THE HOME OF SATISFACTION

MANKER TRIES TO TAKE LIFE IN PRISON CELL AT SAN FRANCISCO

With a Knife Blade, He Severs His Jugular Vein—Act Committed When He Hears That Governor Had Honored Requisition of the Governor of Illinois For His Return There.

A San Francisco dispatch of today tells of the attempt at suicide of the former Cass county banker, Carey A. Manker. The dispatch follows:

C. A. Manker, the former banker of Pearl, Ill., who surrendered to the police here several days ago, confessing that he was wanted for the embezzlement of \$45,000 and for whose return to Illinois a requisition was granted today by Governor Johnson, attempted to commit suicide late today by stabbing himself in the neck.

The man, unconscious, was found on the floor of his cell in the city prison, and was removed to the emergency hospital. It was found that the knife blade had severed the jugular vein. The knife evidently was smuggled into Manker and the chief of police has ordered an examination.

This afternoon in Sacramento Governor Johnson honored the requisition of the governor of Illinois for the removal of Manker to Pike county. Since his arrest six days ago, Manker has been downcast. He persisted in the assertion that his financial difficulties and his subsequent flight were the outcome of treachery on the part of business associates.

As soon as word was received

here that requisition had been procured Manker was informed. Shortly thereafter he made the attempt to end his life.

Broken in health, hungry and despondent, Manker came into police headquarters here last Friday night and surrendered himself after having evaded arrest for three years. He said he revealed his identity to the proprietor of a lodging house here, who advised him to surrender.

Until his disappearance and the discovery that he had misappropriated funds of the bank of which he was president and part owner, Manker was a prominent citizen of Pearl, Ill. He was known as an inventor of the Navimobile, or hydrocurve, a peculiarly shaped boat hull by which he hoped to revolutionize navigation. He organized the Manker-Hebner Navigation company and many of his business acquaintances subscribed for stock in the enterprise. He also organized a company to place on the market a compound supposed to ward off safe robbers.

These affairs and a general financial depression crippled his resources and he began borrowing from the bank funds. At last he faced exposure and fled, accompanied by his wife and four children.

A Mistake.

If you call for "Bitter Wine," do not make the mistake of accepting any preparation handed to you by the business man. What you want is Triner's American Elixir of Bitter Wine, because you know that it is a reliable remedy for the stomach, and, in fact, for the whole body. As soon as your appetite will become poor or your bodily strength will diminish, use Triner's American Elixir of Bitter Wine. It will give new strength to all organs of the body and will make them able to do their work with ease. It will regulate the bowels and prevent constipation

and all difficulties connected with it. It will not allow undue generation of gases in the stomach and intestines; it will prevent decomposition of the contents of the stomach and bowels. Be careful to buy genuine Triner's American Elixir of Bitter Wine. At drug stores, Jos. Triner, 1333-1339 So. Ashland ave., Chicago, Ill.

Hay Fever, Asthma and Summer Colds

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfarm St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. For sale by Fricke & Co.

LUCKY ESCAPE FROM A BAD ACCIDENT

Ed Mason and Family Were Dragged on Road When Buggy Was Overtaken.

Mr. and Mrs. Ed Mason and little child came near having a serious accident while driving to the Robert Fitch farm yesterday morning. When within about a mile of the Fitch farm they came upon a man picking up cobs in the road. The horse did not see the man until they had reached where he was standing and the man stood up.

The horse became frightened and ran, and it being a bad place in the road, the buggy tipped over and was dragged about fifteen feet before the horse could be stopped. Mr. Mason received a bad cut on the forehead and some bruises across the chest, but his wife and baby were not hurt. The top of the buggy was damaged slightly.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments that medical science has devised. For sale by Fricke & Co.

A. O. U. W. Lecture.

E. C. Phillips of Table Rock, Neb., and J. B. Turner of Grand Island, deputies for the A. O. U. W. lodge of Nebraska, are in the city this week working in the interests of that order. The A. O. U. W. is one of the strongest fraternal orders in the state of Nebraska, and already have a large membership in this city, with three separate lodges. These gentlemen are here working in connection with the home lodges with the view of increasing the membership, and up to the present time have been very successful and expect to take a large class into the order within the next few weeks. On next Friday evening Grand Master Workman A. M. Walling will be in the city and deliver a free fraternal lecture, in the A. O. U. W. hall. In connection with this lecture, which will be very interesting in itself, he will show a number of stereopticon views, dealing upon the fraternal subjects. The evening's entertainment will be very interesting from beginning to end and is free for all. An invitation is extended for everybody to attend. Mr. Phillips and Mr. Turner will remain in the city for the next two weeks to secure additional members to the home lodges.

To Play Cedar Creek.

The Plattsmouth baseball team will go to Cedar Creek Sunday to play the ball team there Sunday afternoon. A delegation will go from here to see the game and support the local boys.

LAST NIGHT'S RAIN SAVES MUCH CORN

Crop Had Reached a Point Where It Had to Have Rain Quick or Fail.

Beginning about midnight last night and lasting until the early hours of morning, a rain, general in extent, fell in southeastern Nebraska and southwestern Iowa and undoubtedly saved hundreds of thousands of acres of corn from being a total failure.

The amount of rainfall, as measured at the Burlington depot, was .84 of an inch. This is not a big rainfall, but as the rain fell gradually, much of it had a chance to soak into the ground. At many points, perhaps, the amount of water which fell was greater.

The rain was absolutely necessary to save the late corn. The corn had tasseled, but there were no shoots, and farmers said that the pollen would be gone in a few days, and that if the corn was to be saved the rain must come at once. There is, of course, much corn in this vicinity that is already ruined, or will make but a small average per acre. Farmers say that much corn has been lost because of improper cultivation. The farmers who gave attention to it and who plowed continually in order to keep the moisture in the ground, will have good crops, while those who neglected their corn will have small yields. The rain will also be of great benefit to pastures and to forage crops.

According to the official weather records at Omaha, this season, since March 1, has not been so dry as the same period in 1910. On August 2, 1910 the total deficiency in rainfall from March 1 was 13.60 inches, while in 1911 for the same period the deficiency was but 10.07 inches.

Loss of Time Means Loss of Pay.

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. For sale by Fricke & Co.

Big Ad in This Issue.

You will find a full page ad in this issue of the Journal for E. G. Dovey & Son, announcing their clearing sale of all summer goods. You know what it means when the Dovey store offers you bargains. If they tell you it means 33 1-3 per cent off it means one-third off, no more and no less. You know the value of the goods, and they regard the value of their word, and when they tell it to you in an advertisement, they have the goods for you in the store, and at the price stated in the advertisement. Read the ad and attend the sale, it may save you some money.

Gaining Strength.

Mrs. Melburn and sons were in Omaha yesterday and paid a brief visit at the Immanuel hospital, where Charles Isner has been for the past three months receiving treatment for the injured hip that has given him so much trouble for the past year or more. Charley has certainly suffered a great deal with this illness and it will be good news to his numerous friends to know that he will be able to return home the latter part of the present week, with every hope for his permanent recovery.

Returns Home This Week.

Miss Cecil Schiappacasse, who has been in the hospital at Omaha for the past few days, where she submitted to a surgical operation for goitre of the neck, will return home the latter part of this week. She has been progressing very nicely and the many friends of this excellent young lady will be pleased to learn that the physicians will be able to pronounce her recovery permanent.

Her Mother Dying.

Mrs. B. J. Reynolds left for McPaul, Iowa, last evening, called there by the illness of her mother, Mrs. J. P. Hume, who is reported to be dying. She has been quite ill for some time with heart trouble. Mrs. Hume has visited her daughter here a number of times.

YOU CAN HAVE A SILK DRESS NOW

50c Silks now cost no more than most any other Summer fabric. The Silks in our Clearance Sale are beautiful examples of the weaver's art, and at the price they are now you should at least have one dress out of them. Only a portion of our stock is displayed in the window, but you can readily get an idea as to what beautiful fabrics they are.

All 50c Silks will go on sale Saturday at the very low price of 29c per yard. You had better come early on that day if you wish to get your choice, as there are no reservations made.

EGBERGER BUILDING TO BE REMODELED

New Postoffice Will Make Old Building a More Valuable Property.

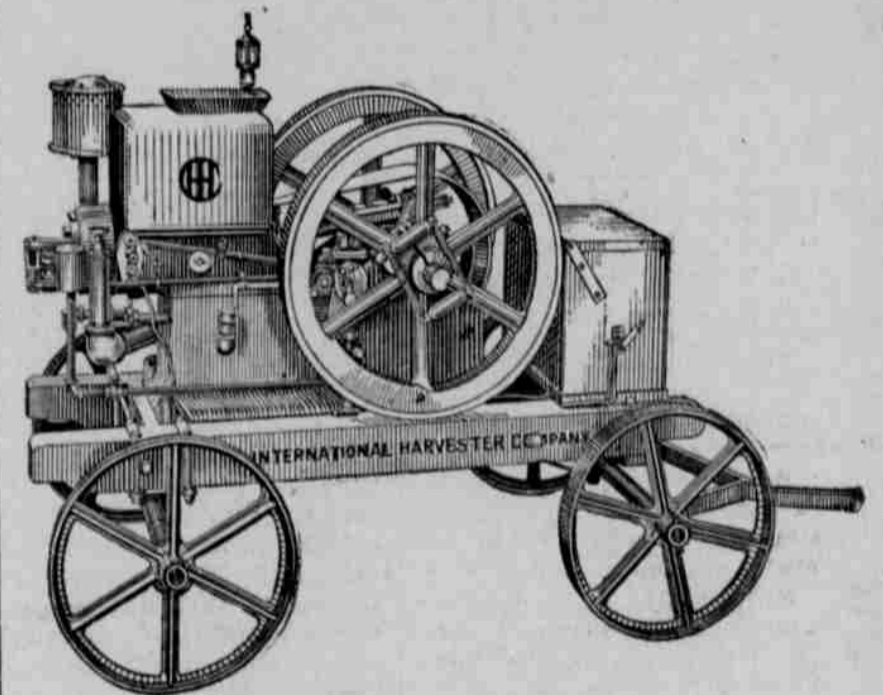

A total of several thousand dollars will be spent in remodeling the Egenberger building at the northwest corner of Fifth and Main streets, according to J. J. Davey, an architect, and H. E. Olson, a contractor, both of Omaha.

Steam heat will be put throughout the building, the interior will be refaced and remodeled, the upstairs will be fitted for office rooms and the building made modern generally. New sidewalks will be put in around the building and the three north store rooms will be remodeled into one.

The work is being done because of the fact that the new postoffice will make the location of the building more important for business than it is now, and the store room next to the post office will be a good business location. The building is controlled by the Cassel Realty company of Omaha, the company that looks after the real estate interests of the Krug Brewing company.

Try a sack of Forest Rose flour the next time you need flour. Ask your dealer what he thinks of it.

GIVE MORE POWER at Least Cost and Last Longest

Why experiment when you can be sure. The I. H. C. line offers engines of proven capacity. It doesn't take an expert to see the many great advantages of I. H. C. construction. You can readily see how I. H. C. cylinder construction gives more power with less gasoline—how the I. H. C. style of governing gives steadier power and economizes fuel—how the I. H. C. cooling system prevents deterioration—how in every way I. H. C. construction is simplest, strongest and best.

Through years of service everywhere, under every condition.

I. H. C. GASOLINE ENGINES

have stood the test. They have demonstrated by actual experience that for every use they are just the kind of engine you want.

They are made in various styles and sizes from 1 to 45-horse power for pumping, spraying, sawing, gridding, threshing and operating machines about the house and dairy.

Call and let us show you why the I. H. C. engine will give you most service, most satisfaction with least attention and at least expense. Tell us what you want your engine to do, and we will help you select the kind of engine best suited to your work.

Come in the next time you are in town.

August Gorder

Plattsmouth,

Nebraska
