A VERY PLEASANT AF FAIR TUESDAY AFTERNOON

A very pleasant social affair was that of yesterday afternoon when the Ladies' Aid Society and Ladies' Auxiliary of the Presbyterian church met at the hospitable home of Mr. and Mrs. L. W. Gade on North Third street. As this meeting was to be of a missionary nature, a program had been prepared along this line of work, both home and foreign. It was opened with a few well chosen and splendid remarks by the one in charge of the program, Miss Luey Arnold, which were most highly appreciated. The program consisted of a poem read by Mrs. P. E. Ruffner, papers on Korea, by Mesdames W. T. Cole, J. T. Baird, L. C. Morgan, while Mrs. W. H. Newell gave a paper on Home Missions, she speaking of the work done among the mountain people of our home country. These papers were very interesting and were a pleasing feature of the afternoon entertainment. Mrs. J. W. Gamble contributed a vocal selection, which was rendered in a very charming manner. There were others who took part on this program which added to the interest of the entertainment. As per request, the ladies came armed with well filled boxes and at a convenient hour the contents of these boxes were spread and everybody enjoyed in partaking of a most delicious luncheon. A generous collection resulted from the entertainment of the afternoon, and much pleasure was expressed by the ladies, as they took their departure, at the cordial hospitality of Mr. and Mrs. Gade.

RASCO DENIES GUILT

Alleged Slayer of Hubbell Family

Taken to St. Joseph for Safe Keeping

St. Joseph, Mo., Nov. 23.—Hex Rasco, the farm hand who is accused of the murder of the Hubbell family, near Barnard, Mo., is in jail here and stoutly protests his innocence.

The feeling near the scene of the tragedy was so strong against Rasco that he was spirited out of the Nodaway county jail and brought to St. Joseph for safe keeping. The sheriff and a number of deputies accompanied Rasco to St. Joseph and he was given the "third degree" upon arrival here, with the assistance of local police detectives, but nothing that would fasten the crime upon him was obtained.

Rasco says that the confession that he murdered Mrs. Kate Hambley in Nodaway county fourteen years ago, for which crime he served a term in the penitentiary, was forced from him by Sheriff Pixler, now dead, at the point of a revolver, and that he was innocent of that murder.

At the autopsy at Barnard Coroner Larabee discovered No. 4 shot in Hubbell's skull, and it corresponds with the lead contained in a shotgun Rasco borrowed from a neighbor to hunt with Sunday.

Governor Stubbs Wants Uniform Law Drafted for States Bordering Stream.

Topeka, Nov. 23.—Governor Stubbs, it was announced, has asked the governors of the states bordering the Missouri river to appoint commissioners to draft a uniform law regulating the discharge of sewage in the river. Kansas, Missouri, Nebraska, Iowa and the Dakotas have cities which take their water supplies from the Missouri river and each of these cities in turn pours into the river all its sewage.

There have been several outbreaks of typhoid fever in the river towns and the disease was traced to bad water. The government, it is said, cannot prevent the contamination of the stream.

KNOCKS OUT FRANCHISE DOWN IN NEBRASKA CITY

Some time since the city council took up the matter of granting to the Water and Light company of this city a new franchise. The matter was fought out at length in the council and was opposed by Councilman Houston and when the council passed the matter over his head he objected and threatened suit. Then the franchise was submitted to the voters and they granted the franchise by a handsome majority. Councilman Houston then brought suit to set the whole thing aside, claiming that the franchise was granted on a resolution and not an ordinance and that the whole was a dual proposition. He also charged that at the election the company had freely distributed intoxicants to influence the voters.

The matter was heard before Referee Dwyer, of Plattsmouth, who made his findings and this afternoon Judge Travis rendered a decision on the questions and it was lengthy. In this decision he held that it had been shown that liquors had been bought and distributed to influence voters at the election. He held that it was a resolution and not an ordinance that was adopted by the council and that the whole was a dual proposition and should have been separate.

In the whole the court knocks out the franchise and the entire matter is back where it was several years ago, when the franchise of the company expired and the matter was brought up to the council. What will be done by the company remains to be seen. It may be they will drop the matter for the present and permit things to move along as they are and perhaps secure some restraining order to prevent any one from molesting them until the matter is adjusted and put in proper form.—Nebraska City News.

Elected But Not Seated.

The late election in Eight Mile Grove precinct presents a knotty proposition and legal tangle which will be hard for the authorities or courts to straighten out. Mr. O. Ward received the votes of legal and qualified electors as assessor for the precinct, but through some oversight of the election board of the precinct Mr. Ward's name did not appear on the face of the election returns. There was nothing to show the canvassing board that Mr. Ward had been voted for, hence it never made any declaration as to his election, and in consequence no certificate of election has been issued to Mr. Ward, and without this preliminary document it will be difficult for him to take his seat when the balance of the county and precinct officers do next January. This sort of a muddle was unknown in Cass county political affairs until this matter came up.

This is the first bear's meat sold in Plattsmouth for a good many moons.
