MYNARD.

The home of Mrs. Wm. Wetenkamp was the scene of a merry crowd on last Friday evening. The occasion was in the form of a surprise for Grant Wetenkamp's 42d birthday. Refreshments were served and a good time was enjoyed by all. Some seventy-five or eighty plates were laid.

Lightning Kills Few.
In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at F. G. Fricke & Co.

ELMWOOD.

John Gonzales visited his sister, Mrs. Baker, at Crete Sunday and Monday.

Mrs. Asa Fellows is seriously ill as the result from an attack of pneumonia, the malady making its symptoms apparent on Sunday last. Following this, on Monday, a baby daughter came to cheer a sorrowful household, but its advent only causes a situation more serious to the mother.

Mr. and Mrs. Wray were in Omaha again Monday and Tuesday with their little son, Arthur, upon whose eye the experts again performed an operation. There is still but little hopes of saving any of the sight, but practical assurance is given that the ball will not be replaced by an artificial one.

Clark and family, and to assist in packing their goods preparatory to moving to Sargeant, Neb., Ed having been transferred by the Burlington to fire over a different division. The change is accompanied by a raise in salary and better working hours.

Grace L. Dickinson Stapely was born at Rochelle, in Ogle county, Illinois, April 9, 1864, was married to Edward L. Stapely in 1893, died at her home in Elmwood Monday, December 4, of pulmonary tuberculosis, being buried by a large and sorrowing assemblage of her relatives and friends and neighbors Wednesday afternoon at 2 o'clock. Since her marriage to Mr. Stapely she had lived on their farm southeast of town until the death of her husband five years ago, when she removed to Elmwood, purchased a home and has resided here until her death.

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost-bitten toes and fingers, chapped hands and lips, chilblains, cold-sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Bruises, Eczema and Sprains. Only 25c at F. G. Fricke & Co.

AN ALARM AT NIGHT

That strikes terror to the entire household is the loud, hoarse and metallic cough of croup. No mistaking it, and fortunate then the lucky parents who keep Foley's Honey and Tar Compound on hand. H. W. Casselman, Canton, N., says: "It is worth its weight in gold. Our little children are troubled with croup and hoarseness, and all we give them is Foley's Honey and Tar Compound. I always have a bottle of it in the house." For sale by F. G. Fricke & Co.

Mrs. E. V. E. Rochford returned home from Lincoln Tuesday and will assist the Ossenkop brothers in their store during the holiday rush.

Wolves are numerous this winter and unless they are thinned out before the extreme cold weather sets in there is sure to be great loss to the farmers. On Tuesday of this week a wolf hunt was pulled off southeast of town and four wolves were killed.

Two railroad velocipedes collided on the M. P. Platte river bridge early Tuesday morning. Clarence Ackels and wife were coming to town, and Theo. Koop and Sam Edgerton were going to work on the north side of the river. The two cars met on the bridge. Koop and Edgerton did not see the other car coming, and were running at a high rate of speed. Mrs. Ackels was thrown from the car and fell under the wreckage, but luckily escaped with no serious injuries. Mr. Koop would have fallen into the river had not Ackels caught and pulled him back. Dinner buckets were smashed and the contents fed to the fish in the river below. It was indeed a narrow escape for all concerned.

"BEST ON EARTH."

This is the verdict of R. J. Howell, Tracy, O., who bought Foley's Honey and Tar Compound for his wife. "Her case was the worst I have ever seen, and looked like a sure case of consumption. Her lungs were sore and she coughed almost incessantly and her voice was hoarse and weak. Foley's Honey and Tar Compound brought relief at once and less than three bottles effected a complete cure." For sale by F. G. Fricke & Co.

Big Horse Deal.

One of the largest deals ever made in this section of the county was "pulled off" last week, when local parties traded 800 acres of land for 250 head of horses. The parties to the deal were Dr. I. C. Mungler, who traded 480 acres of land located in Cheyenne county, Kansas; August Bergman, who traded 160 acres located in Perkins county, Nebraska, and G. J. Reiffler, who traded 160 acres located in Sherman county, Kansas, and the parties furnishing the horses reside at Colby, Kan-

sas. This is indeed a big deal, as the land involved was valued at \$11,000. The horses are at present on a government reservation in Arizona and will remain there for some yet. Mr. Bergman expects to leave next week to visit the important horse markets and will also go to Houston, Texas, to see what disposition can be made of them. A. L. McDonald, our wide-awake real estate man, "engineered" the deal.—Eagle Beacon.
