PRINCESS SLAIN BY LIEUTENANT

Lady in Waiting to Queen Helena Stabbed by Lover.

LATTER THEN SHOTS SELF.

Woman Sent Check to Baron Paterno and Creditor Uses It for Blackmailing Purposes—Victim Summoned to Appear in Divorce Proceedings.

Rome, March 3.—Princess di Triglona, a lady in waiting to Queen Helena, niece of Marquis di San Giuliano, the Italian minister of foreign affairs and cousin of Prince di Scordia, secretary of state in the foreign office, was murdered in a small hotel here by Lieutenant Baron Paterno, a cavalry officer, who then shot himself.

Paterno was still alive when the room occupied by the couple was entered by hotel employees, but the princess was found lying dead on a bed. She had been stabbed in the neck and bled to death.

Princess di Triglona was one of the most beautiful ladies in waiting to the queen, and her tragic end has caused a sensation. She had had a disagreement with her husband, which deeply grieved the queen. Her majesty used every influence to reconcile the couple, but without success.

Baron Paterno, who has been in close attendance on the princess for some time past, engaged a room in a small hotel in the morning. Soon he was joined by Princess di Triglona and they remained together until afternoon.

A waiter passing through the hall heard a pistol shot, followed by groans. An attempt was made to break in the door, but this proved too strong to be forced and employees entered the room by a window.

Body Found on Bed.

The princess, half dressed, lay on a bed. A dagger had severed the blood vessels in the neck. Paterno was outstretched on the floor. There was a bullet wound in his breast, made in an evident attempt to commit suicide, but he was still alive and was quickly removed to other quarters.

The princess had been summoned to appear before the courts in separation proceedings brought by her husband. Both she and Paterno were Sicilians. Last summer the princess was at Saint Meritz, with her two daughters, who are seven and fourteen years old, when she received a letter from Paterno explaining that his debts prevented him from joining her.

She was touched by Paterno's recital of his embarrassment and sent him a check, which he turned over to one of his creditors. This creditor, it is said, instead of cashing the check, used it for blackmailing purposes against Princess di Triglona, thus revealing the scandal.

It seems the princess intended the meeting to be the parting with her lover. When Queen Helena was informed of the tragedy, she fainted.

During the noon recess McCormick assaulted the Topeka member and struck him a heavy blow with his fist. Members separated the two men.

RECOVERS FROM OPERATION

Farmer Who Lost Both Feet Because of Freezing Will Be Able to Walk.

Broken Bow, Neb., March 3.—Henry Cashman, the aged Custer county farmer, who had the misfortune early in the year of having both feet so severely frozen that amputation was found necessary, was brought to Broken Bow from Hastings, where the operation was performed. Mr. Cashman lived alone several miles east of town and froze his feet while hauling fodder. He realized what had happened and walked until he thought they felt warm. When he reached home he discovered that his feet were still frozen, but he believed he could treat them without particular danger. He started the treatment and soon became helpless. There was no telephone in the house and, although there were plenty of provisions, it was nearly a week before neighbors discovered and placed him under medical treatment. It was then too late to save the feet. According to the attending physician, the operation was successful and as soon as feasible artificial feet will be fitted.

Dr. Philbrick gave a report of her work during the year. The association has conducted two campaigns the last year, one in April and May, 1910, and the other from Jan. 7 to Feb. 15, 1911. Dr. E. O. Aylesworth has lectured for the association in sixty-seven towns, addressing twenty-six high schools, the Kearney and Peru normals, Orleans seminary and student bodies at Fremont, Grand Island, Crete and Wesleyan. The president announced that over \$1,000 had been expended the last year. She has sent seven messages to the suffrage clubs throughout the state, in which the aims and progress of the movement were discussed and plans presented that were deemed best for the Nebraska association to follow.

COX WANTS VENUE CHANGE

Indicted Boss Files Affidavit Charging Judge Gorman With Prejudice.

Cincinnati, March 3.—Michael Mulen, leader of the city council of Cincinnati, was summoned before the grand jury that is investigating practically every phase of public affairs in Hamilton county. Interest centered largely in the situation created by the affidavit filed by George B. Cox, in which the Republican leader sought to "swear off the bench" Judge Frank Gorman on the grounds of prejudice. Attorneys for Cox declared that the mere filing of the affidavit settled the question and that Judge Gorman has no recourse except to name another jurist to conduct the trial of Cox on the perjury indictment.

KIDNEY DISEASES AMONG HORSES AND THEIR CURE

Diseases of the kidneys and urinary system in horses has been well known for more than 35 years, and have been described by various authorities, and as long ago as 1890 the Agricultural Department at Washington published accounts of the treatment of such diseases, and for more than 35 years W. D. Jones, of Plattsmouth, Nebraska, has successfully treated all such diseases.

More than 35 years ago John Fitzgerald had a fine team go down on the street in this city with the same form of kidney and urinary disease, both of which were effectually treated and cured by Mr. Jones. More than 15 years ago Mr. Holschuh had a fine team go down with the same disease, and upwards of 12 years ago Mr. Henry Kaufman had horses affected in like manner with kidney disease, and in each instance Mr. Jones treated and cured the horses. Many other instances could be cited. Ask Mr. Rhoden or Mr. Eddie Todd or scores of other stockmen who have tried Jones' Kidney Medicine and Colic Cure. Any one who says that such diseases have not been known more than five years is ignorant of what he is talking about.

Jones' Cleansing Powder for purifying the blood and stimulating the appetite, is especially valuable for horses at this season of the year.

Jones' Liniment for horses is unexcelled for cuts (especially barbed wire cuts), and sore shoulders.

Jones' Eye Lotion for weak eyes or blue eyes, and all eye diseases, has no superior on the market.

In all cases of cattle suffering from sore mouth and enlarged tongues caused from eating poisonous and irritant plants in dry pastures, can be cured with twenty cents' worth of medicine given in the mouth of the suffering animal.

Farmers neglect the proper care of the horse's teeth, probably more than anything else in the care of their stock. Mr. William D. Jones is prepared to dress the teeth and render all necessary service in treating horses, cattle and other stock.

All of the above medicines are prepared by F. G. Ficke & Co., Plattsmouth, Nebraska, where they may be obtained at any time.

Bad Fire Averted.

What might have been a serious fire was started at the front of Soennichsen's store and extinguished through the present of mind of William Holly and a farmer standing by at the time. The farmer was in the act of lighting his pipe and dropped a lighted match into a ball of straw protruding from the cellar window. The blazing match had no more than struck the pile of straw before the flames shot up and Mr. Holly hustled into the store and got a pail of water and the farmer ran into Mr. Soennichsen's store and got another pail of water, and by the time both got back the blaze was looming right up, but a dash of cold water applied in the nick of time prevented the whole block from going up in flames. Mr. Holly will probably have a bill in as the next council meeting as nozzelman, which may not be allowed.

CAUGHT IN THE VERY ACT OF ROBBING CARS

Last night as freight train No. 154, south bound on the Missouri Pacific, due here at 9:15, was making its usual run between South Omaha and the Platte river a robbery of one of the freight cars was frustrated by the train crew interfering with the game and capturing two of the three men implicated.

The crooks no doubt boarded the train at South Omaha, and when, after passing LaPlatte, proceeded to break open a car and began throwing out goods, when the crew apprehended them, capturing two of the gang.

The captured crooks were taken to Nebraska City and turned over to the sheriff of Otoe county and are there in jail and will probably be taken to Sarpy county for trial.

Mr. Norton, agent here, received a description of the thief who made his getaway. He is 6 feet tall, weight 165 pounds, wore a black suit and a cap.

LEE FICKLER INJURED IN WRESTLING CONTEST

Lee Fickler, the Cass county lightweight catch-as-catch-can wrestler, who had a match with S. Winther of near Weeping Water at Manley Wednesday night, was injured in the first bout, after wrestling with his opponent for ten minutes. It is not known just how the accident happened, but after the clinch in the first round, in the fall to the floor, Lee being the lighter of the two men, was the under man, and the shoulder of his opponent struck Lee in the side, almost disabling him. Lee did not quit the struggle, but the bout went on for some minutes before Winther succeeded in putting both of Lee's shoulders to the mat. The match was not continued beyond the first round, as Lee's injury was too serious to proceed. The match was refereed by Charles Gerlach of Manley and was given to Mr. Winther.

EVERY MAN HAS A DUTY TO DO IN THE COMMUNITY

The man who makes money in a community has a duty to perform to that community. It may be that he has made his money by superior business ability, and that he would have done as well anywhere. That does not alter the case. If his gifts are great his responsibility is equally as great. No man was placed on earth for the sole purpose of making money, and the man who has this as his ideal had better never have been born. It is not an act of charity, but the performance of a simple duty for the man who has money to pass a little of it on for the benefit of the community, even though he never expects to see a dollar of his contribution back.
