## TO RENEW FIGHT ON HOUSE RULES

Another Contest to Shear Power of Speaker is Looming.

## NAMING OF COMMITTEES CAUSING

Murdock and Norris Assert Battle Will Be Taken Up at Once—Cannon and Allies Expected to Join—Harmony May Be Destroyed.

Washington, Nov. 11.—Another contest over the question of naming the speaker the power to name standing committees is expected to develop soon after the house or representatives assemblies next month. This time it is not unlikely that the movement will receive the support of Speaker Cannon and his allies, inasmuch as the next assignments will be made by the Democrats.

Interviews with Representatives Murdock of Kansas and Norris of Nebraska indicate they intend to lose no time in reopening the fight waged by insurgent Republicans last session, which reformed the rules and deposed Speaker Cannon from membership on the rules committee. That contest was won by insurgent and Democratic coalition. It is not known what the attitude of the Democrats will be in the coming session when an effort is made to still further shear the speakership of its great authority, but the chances are they will seek to force the battle over to the succeeding session, when they will be in undisputed control.

## Harmony May Be Destroyed.

Some members of the house who are now here believe that if the power to appoint committees is taken away from the Democratic speaker in the Sixty-second congress and handed over to the membership all hope of harmony in the Democratic ranks may be abandoned. It would mean the upsetting of the seniority rule and the turning down of many men of long service, who have been the minority ranking members of the most powerful committees. On the other hand, it is pointed out that harmony also would suffer from a maintenance of the seniority rule, as that rule would give to the south the chairmanships of all the great committees and leave unrecognized the new Democratic membership from northern and western states.

Under the seniority rule the committee on agriculture would go to Lamb of Virginia, banking and currency to Pujio of Louisiana, census to Hay of Virginia, foreign affairs to Flood of Virginia, immigration to Burnett of Alabama, Indian affairs to Stephens of Texas, interstate and foreign commerce to Adamson of Georgia, judiciary to Clayton of Alabama, merchant marine and fisheries to Clark of Florida, naval affairs to Padgett of Tennessee, patents to Legare of South Carolina, pensions to Richardson of Alabama, postoffice to Moon of Tennessee, printing to Kinley of South Carolina, public buildings to Sheppard of Texas, public lands to Robinson of Arkansas, rivers and harbors to Sparkman of Florida, territories to Lloyd of Missouri and ways and means, the greatest of all, to Underwood of Alabama, unless Champ Clark of Missouri, who is now the ranking minority leader, should fail to capture the speakership.

## Fitzgerald Will Lose Place.

Appropriations, the seniority rule, would go to Fitzgerald of New York, but it is said that he is so disliked by the prospective speaker that this place probably would be given to Burleson of Texas. Military affairs under the seniority arrangements would go to Sulzer of New York and there is little doubt that he will capture this important chairmanship under whatever plan is adopted. Whether the seniority rule is retained or the speaker be permitted to name committees or the selection be left to the membership of the house, all of those who are now the minority ranking members of the principal committees are expected to insist upon promotions to chairmanships. They will claim that their long service in the house entitles them to these as a matter of right.

## DIETZ GIRL IN HOSPITAL

Sensational Scene Follows Attempt of Friends to Remove Her.

Ashland, Wis., Nov. 11.—A sensational scene took place at St. Joseph's hospital, in which an attempt by Milwaukee sympathizers to remove Myra Dietz was frustrated. George Schuites, head of the Dietz defense fund in Milwaukee, arrived in Ashland and announced his intention to remove Miss Dietz from the hospital to Hayward and thence to Milwaukee. He claimed to have authority from her parents and from Sheriff Madden of Sawyer county. Deputy sheriffs and hospital physicians prevented Miss Dietz's removal. Schuites said he would go to Hayward, arrange bond and return here and get Miss Dietz.

## RIOTING RESUMED AT GUADALAJARA

Police and Cavalry Are Guarding American Consulate.

Guadalajara, Mex., Nov. 11.—For three hours a mob of several hundred men and boys of the lower class, incited by the inflammatory speeches of students of some of the state schools, paraded the streets of the city, imitating the riots in the national capital in a manifestation against Americans and intended as a protest against the Rock Springs (Tex.) lynching.

Considerable property was damaged, but so far as known no lives were lost. The city practically is under martial law and it is believed the riot is well in the control of state and federal troops. Police detachments and the Tenth federal cavalry are guarding the American consulate, where Consul Samuel E. Magill was threatened with violence. Four squadrons of the same troops are patrolling the American residence section and downtown police are guarding the American business houses. General Clemente Villaseor, commander of the Fourth federal zone, together with state and government troops, anticipated trouble early by calling out their entire armed force.

## RAIL MAGNATES MEET IN ST. PAUL

Heads of Western Systems Hold Secret Conference.

## FREIGHT RATES CONSIDERED.

Conferees Refuse to Give Out Any Information as to Result of Deliberations—Reported, However, That Nothing Definite Was Done.

St. Paul, Nov. 11.—After conferences extending over the greater part of the day, during which the question of freight rates and incidentally home-seekers' rates were discussed, representatives of the most important railroad systems of the west left for their homes. It was stated that nothing definite was done regarding any contemplated action in connection with freight rates and the conferees were unwilling to give any information as to the result of the deliberations beyond the mere admission that the question of freight rates had been considered.

Those present at the conference were James J. Hill and Louis W. Hill, Great Northern; President Howard Elliott, Northern Pacific; President Darius Miller, Chicago, Burlington and Quincy; President A. J. Earling, Chicago, Milwaukee and St. Paul; President Edmund Pennington, Minneapolis, St. Paul and Sault Ste. Marie; President E. P. Ripley, Santa Fe, and J. C. ## DEADLOCK OVER LORDS

Representatives of Ministry and Opposition Fail to Reach Agreement.

London, Nov. 11.—It was officially stated that the conference between the representatives of the government and the opposition looking to an agreement on the subject of the house of lords' veto power had ended in a failure.

This came as something of a surprise for, after what, it had been assumed, would be the final meeting of the conferees prior to the reassembling of parliament on Nov. 15 had been held, it was announced that another meeting was probable. This was taken to indicate that the door had not been closed on a compromise.

It was reported that the conferees had agreed upon a number of important points and the feeling gained strength that a way had been found to settle the constitutional question without resort to a general election.

## STR. CAEN WITH LUCK FEVER

Man Trying to Dynamite Fish Holds Explosive in Palm.

South Omaha, Neb., Nov. 11.—Jude Brown of St. Louis, together with some companions, sought to secure fish appling in the Missouri river in that vicinity. To this end they procured some dynamite and a fuse and sought the river banks. Brown, it seems, held the stick of dynamite and one of the others lighted the fuse, handing it to him. At this point he was struck with a real case of luck fever, and could neither throw the blast into the river nor release it. He held on the same. His companions fled, and the explosion which followed injured him most seriously, if not fatally. One arm was blown away at the forearm, his hip was broken and other serious mutilation occurred. It is unlikely that he will survive.

## URGES PEOPLE TO RENDER THANKS

Governor Shallenberger Issues Official Proclamation.

Lincoln, Nov. 11.—Governor Shallenberger has issued the following Thanksgiving proclamation:

"In conformity with long established custom, and in accordance with the proclamation issued by the president of the United States, setting apart a day for the especial purpose of expressing our gratitude to a beneficent and all-wise Creator for manifold favors bestowed upon us as a state and as a people, I hereby designate Thursday, Nov. 24, Thanksgiving day, doing so by the authority in me vested by law as governor of Nebraska.

"It is meet and proper that we of Nebraska pause in our daily pursuits to express our gratitude to Almighty God for the bounty He has bestowed upon us and upon our state. Our fields and orchards have brought forth abundantly; the wheels of our industries have been kept busy; tranquillity has found an abiding place in the hearts of our people; our beloved commonwealth has kept step with the onward march of civil and industrial progress, and we find ourselves today the recipients of unusual bounty from the hand of providence.

"That we may give proper voice to our thanks for all these blessings, I recommend that no business be transacted upon the day and date above set forth, and I earnestly urge the people of Nebraska to make appropriate observance of the occasion by profound devotion and reverent thanks to Almighty God."

## 1 WJ SLAIN IN BOSTON COURT

Accused Man Shoots Girl's Steppfather and Principal Witness Against Him.

Boston, Nov. 11.—Walter G. Fall, a state house employee, who was at liberty on bail awaiting trial on a charge of assaulting a fourteen-year-old girl, Esther H. Fogg, shot and killed Frank A. Rees, stepfather of the child, and Police Sergeant Frederick Schlehuber, the principal witness against him, as they were waiting to lay the case before the district attorney. The shooting occurred in the district attorney's office in Suffolk county court house. Rees was instantly killed and Schlehuber died a few moments later at the Relief hospital.

The policeman on duty in the district attorney's office grappled with the man, who struggled fiercely in an attempt to end his own life. He was soon overpowered, however, and taken to police headquarters. Fall is about twenty-four years old. He was employed in the office of the sealer of weights and measures. Rees was an auditor employed by a South Boston house.

## COOK FAKE EXPOSED

Peak He Called Mount McKinley Twenty Miles From Mountain.

New York, Nov. 11.—Professor Herschell Parker of Columbia university, who recently returned from his exploration of Mount McKinley, made public a series of photographs taken near the Alaskan mountain, which, he claims, is indisputable evidence that Dr. Frederick A. Cook, the Brooklyn traveler, never reached the top of the highest peak in America.

"The mountain which I photographed," said Professor Parker, "was twenty miles away from Mount McKinley, and fifteen thousand feet below its summit. This is the same peak that Cook photographed and called the 'top of the continent.'"

Professor Parker corroborates the confession made a year ago by Edward Barrill, guide of Dr. Cook.

## Picture Show Uses Too Much Power.

Moline, Ill., Nov. 11.—Sherrard, thirty-five miles from here, was shrouded in darkness because the city lighting power was exhausted by a moving picture machine. The connection was broken and the city lights once more allowed to glimmer. The owners of the machine were informed that they must quit business.
