It goes without saying that Bill Deles Dernier will be supported at the primary election by the republicans of the west end, where his record of deeds, both good and bad, are known like a book. We have no ill-will for his opponent, Judge Beeson, but we can say with a clear conscience that our home man will show himself most admirably if placed in the county judge's office.

Candidates for county offices have been quite numerous on our streets the past week. Among these was L. B. Egenberger, the big fat man, who is unning for county treasurer, subject to the will of the republican voters. Mr. Egenberger had too many pounds to catch his train and we had to put up with him a while longer. He is one of Plattsmouth's general merchandise men.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for laryngitis, asthma, hay fever, croup, quinsy or sore lungs. Price 50c and \$1.00. Trial bottle free. Guaranteed by F. G. Fricke & Co.

Last Monday evening a small cyclone swept down at the farm of Henry Ossenkop, five miles southeast of Louisville, and demolished his barn, chicken house and tore things up quite generally. The only live stock killed, however, were several dozen fine chickens which Mrs. Ossenkop valued very highly.

Accused of Stealing.

E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at F. G. Fricke & Co.

MAKING NEW ROAD OUT OF MISSOURI PACIFIC

Rebuilt Railroad Buys Many New Engines, Coaches, Baggage and Mail Cars.

A special from St. Louis, under date of August 7, has the following to say: Contracts were let today by the Missouri Pacific-Iron Mountain railroads for fifty passenger service coaches. The order includes eleven cars, eight regular passenger coaches and two divided passenger coaches, which are to be built by the Pullman company, and fifteen baggage cars and fourteen mail cars, the contract for which was awarded to the American Car and Foundry company, who will construct them at their St. Charles, Missouri, shops.

Under the contract all of the fifty cars are to be built on the steel construction plan and are to be equipped with the most modern safety devices. The passenger cars are to have in addition every improvement in the line of comfort and are to be electric lighted and finished in mahogany with the latest designs of comfortable seats, which are to be plush upholstered. The most modern heating is also called for in the specifications.

The cars for which contracts were let today are in addition to the large installment of dining cars, passenger coaches, mail and baggage cars which the Missouri Pacific-Iron Mountain have been receiving lately from the American Car and Foundry company shops at St. Charles. The latter cars, now arriving, are also constructed on the most modern plans.

Since President B. F. Bush took hold of the Missouri Pacific-Iron Mountain lines he has also let a

contract with the American Locomotive works for fifty freight engines of the Mikado type. Under the agreement made these engines are to be delivered the latter part of the present month.

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt-rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, California. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at F. G. Fricke & Co.
