## ENTIRE \$10,000 SHOE STOCK

### MUST BE DISPOSED OF!

### Stock Must Go! No Matter How Much Loss! Profits Will Be Forgotten to Turn It Into Cash!

As we are positively going out of the Shoe business entirely the balance of our Summer Footwear is turned loose at prices that would make Rome howl and make competition hunt for shelter. It is an upheaval unprecedented, and an earthquake and "merchandise quake" in shoe prices. Crop prospects are good and right now everybody is looking for big profits, but we turn our big shoe stock over to the people at slaughter prices. We have hundreds of high-grade Oxfords that we cannot afford to hold, that will pay you to buy and wear for the balance of hot weather and have something to start on next season. We want to turn them into cash, and if prices will do the work we will get it, for no such SLAUGHTER of GOOD SHOES was ever attempted in Cass County.

The battle is on! There is plenty for all, but *big bargains* go first. Get in line and come at once. We will do our best to serve you, but such slaughter prices has taxed our ability and we ask you to kindly be patient. For everybody will be headed for *our* store till we are sold out.

### -Get in Line! Come Now! You Can't Afford to Miss It!-

Nothing like it ever attempted before in Cass County. This \$10,000 worth of *good shoes* must be disposed of. No such bargains ever were offered. For *cash* you can buy anything in Summer Footwear at less than they cost, and many of our lines are going at  $\frac{1}{2}$  and  $\frac{1}{3}$  regular retail price.
