## FEATURES OF THE STATE SLOGAN

"Made in Nebraska" Exposition  
to Be Held in Omaha for  
Eleven Days.

The educational features of the proposed "Made in Nebraska" exposition, which will be held from March 5 to March 16, inclusive, in the auditorium in Omaha, will impress not only the retail merchant but also those who purchase goods from him. The Nebraska manufacturer has been very fortunate in being able to put before several thousands of Nebraska retailers, in March, through the medium of this exposition, his goods and products. Coming as it does at the 1913 annual convention of the Federation of Nebraska Retailers, the exhibitor will be able to reach a very large number of dealers.

The campaign of the state for exhibits by the officers of the Federation of Nebraska Retailers, reveals the fact that there are many articles made in Nebraska, that are wholly unknown to the dealer and the public at large. For instance, but few realize that there is a can-making plant in Omaha, the only one of its kind in the state; a condensed milk factory at Papillion, the only one here; two motor truck companies; one piano manufacturing plant, manufacturing pianos and musical instruments, and so it goes. Many manufacturing plants are almost unknown in their characteristic features to the public.

It is for this purpose of making people better acquainted with "Nebraska-Made" goods that the exposition is to be held. One of the features of the proposed show will be a twentieth century grocery store. This store will occupy about 800 square feet of space, and will be fitted up with every modern and labor-saving device used in the biggest and finest grocery stores of the country; computing scales; gauging and price-making cheese knives; cash carriers; cash registers; fancy spice and coffee bins; modern fronts; everything that is best will be utilized in this store to show sanitary arrangements for handling food products. It is commendable to note that the largest and best manufacturing plants of the city of Omaha will make an exhibit in this show.

During the exposition proper there will be many special days and features, also a band of forty pieces to furnish music and it is expected that the new Governor Morehead will formally open it by his presence on the night of March 5. This is to be a very big exposition in every way.

## BANQUET TICKETS ARE SELLING VERY RAPIDLY

The tickets for the Commercial club banquet are going like hot cakes, there being about one hundred sold already, and as there will be only 160 plates laid, anyone desiring a ticket had better get busy, as the supply will not last long at the present rate. The speakers for the banquet are among the best in the state in their different lines and the event will be one well worth attending, as some very good ideas can be derived from the different speakers. The Holly orchestra has very kindly donated their services to the club to furnish the music for the banquet, which is a guarantee that this feature of the banquet will be all that can be desired, and with the Methodist ladies serving the "feed" it will prove one of the most enjoyable and profitable gatherings of its kind ever held in this city.

## ANOTHER PLATTSMOUTH BOY CAUGHT BY CUPID

Frank M. Herold and Miss Myrtle Olive Dickson United in the Holy Bonds of Wedlock.

Another former Plattsmouth young man has fallen a victim to the spell of the winsome god of love and joined the ranks of the benedicts. The young man in the case is Frank M. Herold of Lincoln, who was married at Nelson, Neb., Friday to Miss Myrtle Olive Dickson of Lincoln.

The wedding was a complete surprise to the many friends of the young people, both in this city and Lincoln, who had no intimation of the event. The wedding was a very quiet one and the young people at once left for Red Cloud, the groom being engaged in traveling on the road for the wholesale jewelry firm of J. L. Teeters & Co. of Lincoln. Mr. Herold is a son of Mr. and Mrs. James H. Herold and was a resident here for many years, having received his education in the schools in this city, and he has a vast number of friends here who will be delighted to learn of his marriage to this charming young lady, and they will all join in wishing them all the happiness in the world. Mr. Herold is a very capable young man, and during the time he has been connected with the firm of Teeters & Co. has made rapid advancement and is now one of their leading salesmen.

The charming bride is a former Cass county girl, having lived at Elmwood for a number of years, and was also a resident of this city for a short time, and she possesses a host of friends throughout the county and in Lincoln, where she has been an immense favorite in social circles. The young people will make their future home in Lincoln.

## MANY GO TO OMAHA TO SEE MISS ALICE DOVEY IN "THE PINK LADY"

The appearance of "The Pink Lady" in Omaha, with Miss Alice Dovey in the cast, drew a large crowd of Plattsmouth people yesterday to witness the opening performance, and they were well repaid for their trouble, as the play is certainly a musical comedy de lux and the entire company one of the best that has appeared in Omaha in years. The title role in the play is taken by Miss Hazel Dawn, but the chief singing features of the play are given by Miss Dovey, and her voice is one of the finest on the stage today and the clear soprano tones of her voice completely filled the Brandeis theater with their clear, bell-like notes. The show is full of catchy musical hits and some very clever comedy work by Frank Lolor, which made a big hit with the audience. The big hit of the play is the "Beautiful Lady" number, in which Miss Dawn and Miss Dovey are both featured, and it is one of the most beautiful selections in the production. The Plattsmouth people attending were certainly proud of the winsome little singer, who is very proud of the fact that she comes from the city of Plattsmouth, and she received much applause from those attending from this city. Tuesday evening a large party expects to attend from this city, six rows of seats having been reserved for them.

## LARGE AUDIENCE AT THE METHODIST CHURCH SUNDAY

There was a large attendance yesterday morning at the services at the Methodist church, and the pastor gave a most impressive and eloquent sermon on the subject of the grief of Christ at the rejection of His word and teachings by the churches and the world in general and their failure to take up the cause of Christianity throughout the world, and the trend of the people to turn away from rather than to the church. The choir gave several very beautiful numbers and Miss Bertha Jackson rendered a most pleasing solo in her usual charming manner, which added much to the musical portion of the services. It was necessary yesterday to hold the services of the church in the basement rooms as the main auditorium is in the hands of the decorators and it was impossible to use it.

## FINED FOR RAISING A DIS- TURBANCE SATURDAY NIGHT

Last Saturday evening several parties became involved in an altercation near Geise's saloon and finally came to blows, with the result that Chief Rainey escorted them to the county prison, where they were allowed to cool down. This morning the prisoners were haled before Judge Archer at the police court, and after hearing the facts in the case the judge assessed a fine of \$5 and costs against two of the parties, who made arrangements to pay the fines and were released. Alex McQuary was among the prisoners and denied having anything to do with the affair and brought over a witness to testify in his behalf, but the witness stated that Alex had had as much to do with the scrap as anyone else and the judge accordingly gave him a fine of \$5 and costs and he was taken over to the bastille to rest for a time.
