

The Plattsmouth Garage Co.

—WARGA & CECIL, Proprietors—

Ready for Business!

Corner Sixth and Vine Streets, Plattsmouth, Nebraska

We want you all to feel that we are going to look after the emergency end of your car's needs. Don't worry if you break down. Our "Service Department" will deliver you Supplies and Tires quickly and economically. Everything we sell you will be absolutely guaranteed.

The Plattsmouth Garage Company

A SQUARE DEAL TO ALL!

WARGA & CECIL, Proprietors

Agent for the Inter-State Automobiles.

PRESTOLITE AGENCY

NEW HEADQUARTERS FOR CITY GOVERNMENT

Work of Remodeling the Building Has Been Commenced and Will Be Rushed.

The workmen have commenced work on remodeling the new city hall building. The contractor, L. G. Larson, is pushing the work right along and before many weeks the city government of Plattsmouth will occupy a home of their own. A large porch is being erected along the east and south sides of the building, which will add greatly to the usefulness of the structure. The front room upstairs is quite large and will be used as a meeting place for the city council, while the smaller room in the rear will make a splendid court room, where Judge Archer will preside. A large folding door connects the two rooms and will make a comfortable, up-to-date council chamber.

The entrance to the second story will be moved to the center of the building, so that entrance can be made to either the council chamber or the police judge's court. Where the present door is a large window will be placed, and another window will also be made in the council chamber, making it a splendidly lighted room.

On the ground floor the fire apparatus and tools of the city will be placed, and anyone having need of them will be able to secure them without running all over town to hunt them up.

The city has long needed a building of their own and they have certainly secured one in a splendid location, situated as it is, on one of the principal streets and opposite the fine new government building. Plattsmouth will have no need to be ashamed of her city hall when it is completed and it will compare favorably with most any of the buildings in town of the same size in the state.

Contractor Larson is a splendid workman and in securing him for the work the city is assured of a job of work that will come up to the specifications and plans of the building committee.

ASKS COUNTY TO PAY FOR GOODS STOLEN BY CONVICTS

The county commissioners, at their session Tuesday, had presented to them a claim from L. Neitzel, the Murdock hardware dealer, asking that he be reimbursed to the amount of \$47.50 for guns and ammunition that was stolen from his store by the escaping convicts, Doud, Morley and Gray, last spring, and with which they carried on the memorable battle with the posse at Chaleo, which resulted in the death of Gray and Doud. Mr. Neitzel's claim was refused, after consideration by the county board, as they did not feel that Cass county was responsible for the depredations committed by the fleeing outlaws in their escape and battle to avoid capture. It was claimed at the time of the escape that the state would have to be responsible for any damage done by the convicts, but the matter has never been passed upon by the courts.

Miss Kittie Cummins.
Piano teacher, accredited with the University School of Music of Lincoln, Neb. Ellis Illustrated Music Course and Burrows' Musical Kindergarten a specialty. Fall term begins September 9th.

The first dance of the season will be given by the Cosmopolitan club next Saturday evening at Cootes' hall. Everybody cordially invited to attend. Admission: Gents, 50 cents; ladies, free.

Home grown alfalfa seed for sale. A. L. Todd, 8-8.8twkly

A really effective kidney and bladder medicine must first stop the progress of the disease and then cure the conditions that cause it. Use Foley Kidney Pills for all kidney and bladder troubles and urinary irregularities. They are safe and reliable. They help quickly and permanently. In the yellow package. For sale by F. G. Fricke & Co.

Lloyd Gopen of Murray was an Omaha visitor today, going up on No. 15.

Grading for New Building.
Work was commenced yesterday morning on the grading for the new building to be erected by V. V. Leonard on the lots west of the Gurd building. McMaken & Son have the contract for the grading and expect to push the work to a rapid completion.

LITTLE BOY COUGHS UP A GRAIN OF CORN IN WINDPIPE

Has Suffered for Some Time From the Effects of Location of Grain of Corn.

Harry, the 9-year-old son of Mr. and Mrs. Jacob Lohnes, jr., who swallowed the grain of corn several weeks ago, the same passing and lodging in his windpipe, has at last gotten relief. The little fellow put several weeks in the hospital in a very serious condition and returned home without relief. Every hope was held out for the better and that he would soon recover, but he continued to suffer up to last night.

The lad was taken with a very high fever the fore part of the week, and last night a severe spell of coughing came upon him, during which time he raised the grain of corn. Mr. Lohnes was in the city this morning, and we do not believe there was a more happy man to be found in the land. During the past few days the lad's condition became so serious that the attending physician was called to their home several times. Harry no doubt will soon be restored to his former health.

8,000 W. O. W. MEN TO TAKE PART IN AK-SAR-BEN

One of the big new features of the Ak-Sar-Ben festival at Omaha this fall will be the dedication parade, in honor of the dedication of Omaha's biggest and newest skyscraper, the Woodmen of the World headquarters building, eighteen stories high. Eight thousand members of the Woodmen of the World, soldiers and cadets, will take part in the parade. The crack drill teams of the order from all over the country will be here to drill and otherwise take part in the festivities.

This parade will be on Thursday afternoon, October 3. On the preceding night will be the big annual electrical parade; on Tuesday afternoon, October 1, the automobile floral parade, and on Friday night, October 4, the coronation ball. There will be a high-grade street carnival held throughout the festival period—September 25 to October 5—and the Cheyenne Frontier Day show will be held from September 28 to October 5.

SOME QUEER SPECIMENS OF PETRIFICATION FROM NEAR WEEPING WATER

County Surveyor Fred Patterson, who was out in the vicinity of Weeping Water last week, returned home Saturday and brought home with him some specimens of what appears to be petrified wood. One of these was presented to him by P. A. Johnson, who had secured it from the center of a large limestone slab and seems to have been the roots of some young tree or plant, the veins being plainly visible in the rock, and must have lain in this rock for hundreds of years. It is certainly a very fine specimen of petrified wood and may have been part of a tree felled by some prehistoric citizen of Weeping Water. Another of the queer rocks is one picked up by Mr. Patterson near the Weeping Water creek and resembling in appearance the snail shell, but which Mr. Patterson thinks is also the root of some tree or plant. He is quite proud of these unique souvenirs and kindly brought them to the Journal office for inspection.

Queen Quality Oxfords, the \$3.00 quality, your choice at \$1.25. E. G. DOVEY & SON.

Mrs. George Hansen and little daughter, of Nehawka, are in the city visiting Mrs. Hansen's sister, Mrs. William Hunter and family, Mrs. Hunter, who has just returned from Hot Springs, Arkansas, was greatly benefited by the mineral water baths at the springs and is feeling much better.

THE GREAT AMERICAN PLAY "PAID IN FULL"

Eugene Walter's four-act play of modern American life, "Paid in Full," which has been such a success for over five months in Chicago and two seasons in New York, will be given for the first time in this city on Monday night, September 9. The story of "Paid in Full" is said to be virile, appealing and distinctly original, and to be unfolded by a set of characters that are types of real life, familiar to everyone, and full of human interest. The scenes of the play are laid in New York and the plot tells of the struggles of a young married couple who live and keep up appearances on a small income. The husband, who is a weak character, rather than submit to the mortification of poverty, steals from his employer, and, when his theft is discovered, for his own protection, is willing to sacrifice his wife. Her innate goodness saves him and saves herself. A production in keeping with the artistic requirement of the play is promised.

District Court.
District Judge Travis has issued an order setting Saturday, September 14, as a day for hearing all demurrers and motions and for such other business as may properly come before the court. The attorneys throughout the county should bear this date in mind.

BECAME WEARY ENROUTE TO HIS BOARDING HOUSE

Yesterday while L. F. Smith was en route to his boarding place he became overcome with a desire to enjoy a "siesta," so proceeded to enter the yard of Charles Manners on Chicago avenue, and went to sleep. After a short time the police were notified and Officer Trout brought the prisoner to town, where he was brought before Judge M. Archer, who, after hearing the evidence in the case, decided that about \$2 and costs would about satisfy the demands of outraged justice, and accordingly imposed a fine for that amount on the prisoner, who settled the amount and was released.

WILL INCREASE SALARIES OF RURAL ROUTE CARRIERS

When the Parcel Post Goes Into Effect More Work Placed on Rural Route Carriers.

Under the authority conferred by the postoffice appropriation bill, Postmaster General Hitchcock has increased the salaries of rural route carriers on standard routes from \$1,000 to \$1,100 a year, this effecting 30,000 men, with a proportionate increase to carriers of shorter routes. The order will become effective September 30. This will mean an increased disbursement of \$10,000,000 a year.

At the close of the last fiscal year there were 42,031 rural mail carriers, the aggregate pay being \$40,655,740.

The increase provides rural carriers adequate compensation for additional burdens to be imposed by the parcel post system, effective January 1.

Mr. Hitchcock has directed also that rural mail carriers, on the completion of twelve months' service, be granted fifteen days leave with pay. This will require an additional \$80,000 a year to pay sub-carriers.

This will be good news to rural route carriers, and is the proper caper. The rural carriers earn every dollar they receive, and in the worst winter months deserve double pay.

Antoine Deloria, postmaster at Garden, Mich., knows the exact facts when he speaks of the curative value of Foley Kidney Pills. He says: "From my own experience I recommend Foley Kidney Pills as a great remedy for kidney trouble. My father was cured of kidney disease and a god many of my neighbors were cured by Foley Kidney Pills." For sale by F. G. Fricke & Co.

P. M. Meisinger was in the city yesterday afternoon, having driven in with his sister-in-law, Miss Anna Steppat, who returned to her home near Blair. Miss Steppat has been suffering from an attack of appendicitis for the past two weeks, but is greatly improved now.

RUNAWAY THAT DUMPS MELONS IN THE STREET

William Davis, a farmer living southeast of the city, was in the south part of town today selling a lot of watermelons, and when near Garfield park attempted to turn his team around, when one of the wheels struck a rut, overturning the wagon and throwing Mr. Davis, a small boy who was riding with him, and the melons out into the middle of the street. About this time the team became frightened and ran down Granite street to Lincoln avenue, which they followed until Main street was reached, when they turned west, but were stopped in front of the Donat saloon. The wagon was badly shot to pieces, but it was fortunate no one was injured.

Changing of the Body.

Our body is made of minute cells which are subject to constant changes. Old, broken-down cells die and new cells are born so that in every few years the body has changed entirely. As soon as this exchange stops and not enough new cells are born, disease appears and we must try to strengthen the body and to clean it out thoroughly. The best remedy we can recommend in such cases is Triner's American Elixir of Bitter Wine. It will clean out the intestines and at the same time strengthen them. This will improve the digestion and will prevent fermentation, in the bowels, of the remnants of food. It will purify the blood in a natural and pleasant way, it will create a sound appetite, it will bring a speedy relief in diseases of the stomach and the bowel. At drug stores. Jos. Triner, 1333-1339 So. Ashland Ave., Chicago, Illinois.

Large Crowd on State Fair Special
The state fair special over the Burlington carried a large crowd to the fair, some seventy-five tickets being sold at the station. There was quite a number who missed the special and were compelled to go up on the later train. The train made stops at the stations along the line, furnishing the farmers a splendid opportunity to attend the fair.

MAX HERMAN BOUND OVER TO NEXT TERM OF COURT

Max Herman, who was arrested two weeks ago, charged with selling liquor without a license, was arraigned yesterday afternoon in district court, when he entered a plea of not guilty. The court decided to hold him for trial at the next term of court and the defendant was released on bond for his appearance at the time of trial. H. M. Soennehielsen and R. M. Shlaes signed the bond and Herman was given his liberty. The charge against Herman is a very serious one and it may go hard with him if convicted. J. M. Leyda appeared as attorney for the defendant and County Attorney C. H. Taylor for the state.

Queen Quality Oxfords, the \$3.00 quality, your choice at \$1.25. E. G. DOVEY & SON.

Mrs. Martha Baumeister, who had the misfortune several weeks ago while engaged in picking some plums to fall and break the bones in the left wrist, is recovering nicely from the effects of the fall and will soon be able to use the wrist as well as usual.

BURLINGTON SHOPS VERY BUSY IN ALL DEPARTMENTS

Full Force Employed and Many Extra Hours Put in to Get the Work Out on Time.

The Burlington shops in this city have been having the biggest run of work in recent years and some of the departments have been compelled to work on Sunday to get out the work that has been on hand. The government recently notified all railroads that they must furnish their cars, both passenger and freight, with the latest safety devices, and the Burlington at once started the work of equipping the coaches and cars with them. Among the devices is one calculated to eliminate the pulling out of draw bars on freight and box cars, which often proves very costly to the railroads.

As most of the freight car repairing is done in this city, that department has received the largest share of the extra work, although all departments have been quite busy. This speaks well for the Plattsmouth shops. Superintendent Baird always strives to have the work turned out here to be the best on the system, and they generally succeed in producing it.

The big wheat and corn crops throughout the west has caused the railroads to put every available car in shape for use in moving the crop, and the prospects are that for several months the work on the roads will boom.

Little Miss Marie Hunter, who has been spending the summer at the home of her aunt, Mrs. George Hansen, near Nehawka, returned home Tuesday evening.

Fall Arrivals!

Wool Dres Goods are all here—the swellest line we have ever had. Priced from

-50c to \$2.50-

-Sweater Coats!-
