The Turning-Point.

A member of the family is sick and his sickness is at its height, that is, at the turning-point, either to recovery or a fatal issue. The physician does not give much hope, having been called too late. Such anxiety can be avoided, in the majority of cases, if at the first symptoms of an indisposition, such as loss of appetite, constipation, headache, coated tongue, stiffness of the joints, heaviness in the stomach, weakness, you will at once use Triner's American Elixir of Bitter Wine. The turning-point to recovery will come soon, because this remedy will thoroughly clean out and keep clean the organs of digestion and will give new strength to the nerves. It will purify the blood, which often will drive out of the system rheumatic and neuralgic pains. It is indicated in all affections of the stomach, the liver and the intestines. At drug stores, Jos. Triner, 1333-1339 So. Ashland Ave., Chicago, Ill.

James T. Reynolds, the democratic candidate for clerk of the district court, will visit the various sections of Cass county before the election. He is a man of the common people and his record as a neighbor and all-round good citizen will speak for itself. As the Journal has repeatedly said, he is one of the best men in Cass county and there can be no question as to his qualifications for the position, as he is a well educated gentleman. Remember that his candidacy is one where the office seeks the man and not the man who seeks the office. He should be elected because he has never sought an office.

Digestion and Assimilation.

It is not the quantity of food taken, but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions naturally. For sale by F. G. Fricke & Co.

Keister School.

Keister Ladies' Tailoring College. Designing, drafting and dressmaking taught. For terms apply at room in Coates' block. Managed by Mrs. N. A. Leist.

MELONS!

WHEN you buy a melon you usually "plug" it to see how it looks inside, for experience has taught you that you can't judge a melon from its shell—and so it is with a suit of clothes—the inner construction doesn't always live up to the outer appearance. But unfortunately you cannot "plug" a cheap suit of clothes. If cheap materials and careless workmanship are employed you cannot detect it until you have worn the garment. We don't ask you to buy our QUALITY CLOTHES on faith. We "plug" them for you—show you the inner construction and can prove to you their superiority. Don't let some fellow "hand you a lemon" when you buy a suit. Come to the old reliable store "Where Quality Counts." Step in and see the new Fall ideas.

WHY THE BOY HATES TO GO TO SCHOOL

He Should Not Do So, but He Does and He Cannot Tell Why.

Did you ever see a boy that would admit he liked to go to school? If he did admit it, was he any good in after life? From lusty juvenility a practically unanimous protest goes up against the call of the school bell. This is true even with
