Not Only Is the Small Boy Happy, but There Are Older Persons Who Feel the Same Way.

That time honored yet magical phrase, "are you going to the show?" is the query most frequently heard these days upon every hand, both in this city and by people for miles out into the surrounding country. Fresh from their triumphs abroad, the Cole Brothers have greatly augmented their shows in every department. This season their spread of canvas covers an area of about nine acres and when erected the big tent affords comfortable accommodations for 12,000 persons. Over-capping the three big rings, three elevated stages and vast hippodrome track is a veritable maze of trapeze riggings, bars, rings, ropes and apparatus upon which dauntless queens and kings of the air twice daily defy death in entertaining the thousands of patrons. Over 300 men, women, children and educated animals are employed in the presentation of the astounding program. From the first to the last number, act follows act in rapid succession and with such precision and skill
