely. He seemed unable to keep the visitors from bunched hits and it was a string of them in one inning which sewed up Plattsmouth's hopes. The game was marked with considerable wrangling and disputing over the decisions of the umpire whom the crowd, pronounced eminently fair and impartial. Mr. G. B. Gould filled that place and satisfied the general run of the crowd as he decided close decisions without any regard for which team it benefitted. The final score was 7 to 4 in favor of South Omaha.

The West End team visited La Platte yesterday and played a team at that place, being trimmed to the tune of 4 to 2. The game was well played and attracted a nice crowd. The West Enders played fast ball but were no so lucky as the La Platte team who succeeded largely through the operation of good fortune. The Plattsmouth team had no kick coming on the game, however, and were more than satisfied with the outcome of the game. This team is now playing good, fast, clean ball and promises to win out in the major part of the games which they have on for this season.

Forgot to Show Up.

Last Saturday afternoon William Sales and Henry Burrows, two well known characters of the city came into town and proceeded to court John Barleycorn not wisely but too well. They became very well lit as the poet phrases it and while in this state of mind traded off Sales' nag for a blind horse. They then got into the wagon and started on a wild career up and down the public streets. As the horse couldn't see where it was going the drivers threatened to exterminate all living things on the streets with their reckless pace. Chief Rainey viewed their gyrations with alarm and finally decided to put a stop to them. He at the corner of Fourth and Main and told them to drive out of the city or he would put them in the donjon keep. This seemed to amuse Burrows immensely and he told the chief the location of a much warmer region and granted his permission for him to go there. This peeved the chief a whole lot and he watched Henry recklessly drive away with feelings akin to wrath. Presently he proceeded to corral both parties and cast them into one of Jailer Manspeaker's justly celebrated cells where they were compelled to lay around for several hours. He finally let them out and sent them home with instructions to appear today and explain to Judge Archer why they acted up so. He let them go as they had beevies and swine and such like things to feed and the animals would suffer without their ministering care. Today the men forgot to show up as promised and the next time they come to town the jail for theirs as the chief is still worked up a whole lot over their disreputable conduct. Bill and Henry are well known citizens of this locality and frequently look upon red eye when it is full of tangles, hence they may get 999 years for their misdeeds.

Auction's Goods Himself.

M. Fanger, the department store man, who is selling out at auction tried his auctioneer one day and then incontinently fired him. He found that the man misrepresented the goods he was selling and this did not suit Mr. Fanger, who wants the people to know just what they are buying. Hereafter he will conduct the auction himself. While he wanted an auctioneer to do the work, he intends to get along without one or have the goods correctly represented. The public can rest assured he will tell them just what the goods are when he sells them and they will be as represented. The sale Saturday was a big success barring this unpleasant experience and it will not be repeated. People who want good goods cheap will find the Fanger sale a great opportunity.

A Severe Wound.

Mrs. Charles Lovell, living several miles west of the city last Saturday received a severe wound upon the head. She was engaged in assisting her husband in stacking hay and a pitch fork which was used in the work became detached from the handle and fell upon her head, severely cutting and lacerating the scalp. The wound was so severe that surgeon was called from this city to sew up the wound. While not at all dangerous, the injury is a painful one and will keep her tied up for several days. Mrs. Lovell is well known in her neighborhood and has many friends who will be sorry to learn of her misfortune. Her husband at one time worked in the local shops here.

In District Court.

Judge Travis held a brief session of district court today at which Oklahoma Vandervert was arraigned and plead guilty to the charge of wife desertion. His bond was fixed at \$200, conditioned for his appearance at the next term of the district court. His individual recognizance in that sum was taken by the court pending his appearance for trial next fall.

In the case of the State vs Breckenridge, John Hatt appeared, the latter as surety for the former, and entered into \$200 bonds for his appearance next fall. The case against him for disposing of mortgaged property will be set for trial in the fall. A number of other minor matters was considered by the court.

HEED THE WARNING

Many Plattsmouth People Have Done So.

When the kidneys are sick they give unmistakable warning that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of brickdust sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

Plattsmouth people recommend Doan's Kidney Pills.

John Mackey, farmer, Third St., Dyke St., Plattsmouth, Neb., says: "Two and one-half years ago my back became very lame and I had headaches. The kidney secretions contained a sediment and a frequent desire to void them caused me much annoyance. I was unable to find a remedy that would bring me any permanent relief and I was at a loss to know what to do. Seeing Doan's Kidney Pills highly recommended in the local papers, I procured a box from Gering & Co.'s drug store and began their use. This remedy brought me immediate relief and at the present time my back does not bother me in the least. I am very grateful to Doan's Kidney Pills for what they have done for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Lee Barnes Better.

A letter received yesterday by A. P. Barnes conveys the information that Lee Barnes is getting along nicely. His face is quite badly burned but the attending physician does not believe that he will be badly scarred. His hand is badly burned and it will be some time according to the letter of Rev. J. W. Henderson before he can get to work again. According to Rev. Henderson's letter Mr. Barnes is getting the very best of care and attention and nothing will be left undone to insure his speedy recovery. The many friends of Mr. Barnes in this city will learn with the most sincere regret of the serious condition in which the burns have left him and they certainly hope that he will continue to make an improvement. They also appreciate the good work which Rev. Henderson and his friends have done for the young man. The letter received is dated as of June 11th.

Dr. A. P. Barnes this afternoon decided to go at once to the bed side of his son, he not being entirely satisfied with the reports which came to hand regarding the young man's condition. It is feared that he is much worse than thought at first and his father feels that he should be near him in his trouble.

Search For Brother.

The First National bank this afternoon received a telegram from Moorhead, Minn., which is printed below. The brother who is inquired for is requested to immediately report to the bank so that word can be sent to Moorhead of his whereabouts. The message follows:

THE CITY COUNCIL HOLDS SESSION

New Paving District Created on Pearl Street—Important Business Transacted.

From Tuesday's Daily.

The city council last evening held a session lasting almost two hours at which they transacted a great deal of important business and indulged in several brilliant flights of oratory. All the members were present save Councilmen Dovey and Will. The minutes of the previous meeting was read and approved by an unanimous vote.

The matter of granting a permit to Gering & Co., to sell liquor for medical, mechanical and chemical purposes came up and the permit was granted. This action was taken in accordance with the ruling of Judge Travis of the district court, so that the original action of the council stands as it was taken at that time. Notice has been served on the council that it has been taken to the supreme court.

A petition by Justus Lillie asking for certain work about his premises was adopted and the work ordered done.

A petition from F. E. Schlatter and others to be allowed to build a private sewer to connect with the city sewer was taken up and on motion allowed.

The several city officers made their monthly reports. The city treasurer reported that the sum of \$6,400 in round amount was in the city treasury, while Dr. Elster, the bright and highly efficient city clerk, reported that he had taken in the princely sum of \$151.40 during the past month. Judge Archer had the sum of \$10 to show for the collections of the police court for the past month. The several reports went to the respective committees for checking up and to be reported on at the next meeting.

Chief Koubek and the several foremen of the fire companies reported that the apparatus was in fine shape, the reports being in detail and stating the amount of equipment on hand. The reports went to the fire and water committee for investigation.

Councilman D. O. Dwyer attacked the practice of printing the city ordinances in a daily paper, and wanted this done in the weeklies of the town. His talk along this line was bristling with eloquence and his regard for the taxpayers prompted his action. The council agreed with him unanimously and the ordinances in the future are to see daylight through the medium of the weekly papers, hence those of the good citizens who want to keep posted on the new laws of the city will have to subscribe for the weekly papers. This saves money for the taxpayers and probably answers the purpose of the councilman.

Councilman Dwyer also went after the street commissioner and wanted him to make an account of all material used. This report is to cover all material bought for the use of the city since the present commissioner took office and means quite a little work for the commissioner who at present has nothing to do but grade streets and the like. The motion of the councilman prevailed unanimously, all the councilmen wanting light on this matter and wanting to know what was done with the city's material. It is probable a full and complete report of the disposal of the city's lumber, nails, concrete, cement and the like will be forthcoming at the next meeting of the council.

The street committee was there with a report on the city sidewalk and crossing bids and found the the contract for the ensuing year should be awarded to H. C. McMaken & Son. The committee concurred in this and the council unanimously ordered the bid so let.

Civil engineers representing the Consolidated Engineering Company of Omaha were present and submitted specifications and estimates on the paving of district No. 3, which said specifications and estimates were referred to the streets committee to examine and report on at the next meeting.

An ordinance establishing paving district No. 4, and ordering the same macadamized was read and on motion the rules were suspended and the ordinance read a second and third time by its title and passed.

An ordinance was also read the first time and afterwards the rules were suspended and the ordinance read a second and third time by its

Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is some times great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of Croup," writes Mrs. George B. Davis, of Flat Rock, N. C. "We always give it to him when he takes cold. Its a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe, Asthma, Hemorrhages, Weak Lungs. 50c. \$1.00. Trial bottle free. Guaranteed by F. G. Fricke & Co.

Flag Day Today.

Today is flag day and the occasion has been generally observed throughout the city by the elevation of flags on most of the business blocks and the public buildings. Owing to a failure to make a public announcement of the day many did not know what the occasion was and in consequence flags were not exhibited at places where they might have been otherwise. In spite of this the display was fairly good, a number of houses remembering the day and showing at least, one flag or more for the occasion. It was an ideal day for the observation and the fair sky and clear air allowed the flags to cast their folds afar and float proudly in the gentle southern breeze which has blown throughout
