He is a fine young man and the people of Murray will find that Dr. Gilmore made no mistake in trusting his business to the care of Dr. Flothow.

The Band Concert.

An immense crowd of people came to Murray Saturday night to attend the concert and dance given by the Burlington band of Plattsmouth. Jenkins' hall was full to overflowing and everyone was more than delighted with the most excellent music discoursed. People were here from many miles around, and after the hall had been filled to overflowing many remained on the streets to hear the music until the end of the concert. The solo by Mrs. Edna Eaton was very much enjoyed, and much more so by those who had never before listened to her charming voice. Mrs. Eaton is a great favorite with Murray people. After the concert came the dance, which was enjoyed by many for several hours, the music being furnished by the M. W. A. orchestra of Plattsmouth, and its excellency was highly praised by the merry dancers. Both concert and dance were great successes.

The auto, of course, received its share of damage also.

There is no night so dark and dreary.

But the morning sun shall rise. No storm so wild, but past the

tempest
Hope's bright rainbow spans the skies.

There is no life so full of sorrow,
But may be filled with peace and love,
If we but listen to the promise
Sent to us from God above.

There is no broken-hearted mourner
That's forgotten by our Lord,
There is no prayer that's rightly uttered
But touches a responsive chord.

Seek past this darkened cloud the rainbow;
Watch for the 'morrow's promised light,
Trust your dear loved one to his Maker,
And pray to feel God's way is right.

—Grace Wiles Hall.

O. A. Baxter Seriously Injured.

Oliver Baxter, the oldest son of Mrs. Joanna Baxter, was seriously injured on his farm near Coyote, Montana, recently. He was plowing with a gang plow, using six horses, and as he turned a corner of his land the double-tree caught in the wheel, the plow turned over and Oliver was thrown from the seat, causing the lines to tangle in such a way as to cause him to lose control of the horses. He succeeded in catching the spirited animals some forty rods away, but as he did this his wife saw him fall to the ground. She immediately rushed to him and found him unconscious. The fall from the seat or the run he had made for the horses caused a hemorrhage, followed by a stroke of paralysis of the right side. At this writing the nurse thinks he is getting along as well as could be expected. Oliver spent his boyhood days on a farm near Murray and has many friends here who join in wishing him a speedy and complete recovery.

Little One on Road to Recovery.

Word has been received by Mrs. Joanna Baxter from Cheyenne, Wyo., that her grandson, Theodore Daniel, the little 4-year-old son of Mr. and Mrs. Ernest Baxter, is, after an illness of over two months, on the road to recovery. He was at death's door many times from the effects of a bad siege of bronchial pneumonia, and although two trained nurses worked over him, it seemed at times he was crossing the line. Ernest and his wife are very thankful to know that they still have their little one. But have another sorrow following in the injury of O. A. Baxter.

Mr. and Mrs. Lutz Vallery, who have been visiting relatives in this city for a time, departed for Omaha this afternoon to pay a visit to Mr. Vallery's sister, Mrs. F. E. White.

Counterfeiter in Jail.

William Fink of Brooklyn, N. Y., was sentenced to four months in the penitentiary, at hard labor, for counterfeiting the trademark of a well advertised brand of pills. The judge imposed the sentence, not only as the proper punishment of Fink himself, but in order to deter others from the commission of like frauds in the future. We called the attention of our readers several times before this to the common fraud of imitating old, standard family remedies and forcing worthless articles on the public. There are many imitations of the well known Triner's American Elixir of Bitter Wine, because it is an article of great merit. It should be used in maladies of the stomach, the liver and the intestines; it will relieve both recent and old constipation, headache, weakness, nervousness, lack of appetite. At drug stores, Jos. Triner, 1333-1339 So. Ashland Ave., Chicago, Illinois.

Cards of Thanks.

We desire to return our most sincere and heartfelt thanks to those kind neighbors and friends for their assistance and kindness during the illness and death of our dear husband and father, and for the many floral tributes of esteem. Their kindness will never be forgotten by us.

Worms Trouble Corn.

Farmers in the vicinity of Murray in some localities are complaining that some worm or insect is working on the corn crop. The grain appears to germinate, all right and comes up all right, only to be destroyed when the plant has acquired a few days' growth.
