

KILLS CAPITAL REMOVAL BILL

Nebraska House Strikes Enacting Clause From Measure.

ANOTHER BATTLE IS DUE TODAY

House in Night Session Recommends Quackenbush Bill for Recall of All State Officers Which May Be Initiated in a 25 Per Cent Petition.

Lincoln, April 1.—Lincoln will continue to be the capital of Nebraska, for at least two years more, unless the house shall today reverse the vote which last night killed the capital removal bill. Taylor of Merrick offered several amendments to provide that a special election be held at which any town in the state could be voted for as a location for the capitol building, including Lincoln. The two towns receiving the highest number of votes were then to be decided between at the next regular state election. The sponsors of the bill, Bailey of Buffalo and Prince and Sink of Hall, agreed to these amendments, but Kotouc then moved to strike out the enacting clause. This was to have the effect of killing the bill, and the motion carried, 42 to 26. Prince then moved to reverse that action and recommend the bill as it stood for third reading, but he was defeated by 58 to 18. Bailey then voted with the prevailing side, so that he will be in a position today to move a reconsideration.

The Quackenbush bill, recommended to pass, provides for a recall against all state officers which may be initiated in a 25 per cent petition.

House Favors Mill Levy for Campus.

The removal of the University of the State of Nebraska from its present campus to the state farm was approved by the house.

The measure up for consideration was H. R. 620, by Kirk of Boyd, providing for a levy of 1 mill to be expended in beginning the removal. It is expected that the present buildings will not be all converted nor the new buildings at the state farm ready to take care of all the students in less than ten years, and possibly longer.

It is expected that the 1-mill levy bill will go through the senate, as the friends of removal won a preliminary skirmish there on the adoption of the special committee report.

The new situation for the university will be commodious and within a short ride of the center of the city. The buildings are to be erected all in the same style according to a definite architectural scheme and agricultural and academic departments will not have to duplicate any classes.

The debate on the question brought out only the arguments that have been advanced in the committee meetings. Several members argued against the proposition and advocated the adoption of the committee's alternative, a 1/2 mill levy, to be expended on the present campus. When it was evident however, that the 1/2-mill levy was not favored they voted for the bill.

Carnegie Pensions Agreed To.

The house of representatives decided to take advantage of the Carnegie pension fund for college professors and passed the joint resolution instructing the regents of the University of Nebraska to make the necessary application. This question at the last session was the subject of one of the bitterest and most unpleasant debates that took place in the house, but as a contrast this year it went through with little spoken opposition, although the vote 53 to 40, was close.

The senate has already passed the resolution and it will now go into effect with the governor's approval.

Another Message From Governor.

In the senate and the house a message from the governor was received urging speedy action on the appropriation for the carrying out of the banking law. The delivery of the mandate from the supreme court put the law in force and the governor declares that some banks need immediate attention, which cannot be given until the appropriation is made.

Will Adjourn April 6.

April 6 has been agreed upon as the date for final adjournment. A report was made by the joint committee after a second conference and was adopted. The first report of this committee made several days ago was for April 4, but the house spurned it as unreasonable. The clock will probably be turned back on April 6 and a cessation of actual work is expected about April 8.

Rush of Work Begins.

Both house and senate are beginning to feel the pressure of the long session now and both held sessions this morning. Dolezal of Saunders, who is a farmer, asked that one of his bills be taken up and disposed of so that he could go home, and other men are discussing the possibility of going home and starting their spring work.

Eastern Nebraska Teachers Hold Meet.

Fremont, Neb., April 1.—The Eastern Nebraska Teachers' association met in annual session at the opera house, with Charles Arnot of Schuyler presiding. The principal speaker was J. R. Garfield. His subject was the progressive movement, which he treated as not confined to political lines.

DRAINAGE IN HAM'LTON

More Than \$400,000 to Be Spent in Reclaiming Land This Year.

Webster City, Ia., April 1.—Hamilton county will spend above \$400,000 in drainage work this year. The largest project is the Pray-Glaman ditch. Its estimated cost is above \$100,000. The benefit assessment in the Big Four ditch was also confirmed. This ditch will cost \$78,000.

A joint session was had with the boards of Hardin, Wright, Franklin and Hamilton counties; one between the boards of Hamilton and Hardin, and the Pray-Glaman and Hill ditches established—four big hearings in one day.

Stricken With Paralysis.

Ackley, Ia., April 1.—Frank J. Doolittle, a traveling salesman, well known throughout Iowa, where he has traveled for the past fifteen years, was stricken with paralysis at Hotel Ackley in this city and his recovery is uncertain.

CASADY IS PUT UNDER ARREST

City Clerk of Council Bluffs Held on Embezzlement Charge.

RELATIVES FAIL TO MAKE GOOD

Shortage Continued for Year, Reaching \$8,000 and City Makes Demand, Bonding Company Filing Charges Against Defaulting Clerk.

Council Bluffs, Ia., April 1.—Former City Clerk Albert W. Casady was placed under arrest, charged with the embezzlement of \$8,000 belonging to the city. The information was filed by John L. McKenna, representing the Illinois Surety company of Chicago, the bonding company which furnished the \$18,000 bond required by the city clerk and his deputy. The arrest followed the failure of the relatives of Casady to make good the shortage which was revealed about a month ago and confirmed on March 8, when the books were checked by M. F. Cox, state municipal accountant, sent here by State Auditor Bleakly at the request of the city.

It was known two weeks ago that there was little hope of the shortage being made good by the relatives. Every consideration possible was shown Mr. Casady's relatives and the fullest opportunity given them. His older brother, Thomas Casady, now at the head of a large manufacturing business at Moline, Ill., met his brother at Des Moines, and in the presence of Mayor Maloney of Council Bluffs and Chief of Police Froom declared that the shortage should be made good.

It developed later that the best the Moline relatives could do was to make up one-half the amount, and the hope then lay in the uncle, Simon Casady, one of the wealthiest men in Des Moines, making up the other. Although suffering a degree of almost complete prostration, Mrs. Casady, wife of the former city clerk, arose from her bed and went to both Des Moines and Moline and made appeals for help to save her husband. She returned ten days ago completely crushed at the failure of her mission.

MISS GARRISON RESIGNS

Mrs. Lucy M. Sickels of Milwaukee Is Now Head of Girls' Home.

Des Moines, April 1.—Miss Hattie Garrison, superintendent of the industrial school for girls at Mitchellville, has resigned.

According to the announcement made by the board of control, the resignation, which was handed to the board on Feb. 25, took effect on March 25. At the request of the board, Miss Garrison consented to remain until the end of the month.

Mrs. Lucy M. Sickels of Milwaukee, superintendent of the Michigan state industrial home for girls, has been secured by the board as Miss Garrison's successor. She took up her duties today.

No reasons are given for Miss Garrison's resignation. She was the center of the Cowrie Carroll row concerning conditions at the Mitchellville home for girls, and was accused of inciting discontent among the girls by her orders.

BONDS FOR INTERURBAN

Proposed Line to Connect Cedar Rapids With Eastern Iowa Towns.

Cedar Rapids, Ia., April 1.—An interurban from Iowa City through West Liberty to Muscatine, to connect with a line to run from Davenport to Muscatine, which would give Cedar Rapids a direct line to the tri-cities on the Mississippi and open up a large amount of contiguous territory in Illinois and southeastern Iowa, is the project upon which Cedar Rapids capitalists have been working for some time.

The proposition has assumed such tangible shape that definite announcement is now made that before long an effort will be made to float a bond issue of \$500,000, which would build the proposed line.

The largest portion of the right of way between Iowa City and Muscatine has been secured, and the surveys have all been made.

CANNON NOT FLOOR LEADER

Says Honor Should Be Given to Younger Member of House.

DEMOCRATS WILL ORGANIZE

Majority Members to Hold Caucus to Get Ready for Domination of House Legislative Program Will Be Considered and Officers Named.

Washington, April 1.—Speaker Cannon definitely announced his intention not to seek the Republican leadership in the next house of representatives, stating that he would not be a candidate for the minority nomination for the speakership.

Remarking on the fact that he had held the office of speaker for a longer consecutive term than it ever had been held by any other person, the speaker said in reply to a question:

"Of this singular favor of my associates in the Republican party I am deeply appreciative. But, as I said at the adjournment of the recent congress, I do not intend to seek the speakership again. I shall, therefore, ask my colleagues to give to some other member of proper worth and ability the compliment of their nomination for speaker. To that man, whoever he may be, I shall give with pleasure the assistance and co-operation that I have learned, are so indispensable for the leader on whom rests the responsibility."

Democrats Will Organize.

To organize for domination of the first Democratic house of representatives since 1855, Democratic members of the Sixty-second congress, which convenes in extraordinary session next Tuesday, will hold their caucus today.

The reports of the new ways and means committee on the house committee and legislative program and the report of the new rules committee will be considered and officers of the house determined upon. With relation to the legislative program, discussion will be confined chiefly to the Canadian reciprocity agreement, the tariff board bill and tariff revisions.

BRADSTREET'S REVIEW

Trade Reports Similar in Tenor to Recent Weeks.

New York, April 1.—Bradstreet's says: Trade reports are similar in tenor to recently preceding weeks, in that they continue to tell of the prevalence of quiet conditions. This disappointing situation is offset to some extent by good crop reports. So far as the mainstays of trade are concerned, business is quiet, conservatism still prevails and working forces are being reduced in some industrial establishments.

House trade in such lines as bleached cotton sheetings and cambrics has been stimulated by a cut in prices, which brings quotations below the cost of making the goods from raw cotton previously purchased at high prices.

In other respects the dry goods trade is quiet and buyers continue to purchase only as their near requirements demand. Country trade remains dull. Collections are slow and extensions are being freely requested.

Failures for the week were 260. Wheat exports for the week aggregate 3,575,864 bushels. Corn exports for the week are 1,725,286 bushels.

Identifies Man as Iowa Train Robber.

Omaha, April 1.—Howard Clark, charged with complicity in the burglary of the Dunning Hardware company's store here, was identified by a brakeman as the man who boarded a Northwestern passenger train at Denison, Ia., March 23, and escaped after robbing two passengers.

GRAIN AND PROVISIONS
