Ed Oliver in Town.

Ed Oliver and son, Ed, Jr., of Rock Springs, Wyoming, are in the city, having come to attend the funeral of Mr. Oliver's mother. Mr. Oliver was formerly in the meat business here, and later removed to Rock Springs, where he is in the same line. He rather likes Rock Springs, which is a typical mining town of 7,000. There are forty-seven different languages spoken in the city. Formerly there was one saloon for each language, but now the number has been reduced five, and there are now but forty-two saloons. The industry is mining, and money is plenty. Everything is done on a lavish scale, with no attempt to economize in the expenditure of public funds. The city is kept up in fine style, with no accumulation of rubbish of any kind; the garbage wagons go through the alleys every morning and sweep up everything and haul it away. Order is preserved by four regular policemen through the day and six at night, who see that the peace and quiet of the city is observed.

In the Tolls Again.

Tom Smith, who has frequently been before Judge M. Archer on the charge of drunkenness, although a small man, has a large appetite for booze. Tom was found in a beastly state of intoxication Sunday and Monday, and on Monday the police deemed the ordinance sufficiently fractured and threw Tom behind the bars in the basement of the Hotel de Manspeaker, there to sober up. Tuesday morning Tom was thought to be in condition to face the court, and was accordingly arraigned. In default of a small assessment, which the judge allowed would repair the damages to the ordinance, Tom was returned to his comfortable quarters in the palatial building, which is the pride of so many Cass county citizens, there to languish until the violated law and outraged public sentiment had been satisfied.

Makes Good Time From Lincoln.

Glen Smith, the bridge man, left for his home at Lincoln last night to get his auto to take the commissioners out to see the bridge today. Mr. Smith informed the board he would be back at 8 a. m. today, and just as the county clock struck 8 Mr. Smith rounded the corner at Fourth and Main and pulled up to the west door of the court house before the clock finished striking. The board will have seen most of the county bridges before returning tonight.

NOTICE OF BOARD OF EQUALIZATION.

The County Board of Equalization will set for the purpose of equalizing the assessment of Cass County for the year 1912, in the Commissioners' chamber at the Court House in Plattsmouth, Nebraska, beginning Tuesday, June 11th, 1912, at 10 o'clock a. m., and continue from day to day up to noon on Saturday, June 15th, A. D. 1912.

All claims for equalization must be filed on or before Friday, the 14th day of June, A. D. 1912.

D. C. MORGAN,
County Clerk.

It Is Papa Leightly Now.

Charles Leightly, the genial Burlington electrician at the shops, appeared at the Journal office this morning with two boxes of cigars and a kindly smile on his countenance. "It's a girl," said Charley, "and the finest you ever saw." Charley came down from Omaha this morning to report to Chief Clerk Hartford that he would have to be excused today to care for the little stranger. Mrs. Leightly and the babe are doing fine, and Papa Charley will be back to work in a short time.

M. E. Tyler Goes to Florida.

M. E. Tyler of Omaha has been visiting his parents, C. Tyler and wife, for a short time before departing for Tampa, Florida, where he has acquired a piece of real estate. He left for his new location last night on No. 2 and will take up his residence there if the country suits him as well as he has reason to believe it will. He will improve the land that he has just purchased and will engage in raising the numerous citrus fruits produced in that locality.

John Mefford Here.

John Mefford, assessor of Sall Creek precinct, came down on No. 4 this morning to return his book and schedules to County Assessor Soennichsen. Mr. Mefford says the weather is all right for corn, but the small grain and grass need rain as bad as we do in the vicinity of Plattsmouth. There is nothing working on the corn in his locality.

Certain Facts Every Man and Woman Should Know About Buying at

Fanger's Department Store

These facts should be of interest to you, as you can save from 20 to 25 per cent on every article that you buy in our store. Take the smallest item. For instance, if you buy a handkerchief for 4c in this store which will cost you only 5c elsewhere. It is only a difference of 1c, but we have 20 nickles to a dollar, the fact is proven to you that you can realize 20 per cent for your pocket by buying here than elsewhere. The same is with our Millinery, Cloaks, Suits and Dresses and all through our entire store you will find 25 per cent saved—makes no difference what you buy.

We have just received an up-to-date line of shoes for ladies and children in White Buckskin, White Canvas and Tan in Shoes, Oxfords and Pumps; also very fine Soft Sandals, at prices that you can save as mentioned above. We can hardly find space in the window to display them, but drop in and be thoroughly convinced.

The celebrated "Arrow" Collars, the best on the market to-day, sold elsewhere for 15c They are going at our store all this week for only **10c**

The same facts arise in our Clothing Department, where you can buy a suspender for 19c and pay 25c for it elsewhere. It saves you 6c on one quarter and four quarters to a dollar will save you 24 per cent without even trying.
