BOOKS OF PUBLIC LIBRARY TO BE CATALOGUED SOON

From Saturday's Daily.
Word was received this morning that Miss Florence Waugh, from the state library commission, would arrive in the city Monday to begin the work of cataloguing the books in the public library in this city. The library here has a rare opportunity to get this work done for the bare expense of the work, which would cost otherwise close to \$200, and as Miss Waugh is one of the most efficient library workers in the state the work will be done in first-class shape and prove of untold value to the library and its patrons. In the present condition of affairs, if the efficient librarian, Miss Jones, was compelled to give up the work there would be no way of telling anything about the books, as there has been no cataloguing done here, and it is only due to the fact that Miss Jones has been so painstaking in her work that the library has been able to get along as well as it has, and as the chance offered by the state board was too good to pass up, the local library accepted their proposition to do the work. The Plattsmouth library now has over 5,000 volumes on its shelves and it is high time that they were arranged in proper manner, so that the patrons can tell just where to get what they want.

Appointed for Another Term.

At the session of the board of county commissioners in this city this week George H. Tams, the present efficient superintendent of the county farm, was appointed for the year starting March 1. Mr. Tams has been the best man the county has had in charge of the farm for years and his re-appointment will meet with the warmest approval from the taxpayers who have watched the splendid manner in which he has carried on the work at the farm and has made the institution self-supporting. The commissioners are to be congratulated on their choice for superintendent.

JOHN SPECK MEETS WITH ACCIDENT AT THE SHOPS

From Saturday's Daily.
Yesterday afternoon, while engaged in his labors in the Burlington brass foundry, John Speck met with a very painful, although not serious accident. He, with his partner, was engaged in handling some brasses, using large tongs for that purpose. The partner in some manner let his tongs slip and they struck John in the face and cut quite a gash in the side of his nose that required the attention of a physician to fix up.

John H. Becker and wife and son, George, departed Thursday for California, where they will visit for the winter in the various cities along the coast.

"THE SERVANT IN THE HOUSE," PARMELE AT- TRACTION JANUARY 17

From Saturday's Daily.
W. Fredrick Phillips, who is playing "Manson" in "The Servant in the House," which will appear at the Parmele theater Friday, January 17, was until quite recently a minister in a prominent church at Portage Wisconsin. Having seen the play several times, Mr. Phillips came to the conclusion that it was a better sermon than any he had ever been able to preach, and having had considerable experience upon the stage before entering the pulpit, he applied for the part. At first the owners of the play were not in favor of engaging him, fearing it might be offensive to certain classes of people throughout the country, but when they found out how sincere he really was and listened to a few of his arguments in defense of his position, their hesitation vanished. It is said the salary was not considered, as Mr. Phillips feels that he is more than repaid by the good he is doing, for no one can see his wonderful performance without feeling that after all it is better to "do unto others as you would have them do unto you."

Final Settlement Had.

In the estate of the late William E. Dull, in county court today, final settlement was had in the matter and the executor and sole beneficiary of the estate was discharged and the estate wound up.

Ice Crop Not Very Good.

The ice that has been cut so far this season is not of very excellent quality, although of good thickness, but the ice has a very dark and dirty appearance and is not of the usual clear look that the ice generally put up has. If the cold weather continues the dealers will probably be able to harvest the usual amount of ice, as the present cutting is near the old Rocky Point, and with continued cold cuttings can probably be made further out in the river where the ice is clearer.

Repaid for Overcoat's Loss.

From Saturday's Daily.
E. S. Critchfield of Omaha, deputy revenue collector for this district, returned to his home this afternoon, after a business trip here covering several days. Yesterday he went into dinner at the Hotel Riley, leaving his overcoat in the cloak room, but when he came out it had disappeared, some one having put it on and worn it off. The party was traced to the depot at the Junction, but it was found that he had departed on another train. Mr. Dunbar, proprietor of the hotel, settled the loss with Mr. Critchfield, who was loud in his praise of the splendid treatment accorded him by Mr. Dunbar.

SHERIFF QUINTON CONVEYS PATIENT TO INSANE HOSPITAL

From Saturday's Daily.
This morning Sheriff Quinton departed for Elmwood, where he will take charge of Mrs. Belle Bates and convey her to the asylum for the insane at Norfolk. The condition of the unfortunate lady has improved to such an extent that the physician in charge believed that it would be possible to take her to the asylum, where she could receive proper attention, and owing to the fact that the Lincoln hospital was crowded it was decided to send her to the Norfolk asylum.

A Girl's Wild Midnight Ride.

"It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds."
